

NEBRASKA QUINT WILL FACE AMES FRIDAY EVENING

Nine Husker Basketeers Will Leave This Afternoon For Contest.

FIRST CONFERENCE GAME

Same Five as Started Games Previously Will Get Call Tonight.

Entraining this afternoon for Ames, where the Husker basketball squad meets the Iowa State hoopers for the first conference game of the year Friday evening at 7 o'clock, Coach Browne is taking with him nine players who constitute the same group that took the previous trip north.

Nebraska so far this season has

"YOUR DRUG STORE"

Try our fountain service for those delicious noon lunches.

THE OWL PHARMACY
14th & P Sts. B1068

had a rather luckless record having suffered five defeats and emerging with only one victory. Iowa State on the other hand has been sporting an excellent non-conference record of four victories and one defeat.

Cyclones Improving.
Rapidly improving with every game the Cyclone tossers are pointing for their first Big Six game with an earnest effort of trying to place well up to the top in the conference race for the year 1934. Last year Iowa State finished in last place and the Huskers in fifth.

However reports from the Cyclone camp state that Coach Louis Menza is ignoring the record of the luckless Nebraskans to date and is preparing for a stiff battle.

Ames Men Working Hard.
"No team with the lineup the Huskers have is a setup for anyone," he said Wednesday. "Such stars as Boswell, shifty halfback on the Nebraska football team, and Mason, former Omaha high school sensation known for his cleverness in dribbling, are giving us plenty to think about in our preparation for the conference opener."

After the Huskers return from the trek to Ames their next game will be staged on the home floor against last year's conference champions, Kansas. During the past few weeks of non-conference games Coach "Phog" Allen has unearthed several star sophomores who have been going places.

Eibling Star Sophomore.
Ray Eibling of Lindsay, for instance, as reports go, got into the first Kansas State game for a few minutes—long enough to ring up three field goals. He was started at forward in the second Kansas State game, in the absence of Harrington, and also got into the Warrensburg game. In the three games mentioned he scored 28

point, 22 from goals and six from free throws.

Another sophomore who is getting into the scoring is Francis Kappelman of Lawrence, who has made 13 points.

Probable starting lineups for the Nebraska-Iowa State game:

Iowa State—	Nebraska—
Anderson	Boswell
Doty	Lunney
Wagner	Loder
Holmes	Mason
Hood	Parsons

SELECT STUDENTS TO ENTER RHODES CONTEST SATURDAY
(Continued from Page 1.)

interviewed the applicants Thursday morning in the office of Attorney General Good at the state capitol.

Employ District System.
This is the fourth year the district system of selection has been used and Nebraska sent a scholar each of the three preceding years. Each state selected its scholars, naming one each two out of every three years before the district system was used.

Applicants who were interviewed by the state board Thursday were: H. Francis Cunningham, Wentworth D. Fling, Frank S. Greenalt, Ralph A. Rodgers, and Harry L. West, all of Nebraska university; Clement Harris, Harvard university; Frank L. Hildreth, Hastings college; Chester L. Hunt, Nebraska Wesleyan; Henry R. Marshall, Creighton university; William Noyce, Doane college; Louis H. Peterson, Midland college, and Leo B. Ringer, Yankton college and the University of Minnesota.

The president of the University of Southern California says that a college freshman has only about one-half the vocabulary of the common laborer. "Swell," he says, "is used to describe 4972 situations."

HUSKERS LEAD BIG SIX IN INDIVIDUAL STARS

Sauer Wins All-American Honors; Lambertus Is Low Hurdler.

Nebraska led all Big Six schools in individual stars of the past season, boasting two great athletes, George Henry Sauer, and Heye Lambertus.

Lambertus was Nebraska's ace low hurdler, and junior and senior 200 meter hurdle champion, national A. A. U. Sauer won All-American honors as a fullback on Nebraska's highly successful eleven, and led the Western team to victory in the annual East-West classic.

In team standing Nebraska was far superior to all others, winning football, outdoor track, and trying for indoor track and swimming. Nebraska had one of the greatest football teams in the nation, suffering only one loss, to Pitt, by one touchdown, and smothering Oregon State 22-0, a few days after downing Iowa, 7-6. They rode through all conference opposition without a slip and also turned back Texas.

Much fear was at first expressed over the abolishing of the chute because track enthusiasts believed it would mar the continuance of large track meets which were formerly held here in the memorial stadium. However the 220 is to be started in front of the stands in the future and Coach Schulte assures us that it will not hinder in the least.

In referring to the shortening of the track two and one-third yards however, Coach Schulte says that the United States will have to come around to the use of the metric system of measurement sooner or later as the growing tendency is in that direction. At the present time, he further stated, only the English speaking peoples use the linear system of measurement. All the other countries such as Germany, Switzerland, France etc. use the metric system.

Again Coach Schulte is among the first track coaches in the United States to recognize and give way to the growing demands of the time. Altho the need of a new practice field hastened the change, Coach Schulte states the change is inevitable.

IT SEEMS TO ME

by RYAN IRWIN

Sauer! Sauer, even economists stop long enough from their heated discussions to mention his name. After one of the most brilliant performances yet made in an East-West tilt with an all star cast, George Sauer looms up as the hero of the hour, scoring both of the touchdowns of the day and standing out as the best player in a field of All-Americans. His creditable performance not only raises him to glorious heights but it also brings in the name of Nebraska.

Altho named on almost all All-American teams he was not acclaimed as the best ball lugger in the game because of the lack of large and numerous newspapers in this part of the country. However when he was placed on an equal plane with the other grid stars of the time Sauer came to front and proved superior not only in offensive ability but also in defensive play. However Sauer need not be mentioned more.

Coach Henry Schulte, by having the track shortened by a couple of yards, is installing the first track in the United States which will have a circumference of 400 meters instead of the former 440 yards. The chute from which the 220 was formerly run has been abolished because of the reconstruction work leading to a new practice field.

Two University of Nebraska professors have written articles for the December number of "Social Forces" magazine. Dr. J. O. Hertzler, chairman of the sociology department has discussed the subject, "Special Wisdom in the Ancient Egyptian Precepts." Dr. Earl H. Bell, assistant professor of anthropology, writes on "Age Conflict with Our Changing Culture."

Dr. Hertzler finds in his research into the Egyptian documents that these ancient people had a very utilitarian social philosophy. They admonished the individual to act properly in order that he might "get on" socially, that people might like to respect him, promotion come, and the lower classes give him their support. An egoistic, practical, concrete wisdom is there, Dr. Hertzler writes.

Seeking the answer to the eternal conflict between age and youth, Dr. Bell believes the family auto and "spending money" are two real causes. Youth has, he says, an advantage today because the old ideas are not working successfully. "The breakdown of the old recreational patterns and the intensified independence of youth" are given by him as straining the traditional agencies of social control.

MINNEAPOLIS.—Success of a new remedy for the common head cold this week was described in the Journal of the American Medical Association by Dr. Harold S. Dichl, director of the University of Minnesota health service.

Dr. Dichl last year revealed that he was experimenting with the remedy and expressed the hope that it would be a boon for cold sufferers, but withheld final judgment on its value.

Thru the Journal, however, he stated that the new treatment has proved effective in from 74 to 78 percent of the cases in which it was tried. He explained that a drug is used—principally made up of codeine and papaverine, two practically harmless opium derivatives.

Students treated for acute head colds with the medicine lost an average of one-half day from college work, as compared to the average of a day and a half lost by students given other remedies in an experiment, Dr. Dichl said.

ronstorp 2 H because of th "It seems very definite," he stated, "that from the results of this study opium and the major alkaloids derived from it are of distinct value in treatment of active coryza (medical name for colds). The chief result observed is a marked decrease or complete disappearance of nasal congestion and discharge.

An Arabic manuscript of the Koran, hand lettered on parchment, has been given to the library of Adelbert college of Western Reserve university.

Six-footers among the men students at the University of Maryland are rejoicing over the installation of a number of extra-length beds in the men's dormitories.

Clyde Devine, center on the Oregon State eleven, played thru seven games without giving away to a substitute or calling for time out.

President Robert G. Sproul of the University of California this week denied rumors that he might run for governor next year. "Not at all interested," he said.

CLASS A GAMES FAIL TO SHOW GENERAL UPSET

Delta Tau Delta Remains Leader in League III; Delta Sigs Lose.

Results in Class A basketball Thursday provided no upsets, although several thrilling games were played. Leaders in the first three leagues remained the same, with Delta Tau Delta assuming undoubted possession of the leadership in League III by defeating Theta Xi 28 to 10.

In League I Alpha Gamma Rho extended its winning streak with a 23 to 14 victory over Delta Sigma Phi. Alpha Gamma Rho needs but one more victory to assure itself of the league championship.

In the other game Sigma Phi Epsilon rallied in the second half to defeat Farm House 16 to 7.

Trounce Phi Psi.
The Pi Kappa Alphas continued on their rampage in League II by trouncing Phi Kappa Psi 26 to 8, while their closest rival for league honors, Sigma Alpha Epsilon, nosed out Chi Phi 12 to 8. These two teams meet next week for the championship. Delta Sigma Lambda and Phi Delta Theta failed to show up for their game.

Delta Tau Delta, as has been observed above, won from Theta Xi 28 to 10 in League III competition. Delta Upsilon provided the walkaway of the evening with a 40 to 1 triumph over Alpha Sigma Phi. Sigma Chi won over Phi Sigma Kappa by a forfeit.

Replace Tie.
The four-way tie existing in League IV was replaced by a three way tie with Beta Theta Pi, Tau Kappa Epsilon, and Sigma Alpha Mu as the leaders. Beta Theta Pi won its game with Sigma Nu in the final moments, 23 to 22. Sigma Alpha Mu continued its victory march by winning from Acacia 11 to 9, while Tau Kappa Epsilon forced its way into the leaders group with a 17 to 8 win over Alpha Tau Omega.

Schedule Future Tilt.
The most important game on next week's schedule will be that between Sigma Alpha Mu and Beta Theta Pi. The outcome will determine one of the co-champions of the league, and, if Sigma Nu upsets Tau Kappa Epsilon, the champion. If Tau Kappa Epsilon defeats Sigma Nu the winner will play the victor of the Beta-Sammy fracas for the championship. Champions of the other three leagues, barring upsets, are fairly well determined.

The date for the playing of the postponed games has not been determined, but is believed to be early next week. Next Monday's games will be given over entirely to Class B basketball.

DESCRIBES NEW CURE FOR COLDS IN HEAD

Drug Composed of Codeine And Papaverine; Tries Remedy on Students.

MINNEAPOLIS.—Success of a new remedy for the common head cold this week was described in the Journal of the American Medical Association by Dr. Harold S. Dichl, director of the University of Minnesota health service.

Dr. Dichl last year revealed that he was experimenting with the remedy and expressed the hope that it would be a boon for cold sufferers, but withheld final judgment on its value.

Thru the Journal, however, he stated that the new treatment has proved effective in from 74 to 78 percent of the cases in which it was tried. He explained that a drug is used—principally made up of codeine and papaverine, two practically harmless opium derivatives.

Students treated for acute head colds with the medicine lost an average of one-half day from college work, as compared to the average of a day and a half lost by students given other remedies in an experiment, Dr. Dichl said.

ronstorp 2 H because of th "It seems very definite," he stated, "that from the results of this study opium and the major alkaloids derived from it are of distinct value in treatment of active coryza (medical name for colds). The chief result observed is a marked decrease or complete disappearance of nasal congestion and discharge.

LIST MEN ON 'B' TEAM TO MAKE HEBRON TRIP

Coach Knight to Take Ten Players to Compete in First Tilt.

A squad of ten men has been designated by Coach Wilbur Knight to make the "B" team trip to Hebron Friday afternoon where the Knightmen are scheduled to play Hebron Junior college for their first tilt of the season.

The following day the same members will meet Luther college at Wahoo. They will return to Lincoln before continuing to Wahoo.

"The squad to make the trip, according to Coach Knight will include: Forwards: Forrest Bauer, Carl Hopt, Merrill Morris, Dan Shank. Centers: Charles Hulac, Voris Peden.

Guards: Tom Cheney, Walter Pailing, Louis Schick, Clare Wolf.

Y CONDUCTS AMATEUR BOXING COMPETITION

Early Reports Now Indicate Large Meet, States Coach Ostran.

Acting as a preliminary to the golden gloves tournament to go under way in Omaha Feb. 13-15, the Y. M. C. A. boxing matches will be held at the Lincoln Y Jan. 15-16. Harold Ostran, assistant director of athletics reported that early entries indicate the largest amateur meet ever promoted here. All amateurs are eligible.

Runners-up and champions will receive prizes in the following weights: Flyweight, 112 lbs.; bantamweight, 112-118 lbs.; featherweight, 118-125 lbs.; lightweight, 125-135 lbs.; welterweight, 135-147 lbs.; mid-heavyweight, 147-160 lbs.; light heavyweight, 160-175 lbs.; heavyweight, all over 175 lbs.

Coach Wants Material.
Coach Ostran urges all university material to try out for the university boxing matches the date of which has not been fully decided upon. Membership of the student body of the university body is the only eligibility qualification set by the athletic department. Boxers may train at the coliseum Monday, Wednesday and Friday at 11 a. m. and 5 p. m.

"With the athletic board contemplating over sanctioning inter-collegiate boxing matches, a golden opportunity is open to all promising pugilists who must be in condition to enter the team tryouts if the board sponsors events of this nature," said Ostran.

ENGLISH BY THE FOREMOST TEACHERS OF THE U. S. S. R.

Heat will be turned off in nearly all the buildings on the main campus at the University of Minnesota on Sunday and holidays when no classes are scheduled and it is estimated that \$5000 will be saved thru this action.

The student employment outlook at the University of Michigan brightened considerably last week with the announcement that several civil works administration projects may be launched on the campus.

A new department of the University of Michigan, designed to "correlate the efforts of campus ministers and thus bring the religious agencies and the university closer together" has been created by the board of regents.

President Neilson of Smith, formerly a Harvard professor, claims that college men lack mature understanding of art and literature because they spend so much time developing their bodies.

"The only requirement made of an applicant for admission to college should be, 'You must have yourself intellectually proficient at something,'" says acting President Edward Elyer of Union college in a recent article in the New York Times.

INDEPENDENT LEAGUE ENTRIES STILL OPEN

Tournament to Be Conducted Comparable With Inter-Fraternity Contest.

Play has not started in the Independent League Basketball, and entries will be held open for the rest of this week. Any men wishing to organize a group and enter should get in touch with the Intramural office at once.

A number of teams have already entered, and schedules will be drawn up next week. Play will start soon after the schedules are made.

The teams that have entered and have not selected a name should do so at once so that the proper names may appear upon the schedules.

The tournament will be run upon the same principles as the Interfraternity tournament. The teams entered will be divided into leagues, the number of leagues depending upon the number of teams. Champions of each league will be decided, and they will meet in the playoff for the Barb championship of the university.
