gist soon afterward when an observatory was constructed there. He came to Nebraska as a meteorologist in 1894. Two years later he was given the rank of professor which he has held since that time. With the creation of the department of astronomy he was made its chairman. Later the observatory was built. The department is now housed in the tiny stucco frame building on the west side of the campus. The observatory is equipped with a four-inch telescope and other astronomical instruments. Professor Swezey is the only full time instructor. Packed away in a steam tunnel on the campus is a twelve inch telescope constructed in 1900 for the university. It has been there since that time pending the construction of an observatory adequate for the installation of the "new" instrument. One of Professor Swezey's most fond, but unrealized, dreams has

NON-FRATERNITY MEN DECIDE TO ORGANIZE CLUBS

(Continued from Page 1.) as non-fraternity members must be in a position to cooperate.

The possibility of erecting a student union building is not so remote, Professor Schramm pointed out, if we can contemplate a campus where there is a unified feeling for the university. Other schools have built marvelous structures where student life is enriched through the united action of the student body itself, he continued.

Enthusiasm Manifest. "An unusual amount of enthusiasm was manifested in the group tonight," declared Edwin Faulkner, president of the Student council who presided at the meeting.

"There appears to be no reason now why in time the unaffiliated students should not be in a position to assume a commanding influence in student affairs on the Nebraska campus. After the individual groups are once organized, there is no limit to the number of fields of activity open to them."

It was brought out in the meeting that nonfraternity students at Kansas, participating in a similar movement toward organization, had in the space of a single year gained a majority control of student activities in accordance with the number of students they actually represented. Delphin Nash, chairman of the Barb council, called to the attention of the representatives the possibility of securing their first real achievement in the coming spring elections by getting a worthy representation on the Student Council.

The necessity of enlarging the groups from which the representatives came was mentioned by several of the members, who agreed that the clubs could easily be increased in size by gathering in other nonaffiliated students on the campus who are living alone or in smaller groups. Each representative agreed to have by the next meeting, to be held after spring vacation, a list of men who would participate in his individual organization.

"We must stress to all non-fraternity men on the campus," declared Delphin Nash, "that those who were unrepresented tonight at the meeting, are especially urged to send representatives to our next meeting and to work with us."

TRICOLOR TRACKMEN MAKE GOOD RECORDS

Glenn Funk, Howard Roberts Step Out in 880 and 440 Distances.

CREDITABLE MARKS SET

Glenn Funk, Central City, and Howard Roberts, Sioux City, Ia., frosh, set the pace in Tuesday's tricolor track competition, when the former stepped the 880 in 2:02.5 and the latter did the 440 in 53.6 seconds.

The meet, the first to be held on Memorial stadium track, found the tracksters coming through with creditable performances. Keith Eno, former College View athlete, threw the discus 126 feet while a tie resulted in the 100 yard dash between Dave Froelich, Friend; Clem Lamoureaux, Valentine, and Charles Williams, Warsaw, Ind. The time was 10.3.

Charles Housel, Wiley, Colo., took the 220 dash in 23.3 seconds. Rothermeier won the mile in 4:55, and Hoffman captured the two mile event in 11 minutes 3 seconds. Ray Toman, St. Paul, won the high jump with a leap of 5 feet 8 3/4 inches, with Max Emmert, Omaha, showing the way in the 60 yard high barriers in 9 seconds even.

GAGE TOURNEY PROGRESSES

Kappa Kappa Gamma, Sigma Kappa Win Second Round Games.

The Sigma Kappa-Delta Zeta melee was an even more exciting game. The Sigma Kappas lost the lead in the second quarter and the Delta Zetas had a lead of several points as the half ended. The Sigma Kappas came back in the second half and won the game with a score of 11-8.

Mr. Draper estimates that about one-third of his charges are Mexicans who do work on the orange and lemon groves and adds that in the last two years there has been a tremendous influx of "poor whites" from Oklahoma, Arkansas, Tennessee, Mississippi and Texas. Mr. Draper concludes with "and the non-resident family presents the biggest problem we are faced with. Without tremendous organization in Los Angeles county we could not get that problem settled.

Miss Ruth Shallcross, '29, is in the women-in-industry bureau of the department of labor. Miss Shallcross states: "I am in the various tenement districts, such as Chinatown and Harlem in New York City, and study specifically the conditions in which the home work is being carried on."

Miss Janet Schmitz, '29, is at present at the head of a staff of twenty-three on the Cook county bureau of public affairs, and is superintendent of one of the offices set up by the joint emergency relief service. At one time this service had before it 16,000 cases. Miss Schmitz states that the organization can see no immediate solution to the present crisis, and that certainly this work will have to continue throughout the spring.

These are all students of the department of sociology and all former students under Mrs. Williams. "We are continuing," states Mrs. Williams, "in our efforts to have our sociology majors all qualified for positions of this kind. We met Tuesday noon for a luncheon in the Grand hotel, and forty-five students manifested their interest in the social workers program. Five former students of the department who are social workers in the city of Lincoln were guests. They were the Misses Alice Vernon, Etta Fritch, and Mrs. Mildred Potts, family case workers in the social welfare society of Lincoln. spending his spare time in the west stadium with the sets. The sets, however, will not be used in the Friday presentation of the show at the reformatory.

Jimmy Douglas, Lincoln dance orchestra director and manager, in charge of Kosmet Klub's orchestra, has been drilling his group on music for the show. The numerous tunes, original with "sharp and flat" minded Nebraska students, present difficult and tricky scores to be developed and Douglas reports the orchestra rapidly taking form. The music for "Jingle Belles" choruses is unusually snappy and catchy, and the theme song and ballads contain opportunities for a great orchestra success. "The show's music will be a feature this year," stated Devereaux Tuesday.
