

TWO ORCHESTRAS SCHEDULED PLAY FOR PROM DANCE

Beck's, Jungbluth's Sign to Play for Closing Fete of Dress Season.

KFAB WILL BROADCAST

Leaders Cooperate in Plan Give Proceeds Drouth Stricken Area.

Two Lincoln orchestras, Eddie Jungbluth's and Leo Beck's, have been signed to play for the annual Junior-Senior prom, March 6, according to an announcement made at the committee meeting last night by Art Pinkerton and Gertrude Clarke, members of the committee.

Leaders of both orchestras, cooperating with the committee in carrying out the plan of reducing costs as much as possible to donate the proceeds from the prom to charity, made a substantial reduction in their prices for the evening. "I think that both Eddie Jungbluth and Leo Beck have shown a very fine spirit of co-operation in helping the committee to make the prom a success, and I want to express my gratitude for their action," Bill Devereaux, co-chairman of the committee, stated after the meeting yesterday.

Arrangements have been completed with radio station KFAB for broadcasting the events of the prom. The station will broadcast from the coliseum for the greater part of the evening.

Plans for the decoration of the field house for the prom are being considered and worked out by the committee. A definite announcement of the plans and details will be made as soon as arrangements have been completed.

Posters and announcements of the prom have been prepared and will go to press tomorrow, according to an announcement made at the meeting. They will probably be distributed Wednesday or (Continued on Page 4.)

SOPHOMORE GIRLS TO ENTERTAIN WITH TEA

Informal Fete Thursday at 4 Planned Stimulate Friendliness.

Members of sophomore commission are entertaining all sophomore girls at an informal tea Thursday, Feb. 25. The affair will be held at Ellen Smith hall from 4 to 5:30 o'clock.

The tea has been planned to promote friendliness between classmates on the campus, say commission members, who hope that the four hundred girls who comprise this class will all attend.

"I am glad that the sophomore commission girls have invited their classmates to come in with them and hope that this novel tea will be an attraction for every one of the four hundred sophomore girls in school," said Miss Bernice Miller, secretary of the University Y. W. C. A. "I can heartily recommend the sophomore commission groups as hostesses to their sisters since I have attended some of their previous parties."

The commission consists of about sixty girls, who meet once a week and hold discussions on various subjects.

Those in charge of the arrangements are: Margaret Ward, Alpha Delta Theta, and Elaine Woodruff, general arrangements; Helen Rice and Louise Hossack, Gamma Phi Beta, refreshments; Willa Norris, Gamma Phi Beta, and Rosalie Lamme, Delta Delta Delta, publicity.

Freshman Advisors in Three Colleges Explain Uses of Psychological Tests in Helping Solve Student Problems

By PHILLIP BROWNELL.

The use of psychological tests which received its greatest impetus during the World war when hundreds of thousands of soldiers were tested and classified, has since the war been extended to other fields, and the tests are now being used extensively in educational institutions. The results of tests given to students are made use of in varying degree, from use only experimentally to use as the basis for allowing entrance to a school or college.

The tests, commonly known as intelligence tests, have had to work against the prejudices and suspicions of those who have believed that they were attempts to brand individuals as "dumb" or "smart." Most of the modern tests are not administered with that purpose in view but rather as an attempt to discover some of the possibilities of an individual, and in the case of students, to help them in their work.

With this latter primary purpose in mind, three of the major colleges of the University of Nebraska have developed to considerable extent within the past two or three years the use of psychological testing as an aid in orienting freshmen, and as providing a basis for advising delinquent students. The College of Arts and Sciences, the Teachers' college, and the Engineering college give the

PROFESSOR BAER IS INJURED IN ACCIDENT

Ag Teacher in Critical Condition Doctors Say This Morning.

Prof. Alva A. Baer, sixty-two, of the agricultural college faculty, was in critical condition at Lincoln General hospital early Tuesday morning from crushing head injuries suffered shortly before 9 p. m. Monday when he was struck at 15th and M by a car driven by Kenneth G. McCormack, twenty-four, 300 So. 16th.

Professor Baer, who is an assistant professor of agricultural engineering, suffered possible fractures of the skull, deep lacerations across the head and face, a crushed nose, and several fractures of the right clavicle, according to Dr. I. C. Munger, sr. The physician termed Professor Baer's condition "very critical." Dr. I. C. Munger, jr., and Dr. George W. Covey are also attending physicians.

Professor Baer had attended a dinner at the Scottish Rite temple celebrating Washington's birthday and was crossing 15th street on the south side when the accident happened. McCormack, who was driving south, said he did not see the professor until he was nearly in front of the car. The left front fender of McCormack's car struck Baer and whirled him around, throwing him forcibly to the pavement.

INTRAMURAL DEBATE FAVORED BY WHITE

Forensic Coach Comes Out For Interfraternity Word Battles.

PICTURES ADVANTAGES

Prof. H. A. White, varsity debate coach, expresses the opinion that intramural debate at Nebraska would be a good thing. "It would be good training for the boys and would give good practice for inter-college debate," says Mr. White.

Such debates usually help to stir up student interest, continued Mr. White. Work in debating is of assistance to the student in organizing material and checking up on his own lines. An opponent is likely to bring out errors in thinking and this is helpful to prevent such errors in the future.

The nearest approach to intramural debates on this campus is found in the class debates which were held some years ago. The junior and senior classes held debates as did the sophomore and freshman classes. The winner of these contests held a final debate to decide the inter-class champion.

"Some colleges have literary meetings during the weekly fraternity meetings," says Professor White. This was previously the case at Nebraska, when there was a literary program preceding each meeting. These programs lasted from a half hour to three-quarters of an hour and consisted of a debate, a reading of verse or essays. This practice was discontinued about twenty years ago, probably because of the growing social interest crowded out the more scholastic form of meeting, the forensic coach explained.

In reference to the question, why women are excluded from inter-collegiate teams on this campus, Professor White says: "The main reason for the exclusion of women from the intercollegiate team is that there has never been sufficient interest among the women students to afford enough material for a women's debate team. It would be almost impossible, from a practical point of view, to have both men and women on the same team."

"In the first place," continued Professor White, "the men do not like to debate on a team with women. In the second place most of the debates take place out of town and, unless it is impossible, the team goes alone. If women were allowed on the team it would be necessary to include a chaperone on all of these trips."

ENGINEER ROUND UP PROGRAM TO OPEN WEDNESDAY

Second Annual Celebration Culminates in Dinner Tomorrow.

HARRINGTON TO SPEAK

Registration at 9 Opens Activities; Ferguson Heads Plans.

Addresses and discussions culminating in a banquet at the Cornhusker hotel at 6 o'clock will mark the second annual Engineers Roundup program, which will be held Wednesday. John L. Harrington, a consulting engineer of Kansas City, will be the principle speaker at the banquet. His subject will be "Has Industrial Management Kept Pace With Invention and Increased Efficiency?" "The purpose of the meeting is to bring before students every-day problems in engineering and to promote a closer alliance between students in the school. The program for the second annual Engineers' Roundup has been conceived with the idea of forcefully placing present conditions and problems in the minds of the group. Every engineering student is invited and urged to attend the program," Dean O. J. Ferguson stated.

The program will begin at 9 o'clock and will continue for the rest of the day. Registration for the day's activities will take place in M. E. building in room 206 before the program commences. A luncheon will be held at the chamber of commerce, followed by a discussion. The banquet will conclude the program.

Other speakers on the program are: Chancellor E. A. Burnett, E. P. Brown, director of Kansas City U. S. Federal Reserve bank; C. D. Porter, vice president and general manager of Omaha-Council Bluffs Railway company; Clyde Dempster, president Nebraska Manufacturing Association; John E. Curtis, Manager, Lincoln plant, Iowa, Nebraska Light and Power company; and W. M. Wheeler, City Engineer of Grand Island.

Dean O. J. Ferguson is chairman of the general committee in charge of the affair while Mark T. Caster heads the program committee. Other chairmen on various committees are: V. L. Hollister, Donald D. Pierce, H. F. Holtz, C. F. Fowler and R. M. Green.

KERL TALKS ON RUSSIA BEFORE AG STUDENTS

200 Hear Illustrated Lecture On Five Year Plan Last Friday Afternoon.

Over 200 college of agriculture students were present at the assembly in Ag hall Friday afternoon to hear Thomas T. Kerl give an illustrated lecture about Russia and her five year plan. Kerl comes from Oakland, Neb. It was while he was a member of the international soil science commission that he became interested in Russia. Kerl traveled with the group there from Leningrad to Baku in 1930. While there he accumulated many pictures of conditions in the country and used them in his lecture Friday.

Russia has made remarkable progress with her plan thus far, Kerl declared. He said that she is apt to be more successful in the future. He compared the country with a small child in its early stages of development, saying that mistakes were being made but progress is also being made.

ROBINSON ISSUES EARLY COPY CALL

Awgwan Editor Announces Spring Motif; Comic May Be Bigger.

All contributors for the March issue of the Awgwan are urged to begin work on material at once according to Editor Marvin Robinson. The deadline for this issue will be within the next two weeks and it is necessary that material be prepared early.

"Plans are underway to increase the size of the magazine and this will require a great deal of additional material," Robinson said. The March issue features a Spring motif.

"A large amount of exchange material has been pouring in from the Punch Bowl, Princeton Tiger, Georgia Tech Yellow Jacket, and a great many more magazines. It is quite possible that an exchange number may be printed later on containing material from the best comic magazines," Robinson stated.

Comic Sheet Business Staff Asked to Meet

All members of the business staff of the Awgwan have been requested to meet Tuesday afternoon at the office at 3 o'clock, when plans for the March edition will be announced. Art Mitchell, business manager, declared it was imperative that all solicitors either be there or communicate with him at noon.

Drawing Teacher Advises Girls to 'Be Themselves'

"A girl should emphasize her individuality above everything," says Miss Katherine B. Faulkner, instructor of drawing and painting in the University of Nebraska. "She should go out for everything that increases her personality along that line, whether it be for sports or for jazz parties."

Miss Faulkner believes that every individual has certain characteristics of his own that he should develop and enlarge upon, which will make his life happier and more interesting. "Be your own self and get the most out of life possible," she advises. "By this latter I mean to fill your life full of the beautiful things of life such as art and music. If a girl especially enjoys sports, go out for them in a big way. That is the way that she will be happiest," continues Miss Faulkner.

To the question of whether a girl should use cosmetics or not, Miss Faulkner says: "I think a girl should use cosmetics. They should be applied in a way that will increase her personality and individuality, and make her outstanding. Cosmetics increase a girl's charm if they are applied rightly."

"Every individual is true to himself," says Miss Faulkner, "he needn't fear the community. Therefore, Be Individual!"

MODERN GIRL SHOULD TURN TO HOMEMAKING

Director Paul H. Grummann Denounces Business Life for Women.

SHOULD TAKE FINE ARTS

Modern woman has made a great mistake in her neglect of the fine arts and the business of homemaking, believes Director Paul H. Grummann, of the Joslyn Memorial at Omaha, former director of the university school of fine arts. He set forth the seriousness of her error in an address at the Memorial recently, and declared that she had sold her birthright of culture and sponsorship of the fine arts for present-day business efficiency and economic security.

The magnitude of her responsibility is emphasized in Mr. Grummann's statement that "if the coming generation is to have any taste—that inborn taste that comes from a cultured background—the mothers of that generation must tend to it."

"In order to earn her living for the few years that precede marriage," he declared, "the modern woman is neglecting those things she will need most in her real career—motherhood and wifehood. It is far more important that women be trained for the home than that they be trained for the business world. In most cases a woman will business anyway. Then she will marry and find that she has learned nothing of the things that go to make the finest wife and mother. Women must come back (Continued on Page 2.)

ROUND HEADS PUBLICITY

Farmers Fair Manager Fred Meredith Announces Appointment.

George Round, senior in the college of agriculture and a major in agricultural journalism, was named today as publicity director for the 1932 Farmers Fair to be held on the Ag campus Saturday, May 7. The newly appointed publicity director will work directly under the promotion committee, according to Manager Fred Meredith. Eva Buel is chairman of the promotion committee while Helen Hengstler and Reuben Hecht are associate members.

Round is a member of Sigma Delta Chi, professional journalism fraternity, Daily Nebraskan staff, former editor of the Cornhusker Countryman and works part time for Extension Editor Lux in getting out publicity for the college of agriculture. He writes a column, "Hayseed and Haywire," for the Lincoln Star and also once a week on the farm page.

Plans for the 1932 fair are rapidly being made, the committee says, although the senior fair board has failed to reveal anything of a definite character as yet. Prof. R. D. Scott of the English department is helping direct the pageant which will show how agriculture has developed throughout the state.

CAMPUS CALENDAR

Tuesday.
Pershing Rifles, 5:00, Nebraska hall.
Glee club rehearsal, 7:00, Morrill hall.
Address by M. L. Frederick on "Business Conditions As Affecting Employment of College Graduates," 8:00, 11:00.
Swimming exhibition at Coliseum pool, 4:30.
Wednesday.
Glee club rehearsal, 7:00, Morrill hall.
Pharmaceutical banquet—Annex cafe, Wednesday evening at 8:30 o'clock.
Musical convocation at Temple theater, 4:00.
Bizad Executive meeting in Dean LeRossignol's office, 5:00.
Bizad Executive Meeting in Dean LeRossignol's office, 5:00.
Thursday.
Glee club rehearsal, 7:00, Morrill hall.

KOSMET CHOOSES COMMITTEES FOR 'JINGLE BELLES'

Klub President Devereaux Announces Personnel For Show Work.

NAME CAST THIS WEEK

Final Tryouts for Chorus Scheduled for Tonight Says Group Head.

The business staff and the personnel for the Kosmet Klub production "Jingle Belles" was announced by Dick Devereaux, president of the organization, after the eligibility of the men selected had been checked at the dean's office yesterday.

"The Kosmet Klub feels that it will have the assistance and the backing of the entire school in this year's show. A competent staff has been selected and work on all phases of the production will commence immediately," the president stated.

Final selections for parts in the male and pony choruses will be made at the Temple theater in room 203 at 7:30 tonight. The same judges that viewed the original tryouts will choose the members of the choruses.

Devereaux is to have charge of the committee on production. The business staff is to be headed by Ed Faulkner. Publicity will be managed by Bill McGaffin and the scenery will be managed by Norman Hoff. Costumes and makeup will be under the supervision of Art Pinkerton and Joe Alter and Jim Douglass will take charge of the music. Properties will be handled by Charles McCarl.

Announce Cast This Week.
"If it is impossible for any students interested in trying out for parts in the choruses to be at the final selection tonight, arrangements may be made for a special tryout by getting in touch with me at the Kosmet Klub rooms," Devereaux said.

The entire cast for the show will be announced on Thursday or Friday of this week, according to Klub officials, and if any student especially talented in tap dancing or in other specialty numbers wishes to try for a place in the show, arrangements may be made by reporting to the Kosmet Klub rooms this afternoon.
Music is still being called for by (Continued on Page 2.)

WALKER SPEAKS AT PRESS GROUP MEET

Journalism Director Tells of Plans for Survey of Advertising.

Announcing plans for a state advertising survey to be made for the depression years of 1929, 1930 and 1931, Gayle C. Walker, director of the School of Journalism, spoke before the members of the Nebraska State Press association, at a noon meeting held Saturday at 12 o'clock.

The survey is to be of selected representative weekly newspapers in the state and will be conducted by one of the classes of the university. The daily newspapers already have records of the volume of advertising for the depression years.

Parke Keys, former secretary of the association was reappointed secretary and field manager. Mr. Keys is a member of the class of '24 and is affiliated with Phi Gamma Delta.

Lyman P. Cass, S. J. '29, editor of the Ravenna News, was appointed to the board of directors.

FIVE COEDS ENTER PONY SHOW TRIALS

Girls Will Show Shetland Ponies at Junior Ak-Sar-Ben.

Five University of Nebraska coeds have definitely entered the shetland pony showmanship contests to be held Saturday evening in conjunction with the annual Junior Ak-Sar-Ben to be held on the college of agriculture in the judging pavilion.

Floyd Hedlund announced that the five girls entered in the contest are among the most popular upon the college of agriculture campus but declined to give out their names, which will remain secret until either Friday or Saturday, he said.

Though the Block and Bridle club which is sponsoring the annual livestock show for college of agriculture students has not definitely decided upon what prizes shall be awarded the winner in the coed contest, an announcement is expected to be made in regard to the matter by Manager Fred Siefert within the next day or two.

WELL DRILLERS TO MEET ON MARCH 3, 4

Burnett, Condra, Lugn and Ferguson Scheduled for Addresses.

The fourth annual short course and convention of the Nebraska Well Drillers' association will be held on March 3 and 4 at the University of Nebraska under the direction of the state geological survey and the United States geological survey.

Talks will be given by chancellor E. A. Burnett, L. A. McLean, president of the association, Dean G. E. Condra, director of the conservation and survey division of the university, Dr. A. L. Lugn of the department of geology at the university, A. G. Fiedler of the United States geological survey and O. J. Ferguson, dean of the college of engineering of the university.

One of the features of the meeting will be the report of Andrew Olson, Oakland, and S. C. Mook, Walton, on the meetings of the national convention of the American Association of Water Well Drillers which was held in Urbana, Ill., March 18-20, 1931.

A banquet the first evening will also be feature of the program, and will be given by the distributors of water well drilling equipment.

ANNUAL CHINA DRIVE TO START SATURDAY

Y.W.C.A. Activities Centered On Plans as Chinese Workers Arrive.

DR. T. Z. KOO TO SPEAK
With the arrival of prominent workers in China on the Nebraska campus this week, the activities of the Y. W. C. A. will center about the Nebraska-Shanghai drive, which is conducted annually. Proceeds form a gift which is sent to China to support the Y. W. C. A. in that country.

Dr. T. Z. Koo, a native of China who is student secretary of the Y. M. C. A. in that country and vice president of the Student-Volunteers, will arrive on the campus Saturday. He will speak at a luncheon at the Grand hotel, Saturday noon. This luncheon will take the place of the regular Wednesday noon meeting of World Forum. He will also speak Saturday afternoon from 3 to 5 o'clock at Ellen Smith hall.

Miss Lela Hinkley, of Pieping, China, will also come to the Nebraska campus on Saturday. Miss Hinkley has been with the Y. W. C. A. in China and has returned to the United States for a visit. She will speak at an all girls' convocation at the college of agriculture Tuesday at 1 o'clock and will be the speaker at Vespers at Ellen Smith hall, Tuesday at 5.

The drive will begin Saturday noon and will continue through Wednesday. Miss Jane Robertson of the cabinet has been appointed general chairman. Jane Boos and Gretchen Schrag comprise the social committee. The finance drive will be headed by Evelyn O'Connor and E. Bash Perkins. Helen Cassidy has charge of the exhibits. The program committee is composed of Virginia Larson and Julia Simanek. Opalie Duhacek is in charge of the drive on the college of agriculture campus.

For eighteen years Nebraska has conducted a similar drive and sent a gift to China to support the Y. W. C. A. there. The donation is in memory of Grace Coppock, a graduate of Nebraska, who was the national general secretary in China.

Iowa Girl Elected to Head Home Ec Group

At a regular Home Economics board meeting, Friday, Beatrice Donaldson, a junior from Boone, Ia., was elected program chairman of the Home Economics association to take the place of Berenice Preston, who was unable to return to school on account of illness.

Miss Pound, English Professor, Reveals Tales of Times When She Had Tennis, Bicycle, Golf Titles

By GRETCHEN SCHRAG.

"At present about the only prestige a girl can win is to be made by men students a 'sweetheart,' or 'prom girl' or 'queen of the west,' and this not for achievement or skill or superiority of some kind but by masculine selection, mostly on the basis of personal appearance or clothes."

Such is the opinion of Miss Louise Pound, professor of English. Miss Pound has ably exhibited to the world at large that women can be distinguished in other fields than those of personal appearance and popularity.

In addition to being nationally known for her work in English she has been recognized many times for her outstanding ability in different fields of sports. Miss Pound has held state championships in four sports: tennis, golf, skating, and cycling.

"I was the first woman in Nebraska to ride a hundred miles on the bicycle in twelve hours and was the only woman, so far as I know, to have a string of bars from the Century Road Club of America for many century runs besides the first one. For riding 5,000 miles in a season I was awarded a Rambler gold medal," says Miss Pound.

Miss Pound has held eleven championships in tennis. She was city tennis champion in 1890. In 1891 she won the women's state

TODAY'S POLLING DETERMINES MAY QUEEN SELECTION

Junior and Senior Women Vote at Ellen Smith From 9 to 5.

VICTOR REIGNS IVY DAY

Senior Girls Also Nominate Candidates for Mortar Board Posts.

Junior and senior women will go to the polls today to elect the 1932 May Queen and her maid of honor and thirty prospective candidates for Mortar Board, senior women's honorary.

The polls, which are this year located in Ellen Smith hall, will be open from 9 until 5 o'clock; polls on the college of agriculture campus in the Home Economics parlors will be open from 10 to 2 o'clock. Active members of Mortar Board will be in charge of both polling places throughout the day.

Both senior and junior women are eligible to vote for May Queen. Only one candidate is voted for, the girl totalling the second highest number of votes for May Queen being automatically elected maid of honor. The only qualification necessary for a girl to be eligible to be a senior she is accredited with one B activity according to the A. W. S. point system.

Only senior women are eligible to vote upon the candidates for Mortar Board, and they will be instructed to vote for not less than 5 nor more than twenty women candidates for membership to the honorary. The votes will be counted by a committee of Mortar Boards supervised by Miss Elsie Ford Piper and Miss Pauline Gellatly, sponsor and advisor of the organization, and names of thirty women totalling the highest number of votes will then be checked with the registrar's office for scholarship.

The primary requisite for membership in Mortar Board is high scholarship. No girl, irrespective of number of votes she polls in the election today, who does not have (Continued on Page 4.)

UNIVERSITY LIBRARY ACQUIRES NEW BOOKS

Twenty-five New Volumes On Variety Of Subjects Put On Shelves.

The following books are recent acquisitions of the university library:

SOCIOLOGY.
Upson and Matson, Crippled Children in Michigan, 1931.
Murphy, Gardner, Experimental Social Psychology, 1931.
Reactor, F. L., Health and medical service in American reformatories, National Society of Penal Information, 1929.
McCormick, A. H., The education of the adult prisoners, National Society of Penal Information, 1931.

LIBRARIES.
American Library Assoc., Education committees, a handbook for teacher-librarians, 1931.
Streeter, B. H., The chained library 1931. Brooks, Constance, Antonio Panizzi, 1931.

TAXATION.
Hutchinson, State administered locally shared taxes, 1931.
National industrial conference board, Unemployment insurance, 1931.

WORLD COURT.
Hudson, M. O., The World Court.

BUSINESS METHODS.
Serg, R. M., Bibliography of management literature, American Association of Mechanical Engineers, 1931.

BIOGRAPHY.
Cutler, W. P., Charles Ammi Cutter, 1931.
Bolt, Halvdan, The life of Ibsen, 1931. 2 volumes.

Wais, The life and teachings of Ludwig Heizer, 1930.
Warshaw, R. I., Alexander Hamilton, 1931.

HISTORY.
Boehmer, Heinrich, Luther and the reformation in the light of modern research, 1930.
