DEANE CARTER TALKS TO ALPHA ZETA CLUB

Arthur Peterson, Chancellor of Nebraska Group, Presides.

Student and faculty members of Alpha Zeta, honorary agricultural fraternity, were addressed at a luncheon at the Ag College cafeteria Thursday noon by Mr. Deane Carter, High Council member of the organization. Arthur Peterson, Farm House, chancellor of the local chapter, presided at the luncheon.

Mr. Carter, a member of the chapter of Alpha Zeta at the College of Agriculture at Fayetteville, Ark., stopped at Lincoln on his way to Laramie, Wyo., to institute a new chapter there. Wyoming will be the forty-first chapter of the organization, according to Mr. Carter.

"Recent times," said the speaker, "have forced students to throw overboard many of the things they used to consider indispensable. Many students are taking fewer football trips, seeing fewer shows, attending fewer parties. But honorary organizations that recognize scholarship, leadership, and high personal integrity have not suffered from the hard times." Mr. Carter pointed out that 10 percent of the Alpha Zeta chapters have been organized during the recent depression.

Discussing administrative problems of the fraternity, Carter said that the function of the High Council, commonly called the national chapter is simply to unify all the independent chapters so that the honor of being elected to Alpha Zeta will mean the same to a student in California, or Maine, or Alabama, or Nebraska.

45 PERCENT CUT IN REGISTRATION COST ANNOUNCED

Necessity for Students to Enroll Correctly is Pointed Out.

A forty-five percent saving in the clerical costs involved in the semi-annual registration procedure has been saved by a campaign to eliminate careless registrations, according to Prof. A. R. Congdon, chairman of the assignments committee. By impressing on students and advisors the necessity of making the first registration accurate a large amount of confusion and expense has been eliminated.

In continuation of this policy the assignment committee sent letters to all advisors Thursday pointing out the necessity for getting students to register right this spring so that they will not need to change their schedules next fall. If students plan to take summer school work, they should make definite correlation between their summer school registration and their registration for next year. Prof. Congdon pointed out many changes in registration arise out of the fact that student fail to decide their summer school courses before they make out their next year's schedule.

Should Make Provisions. Prof. Congdon also urges that students make provision on their registration for any possibilities of flunking courses this semester if these courses will have to be repeated.

If for any reason a student does not wish to register for two-fifths of his classes in the afternoon, Prof. Congdon is asking that they consult with him. Advisors are to send such students to him if they wish to be excused from this requirement.

Rule Not Arbitrary. Prof. Congdon pointed out that students understand that this is not an arbitrary rule but that it must be reasonably well adhered to in order to make the university class schedule successful.

"There are many cases, I realize," he said, "where students cannot take class work in the afternoon. All I want them to understand is that we do not want to inconvenience them but we must adjust the class schedule to meet the needs of the greatest number."

Prof. Congdon will be in his office to consult with students every day from 10 till 12, and from 1 to 5 on Tuesdays, Thursdays and Fridays.

ALL QUIET ON AG COLLEGE CAMPUS AFTER ELECTION

Farm House-Barb Succeed In Winning Every Open Office.

WHITE IS ON COUNCIL

Balloting Quite Heavy But No Excitement Occurs During Day.

All is quiet on the Nebraska college of agriculture campus today after the "repeat election" held Thursday. Farm House and the barbs succeeded in winning every office.

Competition for the different seats on various organizations was not as heavy as expected as the results show. Balloting, taking place under new rules formulated recently, was quite heavy but no election excitement occurred during the day.

Howard White, Farm House, took the "spotlight" in the Thursday skirmish. He not only was elected student council member from the agricultural college but also vice president of Ag club. White was opposed in the council contest by Louis Shick, Alpha Gamma Rho.

The upset in the student council race topped the results. Alho White's name did not appear on the ballot, his name was written in many times. His victory by a 130 to 48 margin, deprived Shick of the honor of being student council member. He won the election last week.

Florence Buxman, barb, repeated her victory of last week in the race for woman student council representative from the college. Arlene Bors, Alpha Chi Omega, was second. Marian Paul, Gamma Phi Beta, was the third candidate. Buxman had a comfortable lead over Bors in the final tally.

Art Peterson, Farm House, is the 1934 Farmer's fair manager. He was easily elected Thursday without much opposition. Two Barbs—Lyle Hodgkin and Gerald Mott, were also victorious in winning places on the senior fair board. Girls elected, without opposition, included Valentine Klotz, Lorraine Brake and Muriel Moffitt.

Running unopposed, Vernon Filley, Barb and recently tapped innocent, won a seat as senior man at large on the ag executive board. Practically no names were written in against Filley. Last week he lost in the same race.

Another reversal of the previous election came in the contest for senior woman at large on the same board. Muriel Moffitt succeeded in beating Lorraine Brake, the successful candidate before. The competition, however, was strong and Miss Moffitt had but a ten vote lead.

Coll-Agri-Fun, the annual mid-winter fun festival, will be managed during the coming year by four individuals who were elected

MILITARY HONORARY SELECTS OFFICERS

Results of Election to Be Announced at Dinner Dance Friday.

Pershing Rifles held a special meeting Thursday evening at seven thirty for the purpose of electing officers for next year. The number of officers has been changed from three to four. In previous years there has been a captain, first lieutenant, and second lieutenant. Under the new system there will be two Second Lieutenants, one of which will act as historian for the organization.

The results of the election will be announced at the Pershing Rifle dinner which is to be held at the Cornhusker hotel Friday evening at six thirty. The dinner will be followed by a dance to which all members
