ENGINEERS PREPARE FOR ANNUAL EXHIBIT

First Week in May Set for Traditional Display by College.

The first week in May has been selected for the twentieth annual engineer's week, according to a report released Wednesday by Willard Dann, chairman of the engineer's week committee.

The delegation is a tradition which originated within the engineering college and has been successfully sponsored by students every year.

In order to secure individual cooperation in preparing the program for the week and arranging for its execution, notices have been posted on the bulletin boards in buildings of the college asking that each student wishing to help leave his name and the type of work he would like to do.

"There are several different types of work to be done in preparing the program, including publicity, ticket sales, window display and arranging for the field day, banquet and open house," Dann declared, "and every student should be willing to do his part in making it successful."

Hundreds Cops Invade Coliseum for Dancing

Approximately two thousand persons danced to the music of Eddie Jungbluth's orchestra, while the balconies on either side were filled with several hundred spectators on the occasion of the annual police ball, held Tuesday night in the university coliseum. More than 1,700 tickets were sold for the event.

4-H LEADERS BEGIN MEMBERSHIP DRIVES

1932 State Goal Set Above 16,000 Says Club Head L. I. Frisbie.

Nebraska 4-H club local leaders and county agents have set up as their 1932 goal the enrollment of 16,750 individual boys and girls in 19,000 projects, L. I. Frisbie, state club leader, announced at the offices of the agriculture college extension service at Lincoln Wednesday. Even though the enrollment in some projects involving the expenditure of money may drop, the leaders and agents seem confident that 4-H club work will continue to grow in the state as it has in the past few years.

Practically 15,000 of the boys and girls will live in less than fifty counties where county extension agents are employed, Frisbie's announcement states. All but twelve of the ninety-three counties in the state will have 4-H club members in 1932 according to present prospects. As in the past, counties without county agents will have less than 10 percent of the enrollment in the 1932 clubs.

Impassable roads the last four weeks have slowed up the early spring club enrollments in all of central and eastern Nebraska. The winter club enrollment, however, totaled 2,532 this year compared with 2,268 last year. This is an increase of 11 percent, and indicates prospects for the year as a whole. Counties with large enrollments last year will try to maintain their numbers while those with fewer numbers will increase their enrollments materially. This means, Frisbie says, that the enrollment over the state will be much more uniform than it has been in the past.

Lancaster county continues to lead the state with a goal of 1,000 members. Cass and Douglas have each set up goals of 600 members. Otoe, Fillmore, Thurston, and Scotts Bluff counties will have 500 members as their goal. Custer will enroll 450. All of these counties have two agents, one a man, and the other a woman.

Franklin county which does not have a full time county agent, but which had a summer 4-H club agent last year, has already passed its goal of 230 members for 1932.

DEBATERS HEARD ON AIR

Four Students Broadcast Wednesday Over Radio Station KFOR.

On invitation of the KFOR radio station, four students from the English 104 class in debate spoke on the League of Nations Wednesday afternoon. The two teams were made up of Virgil J. Wilts and Howard L. Holtzendorf, affirmative, and Leslie P. Sorenson and Gordon S. Senft, negative.

Each season several similar debates are held, most of them being scheduled before some club, off-campus audiences or at some radio station. According to Prof. H. A. White, this provides an opportunity of practice argument for those students not engaged in intercollegiate debating. The debates also provide information to the public on important questions of the day, White stated.

There were four inches of snowfall last month as compared to the six inches which is the normal amount for February.

CAREER VS. MARRIAGE SETS WOMEN AT VARIANCE WITH EACH OTHER IN CAMPUS POLL ON ANCIENT QUESTION.

(Continued from Page 1) that there are some girls more fitted for careers than others. "The home is the basis of the nation. The place for women is in the home. I do not believe in careers for women. The two things, career and marriage cannot be combined," this is Alyce McDermott's statement in answer to the question. Mary Alice Kelly, Kappa Kappa Gamma, says: "I favor marriage for women. Some women are more suited for marriage than others, but I do not believe the two can be successfully combined."

The greatest happiness for women comes thru marriage. The combination of marriage and career is usually not satisfactory," states Paula Eastwood, president of Kappa Delta. Need for Individualism. "Marriage for women should not mean submerging her ambitions or activities any more than it does for men. Her personality should not be sacrificed at any cost," declares Ruth Shill, Alpha Xi Delta. "I believe in a career instead of marriage, because marriages do not always turn out successfully," states Virginia Pollard, Chi Omega's candidate for prom girl. "A girl should have a career before she marries, but she should not go thru life alone," believes Harriet Daly, Alpha Phi. Evelyn O'Connor, Delta Zeta, says: "The answer to the question depends upon how well the woman is fitted for a career."

It is the belief of Lucile Hendricks, president of Alpha Omicron Pi, that "if the two can be combined successfully a career is all right, if not, I am in favor of marriage for women. "Every woman should be prepared for a career but should not give up marriage," declares Roselyn Pizer, Sigma Delta Tau. "A girl should get married if she does it for love," says Helen Byers, Gamma Phi Beta. "It is the natural thing after all."

"No man is worth giving up a career for," says Harriet Wille, pledge of Alpha Phi. Margaret Graham, Nebraska's best dressed girl, and member of Kappa Alpha Theta sorority, says: "I prefer a career for women any time. I really can't say why. Of course, it all depends upon the individual and the chance she has for a career."

"Marriage is the natural thing for women. Few women can make a home what it should be and still have a successful career," believes Grace Nicklas, Delta Delta Delta.

WOMEN'S COUNCIL IS ADVISED AT MEETING

President A.W.S. Group Says Girls Should Consider Candidates Well.

Advising members of the A. W. S. council at their meeting Wednesday afternoon to be considering candidates for A. W. S. board next year, Berniece Hoffman, president of the board, told them they should think of girls who would really represent them and be worthy of the office.

The method by which girls receive this office was explained. Two senior members of the board are nominated by the present board for president. They also nominate six candidates from each class. These nominations will be published March 20. At a mass meeting at Ellen Smith hall March 21, two candidates from each class may be put up from the floor. Votes will be taken at the mass meeting and the six from each class receiving the highest number of votes will go on the ballot. The final vote will be taken March 24.

Changes in the point system were explained to the council and copies of it passed out to be posted on the bulletin boards of the various houses. Presidents were requested to get date slips in on time and see that they were properly filled out.

NINE SELECTED PATRONS PROM SATURDAY NIGHT

(Continued from Page 1) Harper, Miss Clarice McDonald, and Mr. and Mrs. W. W. Burr. The feature of the prom, which will be held Saturday evening, March 5, in the coliseum, will be the presentation of the prom girl, elected by those attending the event. Five girls have been nominated for the honor, and one will be elected that night.

The candidates are: Virginia Pollard, Chi Omega; Harriett Neale, Alpha Omicron Pi; Loraine Lallman, Alpha Xi Delta; LaVerle Herman, Gamma Phi Beta, and Louise Cogswell, Kappa Kappa Gamma. The candidate elected will be presented at 11 o'clock Friday night.

Is Sixth Election. The prom girl presented will be the sixth one so elected by the students at the closing dance of the campus formal season. Prom girls in past years were: 1921, Dorothy Silvis; 1920, Mildred Orr; 1929, Loraine Gamble; 1928, Edith Mae Johnson; 1927, Alice Holovitchner. Ballots for prom girl will be cast by students as they enter the coliseum. Names of candidates have been printed on stubs attached to the tickets. The votes will be counted by members of the student council and kept secret until the time of presentation.

Ticket salesmen have reported that tickets are selling fast, according to Howard Allaway and Jane Robertson, members of the committee in charge of tickets for the affair. A large crowd is expected to attend the prom. Tickets are being handled by members of the Interfraternity council, the
