The interfraternity council went on record as favoring closed tables at fraternities the night of the banquet, it being the only time during the year when fraternity men of the campus get together. Announcement of the scholarship standings and awarding plaques to the fifteen highest fraternities are a feature of this annual event.

Speakers for the occasion will be announced the latter part of the week, Elton Ross, in charge of the program, stated.

## STUDENTS LEAVE FOR COUNCIL CONVENTION

### Lucille Hitchcock and John Gepson to Represent Nebraska.

John Gepson and Lucille Hitchcock left Tuesday night for Lawrence, Kas., where they will represent the Nebraska Student council at a convention of schools from the middlewest. The conference begins Wednesday and lasts through till Saturday.

On the agenda of the conference for discussion are included a number of topics of interest to all universities. The activity tax plan will be the subject of one general discussion group, and the Nebraska delegates will report on the progress made at this university toward securing the adoption of the plan. Several of the schools to be represented at the conference are already using the plan.

The conference will also discuss the use of the honor system in connection with examinations and assignments, and is expected to make recommendations as to the value of this system. Other topics include student owned bookstores and similar enterprises, athletics, publications, international relations among students, and a general series of discussions on the organization and operation of student government.

In connection with the discussion on athletics, the delegates from schools in the Big Six athletic conference are planning to work out a scheme for co-operative action of the schools in obtaining specially reduced rates to all conference athletic contests.

Nebraska students, for example, who attend a football game at Lawrence, Kas., would be able to secure a ticket to the game for a considerably reduced price. The same courtesy would be extended to any other Big Six students attending games at Nebraska. The plan also contemplates the provision of housing facilities for visiting students and the securing of reduced railway fares for student migrations between Big Six schools.
