Will Vest-Pocket Words of Winchell Change Language?—Profs Disagree

(By the Raymond Service.) "Whoopee", "gaga", "Renotriety", and other newly invented words of the Walter Winchell variety, have their chance, along with other colloquialisms, dialect terms and verbal shortcuts, to take a permanent place in our language, according to eleven of a group of forty college professors of English who responded to an invitation to discuss the probable effect of "Winchellizing" on our everyday speech. Only three of those who ventured opinions on the subject professed themselves to be unfamiliar with "America's greatest gossip", and his breezy chatter, which is disseminated through his writing and radio broadcasts. Opinions varied from that of Prof. H. W. Ward of Coe college, Iowa, who thought "Winchell's many racy expressions and often startlingly apt new coinages will make a very considerable impression upon our vocabulary," to the indignant pun of Prof. J. W. Rankin of the University of Missouri: "Winch? Hell no!" At the suggestion, however, that Winchell's vest pocket words, expressing what might otherwise take a sentence or paragraph, are on millions of tongues the day after they are coined, Professor

MERRY CHRISTMAS!

Christmas for me has always been associated with thoughts of home, father and mother, brothers and sisters, friends and the Spirit of the Christ. To me Christmas means giving, doing, encouraging, loving and sacrificing. It takes all of these to make Christmas for me.

The world is sick! Never could the spirit of Christmas do more good than now. May the spirit of Christmas enrich your vacation.

I wish you all a very Merry Christmas and a Happy New Year!

MISS CHADWICK SPEAKS

Campus Women Voters Hear Editor of League's Publication.

Miss Marcia Chadwick, editor of the paper of the Nebraska League of Women Voters talked to the members of the campus League of Women Voters at their weekly meeting in Ellen Smith hall, Thursday afternoon at 4 o'clock.

Miss Chadwick told about the work that has been and is being done in the state league, and some of the problems which are of especial interest to university women.

Following Miss Chadwick's talk, a general discussion was held in which the girls took part, asking questions about any of the points which were not clear to them.

After the holidays, the programs of the league will continue with discussions of the present day situation unemployment. This topic holds a great deal of interesting possibilities and all of the members are asked to attend and bring their friends for some interesting meetings.

Registration of all new applicants for 1932 high school and elementary positions which was conducted Tuesday, Wednesday and Thursday by the University of Nebraska bureau of teacher placements, reached a total of 320.

During the corresponding period last year 327 registrations were recorded, which, compared with the figures for this year, shows a decrease of only seven.

Tuesday registrations reached the highest daily total when 120 applications were filed. Both Wednesday and Thursday registrations totalled 100 each.

Candidates for teaching positions may register after the holiday recess on Mondays and Thursdays. A number of re-registrations are expected to come in at this time.

OVER FIFTY SEE DRAMA

Kappa Phi's Present "The Nativity" Thursday Evening.

A crowd of over fifty people witnessed the presentation, by members of Kappa Phi, of a Christmas play, "The Nativity," at Emmanuel Methodist church, December 17. Colored lights added to the effectiveness of the tableaux, and the birth of the little Christ child was simply and beautifully depicted.

Marie Davis, program chairman for the group, was in charge of arrangements and rehearsals. Those taking part in the play were the Misses Frances Brown, Ruth Corber, Jane Forney, Wilma Bute, Annabelle Starnard, Carolyn Lathrop, Beatrice Fee, Leila Irwin, Celesta Trate, Dorothy Bell and Mildred Williams.

Rankin admitted: "Sad, but true." "Prof's Enjoy 'Winchellizing'." Other English professors, on the other hand, who did not concede that "Winchellizing" would affect the language permanently, confessed that they themselves enjoy his gossip and his high handed treatment of the language of Chaucer and the declaration of independence. The tone of replies ranged from amusement to anger.

"Unfortunately, if any," commented Prof. Alvin Thaler of the University of Tennessee, on Winchell's influence on our speech. "Corrupting," was the term used by Prof. J. H. Chamberlin of Marietta college, Ohio. Prof. F. T. Baker of Columbia university thought the wide broadcasting of racy expressions like Winchell's gives us a "more picturesque language," even if his words are short lived. "No one can say that some of the Winchell contributions may not filter into accepted use," wrote Prof. Percy H. Boynton, of the University of Chicago. "Many will doubtless find a place in the standard dictionaries, but in most, if not all cases, merely as forms of slang," according to (Continued on Page 4.)

STATE COLLEGES ARE CONSIDERING ARMS REDUCTION

Nebraska Schools Report Action Taken After Conference.

CHADRON PLANS MEET

Normal Will Hold Conclave On Model of Session Held Here.

Recent responses from colleges in Nebraska state student disarmament conference here indicate that many groups are considering the problem in the light of information received at the conference, according to Meredith Nelson and Berenice Hoffman, chairman of the conclave.

O. W. Carrell, president of Nebraska Central college at Central City, in a letter to the committee states his impression of the conference.

"I wish to thank you very much for your kindness in sending me full information concerning the plans of the recent Nebraska Student Disarmament conference. I wish to report at this time that the members of our delegation from Nebraska Central college very much enjoyed this conference and brought back excellent reports concerning it. In our chapel exercises on Monday morning following the conference, reports were given by three of our students. Miss Huxford, Miss Farrell and Mr. Marsh. Professor Crosbie was in general charge of the chapel exercises.

I am sure that this conference was a very valuable thing in furthering public opinion in favor of international disarmament.

You will be glad to know that one of our former graduates, Miss Mary Ida Winder, who was present at the conference, was a recent visitor at our college and spoke to our students at that time.

Again thanking you for your kindness in these matters, I remain, (Signed) O. W. Carrell, president.

Chadron college reports that there has been a great deal of discussion on the subject on their campus. The college is planning to hold a model disarmament conference on that campus, cooperating with the teacher's colleges in the vicinity in Nebraska and neighboring.

The meeting will resemble the sessions held in Lincoln, and have been scheduled for the spring.

Following a similar scheme, Hastings college is planning to hold a conference in their chapel. They will present the views of the many nations represented at the state conference so that discussion groups may consider them later.

Margaret Upton met the girls at the door and gave them tags that were in the form of little Christmas trees. Juliette Deetkin had arranged for social dancing and this kept the girls busy until dinner was served.

The Delta Gamma trio sang three numbers after the guests had eaten; they were accompanied by Katherine Warren, who with Ardeth Fierce, had planned the program. Members of the board served the dinner and many of the Big Sisters sat with their little sisters. Tickets which were not sold and the money for those sold should be turned in to the board members before vacation.

NEBRASKA LOSES BY 31-27 COUNT

Brilliant Offense by Romney and Nelson Gives Edge To Visitors; Henrion Leads Scorers With Four From Field and One Free Toss.

SCARLET RALLY IN LAST MINUTE FALLS SHORT

Sauer and Henrion Chalk up Six Markers in Closing Seconds to Almost Pull Game Out of Fire; Koster Shines at Guard.

BY JOE MILLER.

Flashing a strong passing attack plus a pair of giftde shots in Homney and Nelson, the Brigham Young basketeers edged out a fighting Nebraska quintet by a count of 31-27 last night on the coliseum floor.

With but a minute and a half to play the Huskers trailing by a 31-20 score staged a furious rally that netted three field goals and a gift toss. The Utah boys merely stalled the remaining seconds to clinch the game.

Elwood Romney, All America forward, was high point man for the winners with an even quartet of field goals. He received able assistance in the shooting departments, however, from his teammates Nelson and Garn who contributed fourteen markers between them.

Nebraska clicked much better against Brigham Young than they did against South Dakota last week, their passing being greatly improved. The Huskers had the basket eye the first half, but could not seem to locate the hoop in the final canto.

Henrion played a dazzling game at forward for the Huskers, ringing the hoop for four goals and a gift toss in addition to displaying a good floor game.

In runnerup position for Nebraska scoring honors was Mason, sophomore guard who converted four gift shots and a two pointer for a total of six tallies.

The first half was a nip and tuck battle with the Huskers ahead until the last minute of the first period when Romney and Evans came thru to put the Cougars in the lead 18-14 at half time.

Koster drew first blood when he showed in a free throw, followed a moment later by Mason's close-in shot. George Sauer sank one from the side, a little later, Nelson, (Continued on Page 4.)
