SWIMMING POOL WILL OPEN NEAR DECEMBER 15TH

Present Plans Provide Six Day Program Each Week With Long Hours.

LIFE GUARDS ON DUTY

All Swimmers Must Have Approval of Health Service.

Nebraska's swimming pool will be opened probably about the middle of this month, according to Dr. R. G. Clapp, professor of physical education. If plans are carried out, the pool will be open six days a week, from 8 in the morning until 10 at night. Life guards will be on duty during all free hours and class instructors will be in charge at class periods.

"All persons who expect to use the pool will be required to pass physical examinations and must have a permit from the student health office," Dr. Clapp stated. "Doctors at the health office will be prepared to start the examinations in a few days. Students are advised to report for their examinations as soon as possible. These requirements also apply to the faculty members who wish to use the pool."

"These rules are established in order to protect the student as much as possible from infection," Dr. Clapp said. "All persons suffering from acute or chronic communicable diseases will be barred. Thus, if a person has an acute cold, he will not be admitted until he has recovered."

Instead of the present requirement of two hours swimming for one hour credit, the requisite next semester will be three hours swimming for an hour credit. This will put swimming on the same basis as the other physical education courses. As soon as the pool is opened, the men's classes which are being held at the Y. M. C. A. will be transferred to the coliseum.

DECLARES THERE IS NO LACK OF SPIRIT

Y.W.C.A. Secretary Refutes Idea That Activities Are on Wane.

Miss Miller, secretary of university Y. W. C. A., disagrees with the general idea that the under class women are showing a lack of interest in campus activities this year. She draws her conclusions from the great amount of interest shown in the various departments of the Y. W. C. A. She says, "Give the student the thing that he likes to do, and he will respond with ideas and enthusiasm."

The disarmament conference was handled entirely by students and faculty members. They were responsible for the speakers and the schedule of the disarmament discussions. Miss Miller said that some of the students were at Ellen Smith hall from nine Saturday morning until eleven o'clock that night. She says that this is a great sign of the great enthusiasm that the students will show when they are truly interested.

Morrill Hall Authorities Discredit Idea That Taxidermist Uses Sawdust

BY OLIVER DEWOLF.

The old idea that the taxidermist stuffs an animal skin full of sawdust, and turns out a lifelike specimen, is obsolete, according to authorities in Morrill hall. Along with improvements in the other phases of museum work, the taxidermist now uses up-to-date methods in his work, and consequently his specimens are so natural and lifelike as to make the average person believe he is visiting a zoo instead of a museum.

The work of mounting specimens is in itself an art. Before the skins can be mounted they must be properly tanned. Even before this, accurate measurements must be taken of the animal in order that the mounted specimen may be accurate in all details. In one case the preparator had to take seventy measurements before he could mount a lioness to his satisfaction. This work, however, is only a preliminary to the task of preparing the specimen.

First an exact model of the animal is molded in clay. In doing this they model the body to fit the skin, the reverse of all established taxidermy methods. Over the clay model the preparator places a carefully constructed plaster paris cast. This cast is allowed to set,

EASTERN TEAMS FORCE DROP IN BIG SIX SQUAD

Pittsburgh and Temple Grid Squads Smother Huskers And Mizzou Tigers.

TEMPLE WINS 38 TO 6

Cornhusker Odds Drop for Charity Battle With Colorado Ags.

By MURLIN SPENCER.

Big Six football prestige took a severe setback during the Thanksgiving holidays as two of the conference members playing inter-sectional games went down to defeat on the low end of heavy scores.

Nebraska's trip to Pittsburgh resulted in a comparatively weak Washburn eleven 22 to 0. Nebraska found one of the strongest Pittsburgh elevens in years waiting for her as she journeyed back to the Smoky City for the Thanksgiving day clash. Pitt was the favorite before the two teams took the field, but no one foresaw an overwhelming victory for the Panthers.

Aerial Games Function.

Warren Heller, one of the east's leading scorers and Michael Sebastian, substitute halfback, sliced thru the Husker line almost at will, and when tiring of that, flipped accurate passes for scores.

Nebraska was unable to match the speed of the light Pitt backs or check the power of the all-around line, and the game turned into a rout with the Panthers scoring almost at will.

Only once did the Cornhuskers threaten to count and that was in the second period when they advanced the ball 81 yards to the 5-yard line thru a series of forward passes. The secretary, Torrey, substitute center, intercepted it to end the only Husker threat.

Temple Too Good for Missouri.

Missouri found Temple university far too strong for their team weakened by injuries. The Tigers held a short lead early in the opening period when Hatfield raced 51 yards to a score, but outside of that the game was entirely up to the Owls.

"Fambling" Ralph Graham ran wild as the Kansas Aggies took the measure of Washburn 22 to 0, scoring two touchdowns all in the second half. The Ichabods held the Aggies to no scores during the first half, but the power plays of Kansas began to click after the first quarter.

Two champions will meet Saturday afternoon in Denver stadium as the University of Nebraska and the Colorado Agricultural college clash in a charity game. Nebraska, Big Six champions, and Aggies, Colorado champions, will do their bit in relieving the unemployment problem of the two states.

Nebraska will meet a greatly improved Colorado eleven Saturday, and after its overwhelming defeat at the hands of Pittsburgh Thanksgiving, is given only an even chance to win.

Spirit in the camp of the Huskers has risen, however, and they vow that if any team is to give to charity it will be the Colorado Aggies. The game is expected to draw a crowd of approximately 25,000. This is the first time since 1909 that Nebraska has journeyed out to the home of their western neighbors, and the contest is acclaimed as the feature inter-sectional tilt of two decades for that region.
