

# Good? They Had to Be to Stay 2 Years At the Ritz-Carlton in New York City!

★ A two year engagement at the swanky Ritz-Carlton in New York City is history not often repeated. But that's the record of Myron Lowther and his 14 piece Casanova orchestra. Socialites and debutants of the Metropolis danced for two brilliant seasons to the more brilliant music of this band.

★ Myron Lowther's Casanova orchestra wants a nationally known name. So they're barnstorming. Whiteman did it. Ben Bernie did it. Lombardo did it. And now Myron Lowther is doing it. And they're getting the very name they desire. Their delightful rhythms, their captivating harmonies are winning popular accord wherever they go.

MYRON LOWTHER.

★ And they're coming here. Now—their name means little. After January 26—they will be ranked by Lincoln among the really big "names" in the country. Their unusual interpretation of modern jazz music is winning for them the "name" for which the tour is being made.

★ It's really going to be an affair. Finals will be over! The party is informal! There are no other student dances booked for that week-end! And the price is much below most other big parties. So get a date today and plan on attending the premiere of Nebraska's newest social event—the Mid Year Frolic.

There has long been a definite need for some climaxing event to wind up the affairs of the semester in a grand style. And the prayer has been answered. For Sigma Delta Chi—the sponsors—are doing everything to assure the first a success. Expense takes second base in an effort to give Nebraska a truly representative party.

★ Need we remind you that the 26th is but a short time off? Why not get a date before you delve too deeply in the books in preparation for—well, you know what? It's going to be an informal affair so you can really be comfortable. The bulging shirt and the poke-you-in-the-neck collar can be left at home on the dresser. But you will feel like being informal after exam week is over. So do get a date today! Tickets are now on sale in your house, at publication distribution booth in Social Science, and from barb representatives.
