

IOWA SWIMMERS LED TO VICTORY BY DICK MURPHY

Cyclones Administer Sound Whipping to Huskers; Score 55 to 29.

KUKLIN IS COMING STAR

Diver Wins Only Nebraska First; Frosh Put on Exhibition.

Dick Murphy and a number of the other Iowa State swimmers took the Husker tanken in hand Friday afternoon in the Coliseum pool and gave them the soundest whipping they have experienced for some

time. The final tally was 55 to 29, with the Huskers winning only one first place, that in diving by Harry Kuklin, sophomore star rated as one of the best divers in the Midwest.

During the course of the afternoon's events the Cyclone mermen clipped four Big Six records, with Murphy being credited with the record times in three events, the 50, 100, and 220 yard free style races. In the 300 yard medley relay Gerry, Fries and Grant cracked the mark by a good margin.

No Records Official. None of the record times stand as official Big Six records, since the conference rule stipulates that all official times must be set up in the annual conference meet. However after the Friday performance the Cyclones did well to establish a few new marks when the members of the various teams convene in Lincoln early in March to compete in the field house pool.

Murphy was the outstanding performer of the day, offering for the spectators, and his coach, Daubert, the greatest achievements ever chalked up in the coliseum pool.

In the 50 yard event the Ames junior trailed Masterson till the last thirty-five feet, coming from behind to win in the time of 25.2 seconds, with Bernie following close in his wake. Rimmerman took third place.

Wins 100 Yard Sprint. Masterson stretched out to a big lead in the 100 yard sprint, but both Murphy and Grant overtook and passed him during the last lap to take first and second places for the visitors. The Iowa sprint ace finished 58.9 seconds after the gun cracked, thus bettering Masterson's old Big Six mark of 1:00.7.

The third race in which Murphy eclipsed the conference mark was the 220 yard free style. Glyndon Lynde, captain of the Husker tank squad, came in second in that race, the winner chalking up the time of 2:32.9. Grant of Iowa State took third place. The present conference record stands at 2:40.4.

Harry Kuklin, coming sophomore star, tallied the only win for the Huskers. He nosed out Zimmerman in the fancy diving by a 103.8 to 101.4 margin. Abe Grossman, Husker, took third with an 83.5 total.

Future Husker prospects provided a little spectacular work during the afternoon, balancing Murphy's performances. Jim Pixley came through in outstanding fashion in the 100 yard free style with the time of 54.9 seconds, about 4 seconds faster than Murphy's time. Pete Hagelin, Lincoln high school back stroke man; Reed Smith and Pixley, both freshmen, hung up the time of 3:17.4 in the 300 yard medley, 17 seconds below the Big Six record.

Dan Easterday, star Husker 440 yard man, was bested by two Iowa State men in that event, Herrick and Starbuck finishing ahead of him, the latter and Easterday setting the pace throughout the long grind. The time was 5:55.9.

Jack Fries, Cyclone breast stroke specialist, won the 200 yard race in 2:55.7, Gibbon, Nebraska, and Carl Feise, Iowa State, finishing second and third.

In the other event of the day Russell Gerry, Cyclone, grabbed another five points by winning the 150 yard back stroke in 1:59.2.

Summaries: 100-yard free style relay: Won by Iowa State (Starbuck, Ogden, Fries, Grant); Nebraska (Rimmerman, Masterson, Easterday); Lind (1st); Iowa (2nd); Nebraska (3rd). 150-yard breast stroke: Won by Fries; Nebraska (1st); Iowa (2nd); Nebraska (3rd). 200-yard back stroke: Won by Gerry; Nebraska (1st); Iowa (2nd); Nebraska (3rd). 300-yard medley relay: Won by Iowa State (Gibbon, Fries, Grant); Nebraska (Kuklin, Church, Lynde); 2:52.9 (Breaks Big Six record). Final score: Iowa State 55, Nebraska 29.

A special course in government finance and taxation under the new deal has been organized by economics department experts at Northwestern university.

That the University of Chicago is not in financial distress was affirmed by President Walter Dill Scott, of Northwestern university, in denying that this was the reason for the merging of the two institutions.

The demand for trained men in the textile industry now exceeds the supply, according to a survey conducted by the Georgia School of Technology.

Connecticut State college students demand one-half proceeds on examination papers sold to humor publications.

SCHULTE SENDS SQUAD THROUGH FINAL TRYOUTS

Trackers Show Improvement Over Performance of Last Week.

KAGGIES HERE SATURDAY

Husker Coach Says Team Will Be Prepared for Coming Meet.

Saturday afternoon the Husker cinder squad was put thru its first tryout preceding the Kansas Aggie invasion of Memorial stadium on Feb. 24. Several records were made, and on the whole, the squad looked much improved over the aggregation of a week ago.

Glenn Funk won his two specialties, the mile and half mile runs, setting one new record, 2 minutes 1.9 seconds for the half, but did not equal his former mark; in the mile, doing that race in 4 minutes 33.3 seconds. He set a record, last week, of 4 minutes 28 seconds for the mile, but overstepped this mark in yesterday's work. White finished second to Funk in both races, running quite a close second in the half mile, Rice placed third in the mile, and Ayres won that position in the half.

Dohrman equaled Funk's performance, winning first in both the high and low hurdles. These races were sixty yards long, ten yards longer than had formerly been run. Dohrman made the high hurdles in 8 seconds, and the low hurdles in 7.4 seconds, fast time for the track. Harold Peltz, cinder ace of a year ago, returned to the track long enough to run against Dohrman in the high hurdles, and finished a very close second, so close, in fact, that there was considerable argument as to whom had won the race. Humpal finished third in the high hurdles and second in the low, while Griffin took third in the high and Skowes finished in this position in the low. Heye Lambert counted on highly for points this year, was unable to compete, having pulled a muscle in the 60-yard dash.

Lambert won the 60-yard dash with ease, finishing in 6.3 seconds, and holding a considerable margin over Jacobson, who finished second. Cockburn finished third, close on the heels of Jacobson.

Howard Roberts and Merlon England tied for first in the 440-yard dash, in 53 seconds. England led the field up the final ten yards, but a terrific spurt by Roberts brought him a tie. No record was set by this race, England's former mark of 52.2 seconds still holding, but it was the first time this year that England was tied in this run. Fischer finished third, several yards behind the leaders.

A new record was set in the broad jump when Dick Cockburn, suffering from a badly bruised heel, placed 22 feet 1.4 inch, for first cleanup and a record in this year's tryouts. Cockburn jumped only once, his injury not permitting him to participate more. Humpal leaped 21 feet 7 inches for second place, and Werner 20 feet 7 1/2 inches for third.

The two mile run was done in slower time than formerly. Story finishing first and Hoffman second. The former ran it in 10 minutes 6 seconds, and the latter in 10 minutes 24.6 seconds. Story's mark of 10 minutes 1.9 seconds, made a week ago, stood unchallenged for this season's tryouts.

New tryout records were made in the high jump, pole vault, and shot put in yesterday's trials. Martin jumped 5 feet 10 inches for first place in the high jump and to better by one inch the mark made by Toman last week. Andersen finished second in this event with 5 feet 6 3/4 inches to his credit. Nichols and Dean tied for first in the pole vault at 12 feet 6 inches, the highest either has gone so far this season. More height is expected as the season goes on, Nichols having made over thirteen feet last season. Cosgrove and Swank finished next to the leaders at 11 feet each.

Owen Rist established a new tryout mark for the shot put when he heaved the iron ball 44 feet 9 inches, to better by 6 inches his mark of a week ago.

The spectators were treated to a special exhibition by Bob Mills, Lincoln high youth, who threw the 12 pound shot put 49 feet 1 inch. Mills is a protégé of Coach Lauriston at Lincoln high, but works out every day in the coliseum.

The tryouts were the last the Huskers will have before participating against the Kansas Aggies in a dual meet here Feb. 24. Coach Schulte is not completely satisfied with his squad, but notes a general improvement. He stated: "We have a good team that requires but a little more work to bring into excellent condition. When the Kaggies arrive on the 24th they will find us thoroughly prepared for them."

SOONERS SMASH HUSKERS FIRST DIVISION HOPES (Continued from Page 1).

in charge at the start of the battle and kept them there until the gun sounded designating the end of the tilt.

The Scarlet's failure to put up a suitable defense against both Bross and Browning completely and promptly squelched any hope the Brownsmen might have held for landing a top division berth in the Big Six basketball race.

Widman and Sorenson led the scoring for the invading troops with six points accredited to each of them and Whitaker was not far behind with five markers to his credit. With these three sophomores leading the Husker scoring a fourth yeeting, Dwight Loder tied with Kenneth Lanney and Bud Parsons for fourth place with a field goal to his credit.

The lineup and summary:

INTRAMURAL SPOTLIGHT

With the finals just around the corner, fraternity volleyball teams are putting on the final spurt for league championships. In some of them all but crowned. In every league certain teams stand out as the potential champs, and many of these sets need but one victory to be champs, and that over a much inferior team as a rule.

The Phi Kappa Psi sextet is continuing its march for the university fraternity athletic championship by stepping out in volleyball with three wins in a row, seeming little bound in League III competition. Wednesday night they beat their closest rivals, Beta Theta Pi, by a decisive margin, and meet Alpha Gamma Rho next Thursday for the league championship. They are assured at least a tie for the title if they lose to the A. G. R's and, if they win, will be crowned undisputed champs.

Pi Kappa Alpha is right on the trail of the Phi Psi for university honors, being undefeated to date in League II, and finding themselves much in the same position as the Phi Psi are in regard to the league championship. They have to beat the Sigma Alpha Epsilon six if they are going to have the undisputed title, but will have at least a tie even if they are beaten.

The only disputed title right now rests in League IV, where the Delta Sigma Phi and Farm House sextets are tied for the lead with two victories and no defeats each. At the rate they're going now the championship won't be decided until the two meet in the last game of the league, played next Thursday. Farm House crept into a tie by defeating Lambda Chi Alpha, previously tied with the two present leaders.

In spite of all these ties and victory stories, there is considerable agitation just as to who will win all these championships lying around for the best teams. These boys who think that that other game will be a cinch, don't reckon with a group of undergrads who think they have just as much chance as the next fellow and are out to prove it. Too often this year the supposedly champions in intramurals have been upset by some team reputedly weaker, and supposed to be "grapes."

As a result, even the leaders are prone to consider a championship won, and say "Wait until after the game." So if anyone is interested in seeing some inspired, fast volleyball, the games next week will be as good as can be found.

Only one team that finished in the first four last year is undefeated this year, that team being Delta Sigma Phi, in league IV. The A. T. O.s, Betas, and Phi Sigma Kappas, last years first three places, have all been beaten once or more, and only Delta Sigma Phi, fourth place winner last year, remains in the "running." All together, a new set of champs are waiting to be crowned, and the games next week will see them crowned.

The Deltas are going places in League III, having lost only one game in all their competition to date, but they too equal the efforts of the Phi Psi and K. A. when it comes to undergrads who think they need but one more victory, but are assured of a tie if they lose. They meet Sigma Chi Tuesday in their last game of the league.

Handball results have been slow in coming in, so no announcement of winners has been made as yet. As soon as the results are checked in at the Intramural office, however, they will appear in this paper.

A ping-pong table has been purchased and put up in the basement of the coliseum for the use of the students who prefer this sport to wrestling, boxing, tennis, basketball or any other of the sport activities of the building. A small fee of ten cents an hour will be charged for playing until the table is paid for.

POWERS OF ALUMNI COUNCIL, CONTROL BOARD MAY PROVE GOOD THING STATE SOME, OTHER GREEK LEADERS DISAGREE.

(Continued from Page 1).

cially established by the Board of Regents at their meeting last Thursday. Under the plan worked out by them full control and complete jurisdiction over all fraternities and organizations of like nature is to be vested in an interfraternity board of control of eleven members. Also created to work as an advisory group was an official Interfraternity Alumni Council to be composed of one alumnus from each fraternity of recognized standing on the campus.

The board shall be made up of seven members of the alumni council who shall be chosen by the university senate; two members of the senate committee; and two members of the student interfraternity council. According to the resolution passed by the Regents the group will have absolute authority to govern and discipline all fraternities as it sees fit. The board will also determine what powers shall be delegated to the undergraduate council and will investigate and pass on such matters as rushing, pledging, initiating, social activities, chapter houses, and activities of fraternity members which may be brought before it for any reason.

The alumni council and its executive committee, a group operating since last fall, lacked official power until the Regents' move. The movement for the formation of such a body was instituted by Dean Thompson, who after calling several general meetings of fraternity representatives, led the organization of the unofficial and advisory alumni group.

BIBLE ANNOUNCES FOOTBALL DRILLS TO OPEN MARCH 5

Husker Coach Expects Large Turnout Due to Number Of Freshmen.

Spring football drills will begin March 5, and will continue for a period of four weeks, according to word received from the athletic office. Coach Bible expects a large turnout, due to the number of freshmen candidates for the team who will be eligible for varsity competition next fall.

Due to the new arrangement of the field, and the added practice fields, there will be room for more men than in previous years, and more opportunity will exist for competition.

Can Use Six Teams. Six teams can be put in action at one time, while previously not more than two could compete at one time. The added facilities for practice will aid the coaches in that it will enable them to see a number of men in action at once. Each individual player will be given ample opportunity to demonstrate his ability before the choice of teams will be made.

The main purpose of the drills is to acquaint the new men for next years team with the style of play of the varsity. Coach Bible stated: "Our sophomores next year will constitute the backbone of the team, as they will be all the reserve material we will have. Some of the positions on the varsity also will have to be filled by them."

The spring drills are varsity type of offense, entirely new to them. We coaches will have an opportunity to try the men in different positions, find their right ones, and drill them thoroughly in fundamentals, so that next fall, when we report once more for practice, we will have a group of men on hand who will be able to be formed quickly into a good eleven."

Ten Graduates. The significance of Coach Bible's statement can be readily shown by the fact that ten of the starting lineup of last year's team graduate this June, leaving only Franklin Meier, All Big Six center, as the one veteran. Lettermen can be found for every position, however, but the sophomores, as Coach Bible stated, will be depended on considerably during the 1934 season.

Early information indicates that the team for next fall will be heavier than the team last year. Almost every line position will have a letterman weighing around two hundred pounds to fill it, and the freshman squad presents several men who tip the scales at well over two hundred.

STUDENT RELIEF PROGRESSES AS 37 OBTAIN JOBS

(Continued from Page 1).

In actual need of work will be notified of action on their applications the latter part of the coming week, Dean of Student Affairs T. J. Thompson declared. Announcement of jobs will not be made from day to day but in one group and at the same time, he indicated.

Thorough Investigation. "With new students once taken care of," Dean Thompson said, "the faculty committee must of necessity make a thorough investigation of every student in attendance now who applies for work. We want the really worthy students to get aid and are going to great lengths to determine just which of those applying are deserving of part time work. Students who are in need and have not yet filed should do so at once. Applications will be considered as long as funds are available.

The university has openings for more jobs than the federal grant provides for, according to J. E. Boschult, assistant university purchasing agent who is in charge of placing students in the various positions. All departments have filed their lists of openings, totaling some 500, with Mr. Boschult, who upon interviewing students whose applications have been approved, assigns them to work as is best fitted their ability.

Students are being put to work as fast as they present their certificate of physical examination by

the student health department, Mr. Boschult declared, and a large number were prevented from starting to work Saturday only through lacking the examination.

Work in which students will be engaged under the federal relief include campus upkeep, clerking, laboratory and research work, typing, stenography, reading, and library work.

Students here who desire may still file applications for men being made to Dean Thompson's office, and those for women in Dean Heppner's office in Ellen Smith hall.

BARB QUINTETS NEAR FINISH LEAGUE GAMES

Cafeterias and Vikings Head First, Third Divisions Cage Tourney.

ROUND ROBIN ENDS PLAY

The championship of League III of the Independent League Basketball was definitely decided as the Cafeteria quintet walloped their last opponent to win the title, beating the Pirates, 23 to 1. The Cafeteria quint stepped into an early lead and was never headed in the tussle, during which the Pirates were able to pierce the Cafeteria defense for only one free throw. The latter team finished this game, and then played the extra period of a game which they tied with the Dents at the beginning of the season, which they won 9 to 7. The score in the extra period was 3 to 1 for the Cafeterias.

A. C. B. C. assured itself of second place by edging out the Y. M. C. A. quint 12 to 11 in a fast game. The A. C. B. C. team won in the last minutes of play after the lead had seceded between the two for the greatest part of the game.

The Y. M. C. A. team is tied with the A. C. B. C. quint for second place, while the Dents won third by being forfeited to by the Tigers.

Two league championships have been decided, the championship of League I having been won by the Vikings, and the third will be decided next week. Two sets of games remain to be played in League II, after which the championships of that league will be decided.

Hedge's leads the league with 3 victories and no defeats.

The three league champions will meet in a round robin tournament to decide the university Barb League champion. Each team will meet the others and the one with two wins and no defeats will be university champ. The tournament will take place as soon as can be arranged.

HUSKER B CAGESTERS WIN IN LAST MINUTE

Nubbins Eke Out 24-23 Win Over Hebron in Slow Hoop Contest.

In a slow-moving tilt which was liberally bestowed with fouls on each side, the Husker "B" basketball team eke out a victory in the last few minutes of play over the invading Hebron cagesters by a 24 to 23 count Saturday evening on the agriculture college court. The outcome was in doubt during the entire contest up to the time the gunshot announced the end of the contest.

For the Nebraska squad three men dominated the play contributing a total of 6 points each, surpassing by two markers their nearest rival on the other quintet, Bauer, Pailing and Chase were the outstanding men on the court.

Bauer ran up three field goals immediately after the opening of

Your Drug Store The Owl Pharmacy 148 No. 14th and P Street

the game but was so closely guarded that he was not allowed to contribute another point during the remainder of the entire battle.

However, both Pailing and Chase, after scoring two markers in the opening canto, came back during the dying moments of the final period to fill in the score board with eight points between them. It was Pailing's goal, with only 55 seconds left to play, which put the Knights out in front for the final count.

Peden and Shick furnished the bulkwork of the defense for the Knights, Shick's three points also helping the total.

A lake is being constructed on the Iowa State college campus by CCC workers. It will have a surface area of approximately three acres.

A bridge will be constructed between the University of Iowa Union and the moments colony. Contracts have just been let for the job.
