

OCT. 25 DATE FOR STATE TEACHERS GATHERING HERE

Discussion Topics to Center Around Future of Education.

CONCLAVES IN SIX TOWNS Demonstrations Emphasizing Teaching Ideas Features Of Conventions.

The Challenge to Education as Represented in the "NRA," "Meeting the Emergency in Education," and "Looking Forward in Education" will be the general keynote of discussion at the State Teachers' meet to be held Oct. 25-28. The convention consists of six district meetings to be held in Lincoln, Omaha, Norfolk, Grand Island, Holdrege and Scottsbluff.

Dean F. E. Henzlik of Teachers' college, Dr. D. A. Worcester, professor of educational psychology, Dr. Clara Wilson, of the elementary education department of Teachers' college, Professor H. E. Bradford, chairman of the vocational department of the University, Dr. N. A. Bengston, of the geography department, Miss Esther Anderson, also of the geography department, Dr. W. H. Morton, principal of Teachers' College high school, and Professor C. A. Forbes, of the classics department, are faculty members who will attend the various district conventions.

Demonstrations emphasizing teaching technique will be the main features of the six conventions. The meet will be divided into general sessions, divisional sessions, and sectional sessions. Other events on the program include various special luncheons and dinners for delegates.

Among the principal speakers (Continued on Page 2.)

ARTICLE BY WIMBERLY IN AMERICAN MERCURY

Story 'The Cook at Drixalls' Appears in Magazine for September.

Dr. L. C. Wimberly, professor of English and editor of the *Prairie Schooner*, is the author of a short story, *The Cook at Drixalls*, appearing in the September issue of the *American Mercury* magazine. It was included in a group of four stories, the others being written by Nancy Hale, Langston Hughes, and Albert Halper.

The story is essentially a character sketch, and portrays typically the happenings in a middle class cafe after business hours. It is divided into three parts. The first describes the restaurant, Drexall himself, and the cook; the second, Drexall's wife, a plump individual of thirty; the third containing bits of conversation between the waiters.

Professor Wimberly is recognized by the best critics and has often contributed to the *American Mercury* and other magazines.

ENGINEERS TO INSPECT BOEING SCHOOL FILMS

Romigh Is Elected Secretary Of Student Branch at Special Meeting.

O. L. Romigh was elected secretary of the student branch of the American Society of Mechanical Engineers, at a special business meeting held Wednesday at 5 o'clock in room 206 Mechanical Engineering Building.

Plans were made for a coming meeting to be held Tuesday, Oct. 31. A group of films, taken at the Boeing Aeronautical School, in Oakland, Calif., will be shown, and a representative of this school will be present to give a talk to the group.

There was a discussion concerning the probable annual joint trip of the AIEE, and the ASME to Omaha. The members are preparing written papers for this trip so that they may be ready to go if the plans for the trip this year are successful. A favorable report was given concerning the drive for new members this last week.

FROSH COMMISSION MEETS

Third Meeting of Year Set For Thursday in Home Ec Parlors.

The third meeting of the Freshman Commission is to be held in the north Home Ec. parlors, Thursday noon at 12:30.

Miss Mary Phipps has been asked to work on the poster committee and Miss Jane Van Sant on the utility committee.

All freshman girls are urged to attend these meetings.

The purpose of the meeting is to elect officers, and there will also be a short talk on personality.

ISSUE GEOGRAPHY NEWS

Pamphlets to Contain Aids For Teaching Geography In High School.

The Geography department is assisting in the publication of a bulletin containing geography news to be issued this week. The pamphlet, which is sponsored by the Nebraska Council of Geography teachers, contains suggestions and aids for the teaching of geography for state school teachers. Dr. Rose E. Clark of Wesleyan is the editor of the publication.

CHANCELLOR WILL RECEIVE FACULTY MEMBERS FRIDAY

Annual Reception Scheduled for Girl's Dormitory This Week End.

All members of the university faculty and administrative staff and their wives will be the guests of the Chancellor and Mrs. E. A. Burnett at their annual reception at Carrie Belle Raymond hall, Friday evening, Oct. 13, between the hours of eight and eleven. Faculty members and their wives who will assist in greeting the guests are Mr. and Mrs. H. H. Marvin, Mr. and Mrs. H. E. Bradford, Mr. and Mrs. J. E. Almy, and Mr. and Mrs. Dana Cole.

All deans of the colleges and their wives will participate in the reception. They will be assisted also by Mr. and Mrs. S. B. Cass, Mr. and Mrs. R. E. Holland, Mr. and Mrs. C. S. Hamilton, Mr. and Mrs. C. C. Camp, Mr. and Mrs. H. J. Gramlich, Mr. R. P. Crawford, Mrs. J. R. Wadsworth, Miss Elizabeth Tierney, and Miss Margaret Klinker.

Other members of the administrative staff or their wives who will assist are Mr. and Mrs. F. G. Collins, Mr. and Mrs. O. H. Martin, Miss Allen, Mrs. Gramlich, Mr. and Mrs. H. J. Kesner, Mr. and Mrs. J. E. Alexis, Mr. L. A. Sherman, Mrs. Gilbert Doane, Mrs. H. P. Davis, Miss Mabel Lee, Mr. and Mrs. A. F. Jenness, Mr. and Mrs. K. F. Burnett, Mr. and Mrs. Earl Platt, Mr. and Mrs. Robert Daniels, Mrs. David Whitney, Mrs. Langworthy Taylor, Mrs. Rolla Van Kirk, Mrs. Dana Bible, Mr. and Mrs. Wilbur Chomoweth, Mr. and Mrs. F. W. Norris, Mr. and Mrs. R. W. Frank, and Mr. and Mrs. P. G. Johnson.

SEVERAL INSTITUTIONS EXEMPTED FROM NRA

Johnson Decides Against Including Them Under Scope of Act.

WASHINGTON, (IP). After a conference with a committee of educators headed by President Lloyd H. Marvin of George Washington university here, Hugh Johnson, national recovery chief, issued a ruling that schools, colleges, universities, churches, hospitals and charitable institutions were to be exempt from the provisions of the national recovery act.

A letter going out to educational institutions affected from Dr. Marvin's committee, says in part: "This ruling means that non-profit-making institutions under private control have the same status as have state and municipal institutions with regard to the NRA. They are exempt from the provision of codes.

"This does not mean that they should not voluntarily meet as far as possible the specifications of the president's agreement and co-operate with the president in every way to hasten national recovery."

The committee of educators was appointed by Charles R. Mann as director of the American Council of Education.

PRE-MEDS HOLD FIRST BANQUET WEDNESDAY

Dr. H. W. Orr Is Principal Speaker on Evening Program.

Dr. H. Winnet Orr of Lincoln was the principal speaker on the program at the first Nu-Med banquet of the year Wednesday evening at the Grand Hotel. About ninety pre-medics were present at the meeting.

Dr. Orr, famous bone specialist, had as the topic of his talk "Recent Developments in Treatment of Bone Infection," and accompanied the speech with the showing of a group of slides pertaining to the subject. The Lincoln surgeon also told about his recent trip to England and Ireland, and his visits to hospitals of those two countries. In addition he described his experiences in the World War as a surgeon, and attendance of the last meeting of the International Orthopedic Association. Delegates from 26 countries were at the annual gathering.

James Shafer, president of the Nu-Meds club, started the program by introducing Batulla Mostofi, who in turn presented members of Theta Nu, honorary pre-medical fraternity. The latter also urged pre-medics to seek the consultation and friendship of members of Theta Nu.

Following Mostofi's short talk members of the faculty were introduced, and Dean Oldfather, in a brief speech urged the pre-medical student to take more than two years of Arts and Science in preparation for their medical school work.

Members of the faculty who attended the banquet Wednesday evening were Dr. E. F. Powell, Dr. Harold W. Manter, Dean C. H. Oldfather, and Dr. Robert H. Wolcott.

Music Students Give Recital With Faculty

In addition to the regular Wednesday afternoon faculty music recital, a student recital will be held every Thursday at 4:00 in Temple theater. This recital is open, not only to students of music but to all those interested.

Alumni Association Displays Grid-Graph

Grid-graph, recently purchased by the alumni association, will be displayed in front of Pharmacy building on the night of the student body. Friday it will be displayed by Miller and Paine. The grid-graph will then be set up in the Coliseum.

Students Raise Protest Against Enforcement of Rule Prohibiting Sunday Card Playing and Dancing

Student opinion is decidedly against the university ruling against the playing of cards and dancing in organized houses on Sunday it was revealed following a series of interviews carried on among twenty students in the university.

Of the twenty who voiced opinions on the university restrictions, all but one were in favor of abolishing the ruling.

"I feel that the ruling should be eliminated, since most students find entertainment outside of their houses on Sunday night," declared one senior girl well known in activities.

Another student, a junior in the university, declared that she was in favor of eliminating the rule, as "antiquated and provincial." Still another, perhaps a bit severe in her characterization of the ruling, declared that "the idea was not only silly, but absolutely absurd."

One Favors Rule.

The one student in favor of the rule as it stands now, declared that "university students need some sort of legislation to preserve order, and that is what I think that the rule was intended for."

Most students, both male and female, felt that the rule would have applied some years ago, but is "sadly out of place during the present generation of greater freedom among students."

Men Strongly Protest.

Men were particularly opposed to the ruling forbidding social activity, one senior man and well known on the campus stating that "there should be fewer restrictions on the campus. The superfluous and cumbersome restrictions that have been placed upon organized houses have a tendency to break them purely for that purpose rather than obeying them. As for me, I think there should not be any rules at all."

As a general rule those interviewed felt that the present system of control among the organized houses was outworn, suggesting more flexible and more "human" regulations as substitutes.

Of the twenty students on the campus who voiced their opinions, eleven were girls, and nine were boys, all of them being affiliated with greek organizations with one exception.

CORN COBS MAY GO TO KANSAS AGGIES

Tentative Arrangements for Out-of-Town Trip Will Be Discussed.

Definite plans for the season's out-of-town trip will be made by the Corn Cobs at a meeting at the Delta Upsilon house on Thursday, Oct. 12 at 7:45. Tentative arrangements point toward a trip to the Kansas Aggie game.

"A new system has been devised for checking in programs after games," states Henry Kosman, president of the organization. "Money will be checked in separately from the change aprons. Formerly the money was folded in the aprons and everything checked in according to apron number. The new plan should eliminate shortages."

The date for the initiation will also be set at the meeting. All fraternities who do not have an active Corn Cob should initiate one.

According to Kosman, men who do not have their sweaters must obtain one at the Thursday meeting.

PRE-MEDS HOLD FIRST BANQUET WEDNESDAY

Dr. H. W. Orr Is Principal Speaker on Evening Program.

Dr. H. Winnet Orr of Lincoln was the principal speaker on the program at the first Nu-Med banquet of the year Wednesday evening at the Grand Hotel. About ninety pre-medics were present at the meeting.

Dr. Orr, famous bone specialist, had as the topic of his talk "Recent Developments in Treatment of Bone Infection," and accompanied the speech with the showing of a group of slides pertaining to the subject. The Lincoln surgeon also told about his recent trip to England and Ireland, and his visits to hospitals of those two countries. In addition he described his experiences in the World War as a surgeon, and attendance of the last meeting of the International Orthopedic Association. Delegates from 26 countries were at the annual gathering.

James Shafer, president of the Nu-Meds club, started the program by introducing Batulla Mostofi, who in turn presented members of Theta Nu, honorary pre-medical fraternity. The latter also urged pre-medics to seek the consultation and friendship of members of Theta Nu.

Following Mostofi's short talk members of the faculty were introduced, and Dean Oldfather, in a brief speech urged the pre-medical student to take more than two years of Arts and Science in preparation for their medical school work.

Members of the faculty who attended the banquet Wednesday evening were Dr. E. F. Powell, Dr. Harold W. Manter, Dean C. H. Oldfather, and Dr. Robert H. Wolcott.

Senator Norris Confident That New Political Attitude Will Help Change Present System of Civilization.

By BILL LAWRENCE.

"The salvation of our civilization depends upon our young people. It is the bright spot in the governmental sky that the young people are studying and taking an interest in the problems of the day," declared Senator George W. Norris, in an interview granted the *Daily Nebraskan* Wednesday afternoon.

The senior senator was in the city only for the day, having a break among his numerous speaking engagements in this state. In spite of his tiring day, in which he talked for some time with his political colleagues, he was willing and eager to speak to the students of the university thru the medium of the newspaper.

"You are the ones who will have to carry on this nation and bring it out of the mess, my generation put it in," Senator Norris said, "that you can do it, I have no doubt. As a matter of fact, you cannot help but do a better job of it than we did."

"Your interest in politics is a healthy one," the white-haired liberal continued. "It is a sign that America will not fail. You do not have to be interested in holding a political office but rather should be interested in seeing who does hold these offices."

Senator Norris continued by saying that it was this interest which would help change the present system, which he maintained was gravely in need of change.

"We are in a terrible condition, even in our civilization," he said, "we've discovered something is wrong with it. We have arrived at a point where millions are starving because they have nothing to eat, but where there are millions of bushels of food rotting for lack of something to eat them. These things are in the same locality, but our system will not permit one to be given or even loaned to the other. In such times as these, we know that there is something wrong with the system."

"You young people are the ones to change it," he said, "you are educated, you are progressive. You know that nothing is to be gained by continuing in the present ways. You know that a change is necessary. You are willing to experiment."

Striking deeply at the old party system, he declared that youth's interest in politics should be kept clear of this taint. He maintained that when the men in office realized that they could not be kept in office by party bosses, simply because the young people could not be whipped into line, that a new era in politics, an honest period, would follow.

Touching for a moment upon the work of President Roosevelt, he declared that the president was doing wonderful work. He added his praise to the NRA, as a "humanitarian, progressive piece of work."

"We must forge ahead," Senator Norris said in closing. "There is work to be done. The older generation will help as long as it can but it is up to you to do it and do it well."

SLIDES ILLUSTRATE LECTURE

Lincoln Community Fund Head Will Speak on Social Work History.

Louis W. Horn, director of Lincoln community fund, will give an illustrated lecture with lantern slides on the history of social work to Miss Esther H. Powell's sociology 15 class at 9 o'clock Thursday morning in Social Science Hall.

All students interested in social work are invited to attend the lecture. Announcement of the room number will be posted on the main bulletin board on first floor of Social Science.

SEND-OFF RALLY SCHEDULED FOR FRIDAY EVENING

Students Meet at Burlington Station as Cornhuskers Leave for Ames.

Students should make plans to be present at the Burlington station Friday evening at 6:40 for a brief send-off rally for the Huskers when they depart for the Iowa State game, Lloyd Loomis, innocent in charge of rallies, announced Wednesday evening.

"While definite plans for the sendoff have not yet been completed," Loomis declared, "we do know that the Corn Cobs, Tassels, and the band will be there, and we want every student who can possibly make it, to be there to show the team that we are behind them 100 percent in every game they play, both at home and away."

"The student body displayed an excellent spirit and a lot of fire at the Texas rally and really made a success of it," he continued, "but at the game Saturday, the majorism, particularly after Nebraska took a substantial lead in the first half. We cannot let that happen again. Nebraska has an unusually strong team, and an excellent chance of going through the season undefeated, but the team needs the whole-hearted support of students to do this."

"The showing of future Cornhusker opponents against strong national teams so far this season attaches greater significance to Nebraska's remaining home games, and presages close contests," Loomis declared. "For that reason, the innocents society intend to sponsor night rallies before every home game, and send-off rallies for all foreign tilts."

By developing student spirit and keeping it at a high level for games, rallies are really valuable to the team according to Head Coach Bible. Other members of the athletic department agreed with Bible that the pep meetings were a big factor in stimulating and maintaining student interest and enthusiasm for athletics.

Officers of Tassels and Corn Cobs, women's and men's pep organizations respectively, announced that the organizations would give full support to the Iowa State and all future rallies.

"The administration is behind the innocents on all rallies so long as we maintain order," Loomis declared. "We believe we can have just as lively and enthusiastic rallies as ever, and still comply with all university rules, and we ask every student to cooperate in making our rally projects successful."

ALPHA LAMBDA DELTA ANNOUNCES PLEDGES

Alice Goth and Eleanor Longman Are Named New Members.

Alpha Lambda Delta announces the formal pledging of Alice Goth and Eleanor Longman Wednesday evening at 7 o'clock in Ellen Smith Hall.

Barbara Barber who is president of this honorary for freshmen women students presided at the ceremony. Donna Davis, senior adviser; Miss Winona Perry, faculty adviser and Dr. Emma Anderson, honorary member of the sorority were present.

Alice Goth had an average of ninety for the second semester last year while Eleanor Longman made the same average for both semesters for last year.

Alpha Lambda Delta is an honorary sorority for freshmen women making an average of ninety for one semester of their first year in school or the same average when their grades for the two semesters are averaged.

'AMERICA NOT TO FAIL'

Senator Norris Confident That New Political Attitude Will Help Change Present System of Civilization.

By BILL LAWRENCE.

"The salvation of our civilization depends upon our young people. It is the bright spot in the governmental sky that the young people are studying and taking an interest in the problems of the day," declared Senator George W. Norris, in an interview granted the *Daily Nebraskan* Wednesday afternoon.

The senior senator was in the city only for the day, having a break among his numerous speaking engagements in this state. In spite of his tiring day, in which he talked for some time with his political colleagues, he was willing and eager to speak to the students of the university thru the medium of the newspaper.

"You are the ones who will have to carry on this nation and bring it out of the mess, my generation put it in," Senator Norris said, "that you can do it, I have no doubt. As a matter of fact, you cannot help but do a better job of it than we did."

"Your interest in politics is a healthy one," the white-haired liberal continued. "It is a sign that America will not fail. You do not have to be interested in holding a political office but rather should be interested in seeing who does hold these offices."

Senator Norris continued by saying that it was this interest which would help change the present system, which he maintained was gravely in need of change.

"We are in a terrible condition, even in our civilization," he said, "we've discovered something is wrong with it. We have arrived at a point where millions are starving because they have nothing to eat, but where there are millions of bushels of food rotting for lack of something to eat them. These things are in the same locality, but our system will not permit one to be given or even loaned to the other. In such times as these, we know that there is something wrong with the system."

"You young people are the ones to change it," he said, "you are educated, you are progressive. You know that nothing is to be gained by continuing in the present ways. You know that a change is necessary. You are willing to experiment."

Striking deeply at the old party system, he declared that youth's interest in politics should be kept clear of this taint. Touching for a moment upon the work of President Roosevelt, he declared that the president was doing wonderful work. He added his praise to the NRA, as a "humanitarian, progressive piece of work."

"We must forge ahead," Senator Norris said in closing. "There is work to be done. The older generation will help as long as it can but it is up to you to do it and do it well."

APPOINT SEVEN ON ALUMNI COMMITTEE

Executive Board Named by Faculty Wednesday Will Complete Steps for Organization of Interfraternity Advisory Board.

DEAN THOMPSON TO CALL MEETING NEXT WEEK

Council Formed Under Sponsorship of Administration But Newly-Created Group Will Function as Independent Unit, Schramm Declares.

The second step toward putting the alumni council into actual operation was completed Wednesday.

The seven members of the alumni executive committee, who will call a meeting of the entire group in the near future, were selected by the faculty advisory committee of the interfraternity council, according to a statement released yesterday.

Dr. Gooding Talks to Tri-K Club at Banquet

The Tri K club gave a banquet in the new Agronomy building at 6 o'clock Tuesday evening. Dr. N. A. Gooding, assistance of agronomy, talked on agriculture in the state of New York. Dr. Cookingham has just received his Doctors degree from Cornell university. The occasion was to create interest and to become better acquainted. There were about twenty-five present.

AG PROFESSORS SPEAK AT STATE FEEDERS DAY

The committee appointed to officially organize the council, known as the executive committee, includes the following members: John Curtis, Delta Chi; Vance Traphagen, Phi Kappa Psi; Dr. C. A. Bumstead, Delta Upsilon; Joel Simon, Zeta Beta Tau; Munro Keizer, Lambda Chi Alpha; Claude Wilson, Alpha Tau Omega, and C. E. Hines, Chi Phi.

The committee was selected by the faculty advisory committee to the interfraternity council, composed of E. F. Schramm, C. J. Frankforter, and R. J. Pool, from a list of alumni delegates chosen by the active undergraduate chapters last week.

Tour of Livestock Farms Is Main Attraction of Convention.

Approximately 200 are expected to attend the Western Nebraska Feeders day which is being held at the university sub-experimental station at North Platte today. William J. Loeffel, and R. R. Thalmann both of the animal husbandry department of the university, will be the main speakers.

A tour through several livestock farms, is one of the main attractions of the convention. Results of experiments conducted by the station will also be shown at meeting. M. L. Baker, animal husbandman at the experiment station is in charge of the program.

DISCLOSE JUDGINGS OF AG LIVESTOCK

George Shadbolt of Gordon Wins First Place With 512 Points.

The junior-senior livestock judging class, under Professor Thalmann and Professor M. A. Akenauer, disclosed the following results from their Saturday contest. George Shadbolt of Gordon won first place with 512 points; Harry Ekin of Rosalie took second place with 495 points; and Merrill Lee of Brownlee took third place with 491 points.

Those who took first including individual animals were: Neil Hall of Lincoln, first on cattle; Gail Klingman of Chappel, first on hogs; Willard Waldo of Dewitt, first on sheep; and George Shadbolt and Neil Hall tied on horses.

WOUNDED OFFICER'S CONDITION IMPROVED

Sharpnack Shot as Fellow Policeman's Gun Falls From Holster.

Condition of Officer Sharpnack of the university police force, who was accidentally wounded in the calf of the leg early Wednesday morning by a shot from a revolver which fell from the holster of a fellow officer, was reported improved at St. Elizabeth's hospital Thursday morning.

The accident occurred while the officers, Sharpnack and Poage were standing on the sidewalk of the agricultural college campus.

Dr. C. E. Frey, who attended the injured officer, said the injury was not serious, as the pellet missed the bone, although it severed large blood vessels in traversing the muscle.

MORTON ADDRESSES TEACHERS INSTITUTE

High School Principal Will Speak at Four Sessions in Illinois.

Dr. W. H. Morton, principal of Teachers' College high school and director of teacher training at the University, will speak at four different sessions of the Teachers' Annual Institute to be held at the Freeport Junior High School, Freeport, Illinois, Oct. 18-19.

On Oct. 18 Dr. Morton will speak to the morning high school section on "The Classroom Teacher in Supervision" and to the afternoon high school section on "The Red Letter Lesson." The general session "Teaching" to the general session "The Challenge of Pupil Behavior" to the grade school section in the afternoon will be his topics Oct. 19.

The institute is held annually at Freeport for the purpose of discussing problems of teaching and supervision. Speakers for the sessions are procured by the chairman of the section meetings and this year include, besides Dr. Morton, Mrs. Hattie Moore Mitchell, dean of women at the Kansas State Normal, Dr. V. M. Mathews, principal of the graduate school of the University of Chicago, and a resident of Mandora, India, and Miss Alpha Corinne Mayfield, of the music department of Iowa State Teachers' College.

Engineering Students Perform Queer Antics While Doing Surveying

These engineering students put in a lot of time getting their grades in surveying. Not only do they put in a lot of time, but they often do queer and precarious things.

The Nebraska campus has been surveyed and resurveyed since time immemorial by the various classes of engineering students, but it was not till Wednesday that two were seen making a sight from 12th and R toward the Armory. One was perched on the other's shoulders.

Swap Shop Will Be Open Thru Saturday Morning

Y. W. C. A. Swap Shop will be open from 9 to 12 Saturday morning so that students who have money due them may call for it. In case there are some who cannot get their money at that time, the shop will be open one morning next week, announced Beth Schmid who is in charge of the project.
