Dad's Day Arrangements Complete

GAME, LUNCHEON PARTY FEATURES

Oklahoma-Nebraska Game Will Be Principal Function Of Next Saturday's Series of Events Held to Honor Dads; First Big Six Home Game.

PARTY IN EVENING TERMINATES PROGRAM

Annual Luncheon Honor of Fathers Will Be Attended By Chancellor Burnett and Other University Officials; Guy Chambers Main Speaker.

The Oklahoma-Nebraska football game, a luncheon at the Hotel Cornhusker, and a Dad's Day party at the coliseum that evening, headline the program plans for Dad's Day, Oct. 28, according to Woodrow Magee, member of Innocents society in charge of the annual affair.

Guy Chambers, president of the Nebraska Alumni association, will be the main speaker at the luncheon. Mr. Chambers is a past president of the Innocents society, and is now a Lincoln attorney. The subject of his talk will be announced at a later date, according to Magee.

"This luncheon is held every year in order that the students may have an opportunity to invite their 'dads' to meet the officials of the university and spend a 'football' day at the university," stated Magee.

Chancellor Burnett and other university officials will attend the luncheon to welcome the dads. Approximately 300 are expected to attend the affair at which Byron Goulding, president of the Innocents society, will preside.

"Dad's Day is one of the really fine traditions of the university because it establishes a close relationship between the dads and the university," declared Magee. "Every student in school should try and have their fathers at the luncheon."

Dads will drive a long way to attend such an event if they are only earnestly requested by their sons or daughters to come, he said. "Many students who live in the western part of the state have already invited their fathers to attend."

LITTLE INTEREST SHOWN AS YET IN RHODES AWARDS

Dean Oldfather Regrets Fact That Only Two Have Applied.

THREE MORE MAY APPLY

Those Eligible Are Men Who Have Completed Their Sophomore Year.

Only two applications from University of Nebraska candidates for Rhodes scholarships to the University of Oxford have been filed with Dr. C. H. Oldfather, chairman of the committee, he announced Thursday. Though three others have shown intentions of applying, Dr. Oldfather believes, with the deadline set for noon of November 1, that sufficient interest has not been shown. These scholarships are open to thirty-two men from the United States, and are tenable during 1934.

Five candidates will be chosen to represent the University before the state committee when it meets early in January, and before which other schools in the state will send their representatives. Two men will be picked from the state to go to the meeting of the district committee. Besides Nebraska, Minnesota, South Dakota, Iowa, Missouri and Kansas will send candidates before the committee. Four men will be elected from the twelve to go to Oxford.

All male citizens of the United States, between the ages of nineteen and twenty-five, who have completed at least their sophomore year in a college or university of recognized standing, are eligible for the scholarships. The applicant will be asked to make a statement of his activities while in the university or college, his chief interests and his reason for desiring to go to Oxford. Appointments are made for periods of two years on the Rhodes scholarship, with the stipend fixed at 400 pounds a year.

Members of the University of Nebraska committee are: Dr. C. H. Oldfather, chairman; Dr. Samuel Avery; Dr. J. P. Senning; Prof. E. H. Barbour and Prof. M. H. Merrill.

Bradford Addresses Teachers Convention

Prof. H. E. Bradford of the department of vocational education, addressed teachers conventions at Oregon, Illinois and Osceola, Iowa, on Thursday and Friday.

BIBLEMEN DEFEAT KANSAS WILDCATS

Boswell Sets Up Pins for Touchdown With 59 Yard Run After Kansas State Threatens Nebraska Goal Line; Sauer Scores Tally.

BIG BERNIE MASTERSON BOOTS FIELD GOAL

Crowd of 16,000 Including 1,000 Nebraska Students, Corncocks, Tassels, Band Attend Homecoming Game.

With smiling "Hub" Boswell in the hero's role again for the third time in as many games, the University of Nebraska's scarlet-clad Cornhuskers defeated the Kansas State Wildcats 9 to 0 before a Homecoming day game crowd estimated at 16,000 in Manhattan Saturday.

Boswell actually broke the heart of those fighting Wildcats, when he streaked 59 yards to the K-Aggie 4-yard line immediately after the Aggies had presented their first of a serious offense.

Coming back much refreshed from their rest at the beginning of the second half, the Wildcats in ten plays advanced the ball, via the aerial route, from their own 31-yard line to the Husker 15-yard line. Here, after three plays had failed to net the needed yardage, Russell fadded back to pass across the goal line but was nailed by End Kilbourne away back on the Nebraska 37-yard line before he could get rid of the ball.

Boswell Runs 59 Yards. It was on the first play after this that Hub made his sensational dash. Breaking thru the Aggie left tackle, Hub reversed his field by cutting back and streaked down the field to the Kansas State 4-yard line where he was finally chased out of bounds by Russell, Aggie halfback.

Here, after plunging by Sauer and Masterson, netted three yards, Sauer finally plunged across the last chalk line for the score.

GERMAN ACT IS THREAT TO WORLD PEACE.

"An Armed Germany Will Demand Revision Of Versailles Treaty" States Fling.

"Germany's withdrawal from the League of Nations, and Hitler's denunciation of the treaty of Versailles, make the present European situation as critical as that of 1914," in the opinion of Dr. F. M. Fling, professor of European history at the university.

Dr. Fling, a well known authority on European affairs, spent last summer studying first hand the political and economic relations between the various nations on the continent.

"An armed Germany," he said, "will demand revision of the treaty of Versailles and return of the territory that she has lost. When this point is reached, the situation will be extremely dangerous, and whether we are again plunged into a great war will depend largely upon the attitude of America and the other major powers of the world."

The German attitude and the continental situation according to Professor Fling, maybe summarized briefly under the following major points:

1. Germany is likely to demand a revision of the Versailles Treaty and the return of her lost territory.

2. Another world war may possibly be avoided by the entrance of Russia and the United into the League of Nations.

3. Germany's self-consciousness as a nation has resulted in a strong desire to establish equality in armaments.

4. Major European powers will force Germany to observe the Treaty of Versailles in the matter of armaments.

Hitler's next step, according to Dr. Fling, will probably be to substitute conscription for the regular professional army, disregarding the limitation of armaments prescribed under the Versailles treaty.

"The United States might prevent war if in co-operation with the other great powers, it announced that it would resist international difference by an appeal to force," stated Fling.

The German people, as a result of suffering following the war and the agitation of Hitler during the past ten years, have become self-conscious for the first time in the history of the nation, Dr. Fling said.

"The Nazi organization is devoted soul and body to Hitler. To appreciate the enthusiasm and mysticism that are characteristic of this movement, one must see these great groups of men. When one does, he will be impressed with the great possibility of war in the European situation and will realize to what an extent the peace of the world depends upon Hitler."

Hitler's motives can be found in the book that he wrote ten years ago, "Mein Kampf" (My Struggle), the book in which thirty-seven editions and 540,000 copies have

2156 STUDENTS SIGN PLEDGE TO SUPPORT NRA CONSUMERS' DIVISION OF RECOVERY ACT

Civic Officials Express Gratification for Good Work.

Two thousand one hundred and fifty-six students of the university enrolled themselves behind the national administration, it was revealed Saturday, after an intensive three day drive conducted by the Daily Nebraskan.

The figure represented over half the student enrollment on the university campus, and placed Nebraska high among the universities of the country that have conducted NRA consumers' drives.

Support of the nation wide movement was especially strong among the organized houses on the campus, with all but a few

To Mothers and Dads . . .

. . . There's one good way to keep in touch with what your children are doing at college . . . It's by ordering a subscription to the Daily Nebraskan . . . And it's only \$2.50 for the entire year mailed daily to your home!

Chancellor's Greetings.

DEAR DAD AND MOTHER:

Do you know of "Dad's Day" at the University of Nebraska? That means mothers too. Do you know that the University sets aside one day during each football season when you are especially invited to visit your son or your daughter or both and attend one of the best football games of the season? This year the game is with the University of Oklahoma. Oklahoma has one of the strongest teams in the Conference. Nebraska's team will be at their best. That means you will see a fine, hard fought, sportsmanlike game. We hope the best team will win on October 28.

But Dad's Day is something more than an opportunity to see a football game. It is an opportunity to see the University of Nebraska with its fine buildings and facilities for education; to visit with the men and women on the faculty; as well as to see your son or daughter in their temporary homes where they are endeavoring to prepare themselves to become more efficient members of society. In these difficult times efficiency counts, but we also try to increase the capacity of each student to live a full and satisfying life when he returns to the home community.

Dad's Day provides for a luncheon at the Cornhusker Hotel at 12 o'clock noon. Both Dad and Mother are invited; women students as well as men are expected to bring their parents, both father and mother if both are here or either one who may be in the city. You will be welcomed by the University and by state and city officials. We expect the Governor will be present to welcome you. Try to be with us for Dad's Day.

E. A. BURNETT, Chancellor.

Miss Bauer Writes For Health Journal

The September issue of the "Journal of Health and Physical Education" contains an article by

Lucile Bauer, of the University of Nebraska class of 1925. Miss Bauer, who is director of physical education for girls at Central high school, Honolulu, T. H., has written on the subject "Chinese Dances for Children."

PAUL HARRIS, PACIFIST, APPEARS IN LINCOLN TO DISCUSS DISARMAMENT

CORNHUSKER WILL FEATURE LARGER PHOTO SECTIONS

Annual Presents University Of Nebraska as Great Educational Site.

A presentation of the University of Nebraska as one of the greatest educational institutions in the midwest will be the main feature of the 1934 Cornhusker, according to Woodrow Magee, editor of the publication. There will be photographs of the city and ag campus through the entire book.

"Layouts of the view of the campus will be worked out artistically and originally so that it will really show the campus," he declared. "Tentative plans call for a larger university administration section which will show the superior equipment and personnel which the university has."

There will be a large student life section. Prominent students in all fields of activities will be run and the fraternity, sorority, and junior sections will be larger.

"The 1934 yearbook will be particularly valuable to students and

alumni as it shows a cross section of the university showing the personnel, campus life and buildings," Mr. Magee said.

Speaker Tours Nation Talking in Behalf Of Peace.

"The Brink of the Precipice" will be the topic of Paul Harris' speech at First Plymouth Congregational church, 20th and D, next Tuesday evening, Oct. 24, at 8 o'clock. Mr. Harris, head of the Youth Movement of World Recovery, and famous advocate of disarmament, is stepping in Lincoln Tuesday and Wednesday for a series of appearances, and has been obtained by the university Y. W. C. A. and Y. M. C. A.

His talk at the public meeting at Plymouth church concerns disarmament and international operation questions. For several years Mr. Harris has been touring the country speaking in behalf of disarmament and a world peace program. He is now making a tour thru the midwest. His calendar for the two days is:

Tuesday, 10:30—Nebraska Wesleyan chapel.

5:00—University Y. W. C. A. vesper services—Ellen Smith hall. Subject: "Europe Unvisited."

8:00—General meeting at First Plymouth Congregational church. Subject: "The Brink of a Precipice."

Wednesday, 8:30 a. m.—Lincoln high school convocation. Subject: "Europe Unvisited." 12:00—noon—Student Forum (Continued on Page 3.)
