GEOLOGY PROFESSOR LEAVES FOR MEXICO

Prof. E. F. Schramm of the geology department will leave Saturday for Mexico where he will be engaged in geological work in central and southern Senora during the early part of the summer. He will later return to the United States and inspect mines in Utah and other western states.

Three of his students, Marion E. Hestbeck, Lincoln, Elmer M. Share, Columbus, and Charles L. Gruenig, McCook, are working this summer in a mine at Marysville, Utah.

RULES FOR WOMEN VARY FROM THOSE IN SCHOOL YEAR

Houses Close 11 O'clock During Week; 12 Weekends.

Definite house rules will be in force for women students during the summer session, according to the office of Dean of Women, which is giving a copy of the rules to each girl who calls at Ellen Smith hall. There are slight variations in these rules from those in force during the regular school year.

There are no special restrictions for freshman and sophomore girls during the summer as there are during the winter. Another difference is the closing time for women's residence houses. During the regular school year 10:30 is the closing hour for week nights and 12:30 for Friday and Saturday nights. For the summer session 11 is the deadline during the week and 12 o'clock on Friday and Saturday.

The rules as promulgated by Miss Heppner's office are:

1. The residence of men and women in the same lodging house is not approved and is not permitted unless the circumstances are unusual. In this case permission must be granted by the dean of women.
2. A lady, housing women students, is expected to provide for their use until 11 o'clock, Sunday, Monday, Tuesday, Wednesday, and Thursday evening and until 12 Friday and Saturday evening, a reception room on the first floor, properly lighted. All rules referring to the reception room apply to the piazza.
3. The doors shall be locked not later than 11 o'clock, except Friday and Saturday evening, when the doors shall be locked not later than 12 o'clock.
4. All girls shall have their rooms in order by 1 o'clock, inspection by 1 p. m.
5. All girls shall report to the

house-mother where they are going and register in the sign-out book according to rules.

6. Each house shall elect a house-mother and act as a penalizing board.

7. The house committee and house-mother are empowered to inflict penalties for violation of these rules. When necessary they may report to the office of the dean of women.

8. There shall be no smoking on the premises.

2,500 STUDENTS ARE EXPECTED TO ENROLL IN SUMMER SESSION

tunity for summer students in education.

E. L. Novotny, superintendent of schools at Beatrice, will offer a special two-weeks course in Parent-Teachers association work from June 12 to 23. He will describe organization, administration, program-making, problems and projects of Parent-Teachers associations.

LIST OF APPROVED WOMEN'S ROOMING HOUSES PREPARED

Authorized Lodgings Are On File at Office Of Dean.

Official university rules governing the residence for women students for summer school and a list of approved women's rooming houses have been prepared by the office of the Dean of Women.

The rules provide, in part: "The residence of men and women in the same lodging house (as
