RAG your feet to the bar. Say "Shredded Wheat and half-and-half. Make it a pair."
You'll be treating yourself well. For Shredded Wheat is one food that's VITALLY DIFFERENT. It brings you all the proteins, carbohydrates, minerals, vitamins that Nature stores in her richest cereal, whole wheat. For it is whole wheat-nothing added, nothing taken awaywhole wheat, crisp-baked for easy digestion. All the bran is there, as Nature intended.
Try it with milk or cream and the fresh or canned fruit

you like best. It's delicious;
it's easy on your allowance. And it helps you keep in trim to lick the world.
