SUB-ZERO WEATHER WILL ABATE IN TIME FOR ICE CARNIVAL

Several Novelty Events Arranged by Group In Charge.

Fears that zero weather the last two days would make it necessary to postpone the all-university ice-carnival scheduled for Thursday evening were diminished Tuesday when Thomas A. Blair, head of the weather bureau, announced that the temperature would go up within the next twenty-four hours. "Altho we will have zero weather again Wednesday," he continued, "the thermometer will rise steadily all day." When asked what he thought of the advisability of continuing arrangements for the event, he assured members of the committee that they could plan for favorable weather. Reports showed that the strong wind would go down slowly all day Wednesday.

Winners Awarded Medals.
Winners of the novelty events will be awarded "loving cups," while intramural medals will go to those successful in the regular races. Contests include a hockey game between the Blue Shirt and Yellow Jacket political factions to be played by ten men each. Rudy Vogeler has also contrived—two open events for men, the 220-yard dash and the 440-yard relay, four men competing in the latter race for each team.

The thread and needle race planned for both men and women will include four men from a fraternity and four sorority women. Other novelty events will also feature the evening's entertainment.

Favors Given Guests.
No admission fee will be charged, the only expense being the cost of "hot dogs" which will be on sale at the park. Favors will be given to all guests at the carnival and music will be furnished for the skaters by means of an amplifier.

Marion Smith, Delta Gamma, and Rudy Vogeler, in charge of men's intramural sports are in charge of general plans for the affair. Members of the W. A. A. council and men's intramural leaders are assisting with details.

SATURDAY IS DEADLINE FOR ANNUAL PICTURES

All Greeks Requested to Have Photos Taken Before Feb. 11.

The deadline for pictures in the fraternity and sorority sections has been set definitely at 6:00 p. m. Saturday, Feb. 11th, according to Ralph Spencer, editor of the Cornhusker. "A complete list of all the members and pledges of the Greek houses has been compiled and it is my wish that the president of each house sees to it that every member is photographed before Saturday," he stated. Absolutely no pictures will be accepted after that time.

A change in the senior staff was also announced with the appointment of Alice Beekman, who will take the place of Helen Morrow, who was forced to give up her position on account of sickness. Miss Beekman will begin work immediately with the six members which make up the senior staff.

Although over 677 pictures have been taken for the fraternity section and 591 for the sorority section there are almost 700 pictures yet to be taken. The following list represents the number of pictures which have not been taken of the members in the respective fraternities and sororities:

Home Ec Faculty Introduces Plan for Lending of Famous Pictures.

They may be renewed an additional two weeks if desired. The student is furnished a case in which to carry the picture home.

In this way the Home Ec faculty are attempting to foster an appreciation of good pictures. This "picture library" plan is intended to give the student an opportunity to live with some of the world's choicest masterpieces and have the joy of intimate acquaintance with them.

This library has offers of six pictures for "checking out," representing a variety of types and artists. Four are oil paintings, Cornoyer's "Madison Square," Raphael's "Madonna of the Door," Pietro de Hooch's "Die Apfelchalerin," and Valasquez "Infanta Marguerita." People Who Can Battle Cold Over to Armory Can Enjoy Summer Pastime

Well, folks, if you think you can brave the cold winter blasts long enough to trot yourselves over to the Armory Saturday you can enjoy the usual summer diversion right here on the campus in the dead of winter. Everything from a "chamber of horrors" to hitting the "nigger baby" not to mention the wild west show and so forth. It will be a big day for the Big Sisters going clownish on us and offering such a wide diversion of pleasure all for one red copper cent.

Besides the big stage show hot from O st. there will be a puppet show rivaling Toney Sarg's creations and all of the rest of these would be puppet masters. And a word of warning to the wise should be sufficient. Judge Dolores Dead-

STUDENTS DRIVEN TO CLASSROOMS BY INTENSE COLD SNAP

Thermometer Takes Drop To Thirteen Below Tuesday P. M.

The publication offices have become crowded, the moon is doing a rousing business, and even the most consistent cutters have been driven to seek the warmth of classrooms by a high pressure area over the Dakotas and Montana, and a low pressure area over Arkansas.

These two meteorological conditions have produced a cold wave over the middle west that has brought ten-below-zero weather to the Texas panhandle, and thirty-below-temperature to Duluth. Lincoln was enjoying a mild thirteen below at 3 p. m. yesterday afternoon, with prospects for fifteen below for last night with somewhat warmer today.

There is, however, the threat of a continuance of the cold spell in another high pressure area moving southward across western Canada. If this prospect materializes people will be led to believe that the groundhog saw a whale of a big shadow.

Cold Soon to Hit South.

The sunny southland will be the recipients of this cold snap in the near future, but the present temperatures range around 50-60 with a 68 recorded at New Orleans.

The coldest weather reported in the United States was forty below in the Northern Red River valley and around the Lake-of-the-Woods region. There has been slight precipitation over most of the area of low temperature in the form of snow.

This, coupled with a high wind from the north-west has created a small blizzard, that makes the freshmen in organized house and the custodians of the university hold hard feelings toward the weatherman.

SOCIAL CASE WORKER PRAISES NEW PLAY

'Porgy Is True Portrayal Of Negro Life,' Says W. R. Smalls.

Explaining and interpreting the University Players' latest production "Porgy" from the viewpoint of the negro, W. Robert Smalls, executive secretary of the Urban League of Kansas City and social worker, addressed the audience of "Porgy" Tuesday night.

A negro himself, Mr. Smalls was born in the vicinity of Charleston, S. C., which is the locale for the play. "I saw Porgy when it was originally produced, stated Mr. Smalls, and knew personally several of the players. This is the first time I have seen the play produced with a mixed cast, and the results are gratifying."

Replying to Criticism.

In replying to criticism made by local persons of the city that the play was unfair, and derogatory to the negro ideal, Mr. Smalls remarked that "anytime anyone can get something artistic and some-

TICKET SALES FOR PARTY STARTS SOON

Mel Snyder and His Gold Coast Orchestra Will Play for Event.

Entertaining the possibility for staging a program dance, the Mortar Boards are making arrangements for their annual party which will be held in the coliseum Feb. 24. According to the plans of the board, tickets for the affair will be placed on sale shortly under the supervision of the members of Alpha Lambda Delta and the Tassels.

Mel Snyder and his Gold Coast orchestra featuring the Owen Syster's trio will furnish the music for the dance. The orchestra formerly played at the Muebach hotel in Kansas City. Contrary to the usual custom of selecting a best dressed man and the most popular date on the campus, these students will not be chosen this year. The change in plans according to the board, was due to the fact that the men would not accept dates because of the possibility of their being selected for one of the positions.

COMMITTEE RECEIVES ANSWERS TO BLANKET TAXING PLAN INQUIRY

Some Form of Compulsory Tax in Operation at Most Schools.

Thirty-two replies from schools in twenty-four states have been received by the Student council activities tax committee in answer to a questionnaire on the plan sent out just before Christmas. Howard G. Allaway, chairman of the committee, announced Tuesday after compiling a report which he will present to the council this afternoon.

Some form of compulsory blanket tax on all students to support athletics and extra-curricular organizations is now in use in twenty of the thirty-two schools reporting, results of the questionnaire showed. Seven schools have never investigated or considered the plan. In four the blanket tax has been considered but rejected by the board of regents or trustees. Iowa State, the remaining school to answer the questionnaire, has a complete plan drawn up and adopted but the president is withholding putting it into operation at present.

All but three or four of the schools which have replied to the council's questionnaire are public institutions supported by the state.

Average Fee \$17.68.
In schools now using the plan, the annual fee ranges from five to thirty dollars, with \$17.68 as the average for the twenty schools.

Six of the reporting colleges say that the cost to the individual student under the blanket tax plan is less than the separate subscription and ticket prices for the events and publications included before the plan was adopted. One reports that the price is higher; one that it is the same; and the other schools fail to indicate this effect.

As to gross revenue to the activities and organizations included in
