EIGHT STUDENTS CHOSEN TO CAST OF KOSMET SHOW

Selections Made for Leading Roles in 'Jingle Belles' After Tryouts.

CHORUSES STILL WORK

Final Choices Delayed for Parts in Dancing and Singing Groups.

Eight students have been selected to play character parts in "Jingle Belles," 1932 Kosmet Klub show, according to an announce ment made yesterday by Dick Devereaux, president of the Klub. All parts were chosen after tryouts held last week.

The eight chosen are: Pat Mc-Donald, Carl Humphrey, Russell Mousel, Byron Bailey, Roger Wilkerson, Neil McFarland, Art Wolf, and Roger Wolcott, As announced last week, Herbert Yenne will play the leading character role, that of Mrs, Judith Barry, a society wom-an of about fifty, with youthful ideas and fashionable dress.

The final selection of members in the two choruses has not yet been made, but the group has been cut to twenty-three students. Twenty of these will be picked for the choruses as soon as possible. Rehearsals in the choruses will continue, and the character parts will begin practice immediately. Pat McDonald Has Part.

The part of Helen Barry will be played by Pat McDonald, Lincoln, Sigma Chi, Business Administration senior, who had the role of Sheela in last year's show "High and Dry." Helen Barry is a twenty year old senior at the university and is engaged to Tom Randall, also a senior.

Carl Humphrey, Mullen, Delta Sigma Phi, Arts and Science college junior, is Mrs. Barry's son Donald. Donald Barry is about nineteen years old and is a sopho- be more than glad to fill out an more in the University of Ne-

TASSELS IN CHARGE OF 1932 YEAR BOOK DRIVE

Monday Opening Day Final Cornhusker Sales; Set Deadline Saturday.

ORDER TO PRINTER SOON

The spring sales drive for the 1932 Cornhusker will start Monday, Feb. 29 and continue through Saturday, March 5, Russell Mousel, business manager of the annual, announced yesterday. This is the final sales drive and it will be in charge of the Tassels, women's pep organization.

This is the last chance that students of the university, or any others who may want one of the books, will have to purchase a copy. Following the plan used last year for the first time, every effort is being concentrated on this drive to give all those who have not by this time placed their order with the Cornhusker staff a chance to get in before the dead-

There will be a booth in the hall at Social Science where orders will be taken any time during the week, and members of Tassels will order blank for you during the week, according to Mousel.

"Last year, when this same plan was used, there were many who failed to heed the warning of the Cornhusker staff, believing that they would be able to order one later, but they were mistaken and consequently disappointed,' Mousel said.

Saturday Final Day. will take advantage of this last chance to get a Cornhusker and we believe, will have a chance to order before the final day. This plan is being backed by the publications board and when the final gong rings on Saturday there will

be no more 1932 Cornhuskers sold. "Remember, Saturday, March 5, is the last day of the last sales drive for this year's annual, after which it will be impossible to get a copy of the book. The order will be sent to the printers immediately after the drive and only the number of books that have been sold will be ordered," Mousel concluded

Chief of Police Anderson Declares Youth on Upward Trend; Fraternity, Sorority Houses Not to Be Raided

BY HOWARD VON HOLTZENDORFF.

The fact that only three or four students of the University of Nebraska have been arrested during the past school year in comparison with some forty or fifty young men and women non-students, is enough to satisfy me that our modern youth, especially college students, is on an upward trend-was brought out by Chief of Police Walter F. Library Possesses Rare Manuscripts From Middle Ages

One of the most interesting features of the university library is the collection of illuminated manuscripts, which date back to the middle ages. At the request of the library of congress, which is preparing a union catalogue of all manuscripts in America, these valuable works were sent to Washington last summer to be examined and identified by Seymour de Ricci of Paris, who is an international

authority on manuscripts. Undoubtedly the finest manuscript belonging to the library is the Horae beatae Mariae Virginia, which is now on display in the case located in the hallway of the main library. It is a book of hours, in which the layman's devotions for each hour of the day are set out, and was propably written in some French monastery during the late fifteenth century. The fifty-two vellum leaves are beautifully ornate with gold leaf and precious colors. The gold leaf was in some way padded with clay and then burnished with agate, but the art has been lost with the decline of monasticism. In 1835 it was bound in French olive green mor-

University Library With 260,000 **Volumes Is Largest Collection** Of Books in State of Nebraska

BY JANE BOOS.

Scarcely any students or professors escape the University of Nebraska without coming in contact with the main library. Yet few people realize its value and worth to the university and to the state. It contains the largest and by far the most valuable collection of books in the state of Nebraska, and good material upon practically every subject may be found there.

The growth of the library from C a very few books to a collection of the second floor of University hall, 260,000 volumes has only been par-alleled by the growth of the uni-versity itself. The statute providing for the founding of the University of Nebraska also provided for the establishment of a library thru the appropriation for that purpose of certain university fees.
