

CAMPUSOCIETY

ARE THEY GOING TO DO IT BE- fore school's out or aren't they going to do it? That seems to be the question now about the girls and boys who have effected a transfer of pins but haven't ever passed the candy and cigars. Of course some of the badges aren't even worn 'out', but the consensus of opinion is that something should be done about it. For instance, Anne Bunting, Pi Phi, has been wearing George Sauer's Delt pin for some time now without any announcement having been made, and the Pi Plus and Sigma Nus are equally anxious for candy and cigars from Eva Mae Livermore and Harold Jacobsen.

AND WHEN WILL Roma De Brown and Otto Katouc give the Kappas and the Deltas candy and cigars? Jeanette Arensburg, Alpha Phi, has had Herb Myers' D. U. pin for a long time, and the Kappa Sigs are clamoring for cigars from Don Starnes, whose pin is on Priscilla Herrick, Theta.

EVEN IF—it isn't John Gepson's Phi Psi pin that Elizabeth Shearer, Theta, is wearing, the Kosmet Klub members would, no doubt, be glad of the opportunity to fill the office with smoke. And Ruth Cain, Tri Delt, hasn't done any announcing about the A. T. O. pin she has. It's Bob Winegar's, by the way.

THEY SAY—that Jo Reimers, Delta Gamma, and Deane Webster, D. U., will probably pass the candy and cigars pretty soon, and Bert Hausner, Theta, and Chi Galloway, Sigma Chi, may do it even sooner.

THE TWO—Smith sisters, Delta, Delta and Delta, are both wearing Beta pins. Sidly has Dean McQuarrier's and Martha has Paul Richardson's. Margaret Buol, Chi O, is wearing Doc Mungers' Phi Rho pin, and they haven't made any announcement.

BUT LAST NIGHT at the Theta house, Dorothy Jean Stuart announced her engagement to Harry Salter, Phi Gam. Dorothy Jean is from McCook and is a senior. Harry goes to law college and is from Norfolk.

A MAY WEDDING will be that of Miss Dolores Drayer of Lincoln to William J. Kotter of Pittsburg, Kas. Both Miss Drayer and Mr. Kotter attended the university where he was a member of Pi K. A.

SATURDAY AFTERNOON Miss Lorraine Gamble of Knoxville, Ia., was married to Albert Hass of Chariton, Ia. The bride attended the university where she was a Delta Gamma and prom girl.

ANNOUNCEMENT WAS made Sunday of the marriage April 21, of Miss Anne Elizabeth Gouse of Clinton, N. J., to Charles Benbrook of Boundbrook, N. J. Mr. Benbrook received a B. S. degree at the University of Nebraska and is an Alpha Sig.

AND JUNE SECOND is the date set for the wedding of Miss Helen Alexander of Beatrice to Henry Ohlsen of David City. Both attended the university where Miss Alexander was a Kappa, and Mr. Ohlsen joined Sigma Alpha Epsilon.

ANOTHER JUNE wedding is that of Miss Edyth Perry of Big Springs to Clarence F. Wright of

Unsettled Economic Conditions May Be Cause Lower Scholastic Average In University, Explains Dean Harper

Worry over unsettled financial conditions, greatly offsetting increased seriousness in university students may be one cause of grades being slightly lower last semester than the corresponding term last year, was the opinion advanced by Dean of Men W. C. Harper in an interview Monday.

Dean Harper emphasized that no particular fact or theory could be pointed out as a cause for the lowering of scholastic averages. He also stressed the small degree of difference in the averages of the two semesters.

"That the seriousness of the times has brought about a more serious attitude on the part of students is an opinion generally held," Dean Harper mentioned, "but perhaps added worries of affairs at home and at school, and concern over what the future holds in store tend to overbalance this change."

Work Heavier. Added work and longer hours of outside duties undoubtedly have some effect on the quality of the students' work, he believes. Many hours of outside work together with a twelve hour university course leave little time. Men will come to university with practically no funds, expecting to work their way through and find that the long hours are not conducive to good grades. Mr. Harper did not seem to agree with the statement which gained so much credence at one time, that many were now at-

tending university because they could not find work. At least, he added, this is not noticeably the case. Men more than women are inclined to do so because they have a somewhat better chance of finding employment.

"The statement that college requirements are stiffening probably has no basis," he said, "for I have heard students repeating this for ten years. The reputed extravagant and frivolous college student of the past has probably been exaggerated for it was always only a small group that had large amounts of money to spend. The majority of the students came to school on average and little means. Now the whole scale has been lowered which accounts for the more serious aspect of student life. There are, however, the same distinct groups as always."

Dean Harper explained that definite causes cannot be given, only probable explanations and examples pointed out. He further inferred that the lower grade scale might be due not to the change in conditions of university life but only an accidental fluctuation.

ALEXIS TO SPEAK AT MINNEAPOLIS MEETING

"Hjalmar Edgren as a Man of Letters" is the subject of a paper to be presented by Dr. J. E. A. Alexis, chairman of the university department of Germanic languages, at Minneapolis next Friday. At that time the Society for the Advancement of Scandinavian Study holds its meetings at the University of Minnesota. Dean Edgren, about whom the paper will be written, was for many years on the University of Nebraska faculty.

ALUMNI ARE VISITORS AT ENGINEERING COLLEGE

Visitors to the department of engineering the past week have been: Engineers Bickley and Craig of the Northwestern Bell Tele-

phone company at Omaha; Harold B. Huff of Augusta, Kans., who was a graduate of the university in 1930; and Harold A. Hahlbeck, a former student in electrical engineering, who is now general plant manager for the United River Plate Telephone company at Buenos Aires.

Photo Portraits Of Four Co-eds Receive Blue Ribbon Awards

Portraits of four University of Nebraska Co-Eds received blue ribbons as "awards of merit" at the twenty-ninth annual convention of the Professional Photographers Society of New York last week. The subjects were Priscilla Herrick of Omaha, Louise Stiles of Omaha, Carmenne Felter, Lincoln, and Geraldine Moses, Lincoln. The pictures were exhibited by the Townsend studios of Lincoln.

School of Music.

The twenty-seventh musical convention will be a senior piano recital by Lillian Koudele, student with Lura Schuler Smith, Wednesday at 4 p. m. in the Temple theater.
Marian Williamson, soprano, will give her senior recital Sunday afternoon, May 2, at 3:00 o'clock in the Temple theater. The Thomas male quartet sang Friday evening for the university graduate club. Russell Cummings gave a program Friday evening for the I. O. O. F. lodge. Gerald Mott will sing this evening for the league service at St. Paul's church. Margaret Kimmel, accompanied by Irene Remmers, will give a program for the Axis club banquet Tuesday evening at the Lincoln hotel. These are students with Mary Hall Thomas.
Hazel Gertrude Kinsellas' latest book, "Music on the Air" had a half page review in last Sunday's issue of the Omaha World Herald. Favorable reviews have also appeared in a number of eastern newspapers. The publishers report that over 1300 copies were sold over the counters of New York City the first day the book was issued.

Valorita Callen, instructor in violin, accompanied Earnest Harrison, professor of piano, played before the assembly of the high school at Milford, Neb., Thursday morning. Miss Callen also appeared on the Delta Omicron alumnae program Tuesday evening at the home of Mildred Chapin. Bertha Schuessler, student with Miss Callen, won second place in a district contest held at Seward Sunday afternoon. A string trio

under the leadership of Louise Powell, student with Miss Callen, played for Temple lodge of Eastern Star at the home of Mrs. Pelcier on Thursday afternoon. The two other members of the trio were Vera Wekesser, cello, and Marian Munn, piano.
Vance Leininger, student with Herbert Schmidt, will give a piano recital Sunday afternoon, May 6, at 4 o'clock.
Olive May Booth, student with Ethel Owen, played for the Sunday school at Warren M. E. last Sunday.
The school of music ensemble, under the direction of Ethel Owen and Edith B. Ross, will appear in a concert at Seward high school, Seward, Neb., on May 4th. Parvin Witte, sang for the Sun Dial Business Women's club at the Y. W. C. A. Thursday.
Betty Zatterstrom, student with Carl Steckelberg, accompanied by Marian Munn, student with Earnest Harrison, played for the Jolly Gee club at the Y. W. C. A. Thursday evening.
Romulo Soldevilla, student with

Ruth Dreamer, played Thursday evening for the 26th and O. P. T. A. card party at Robert's Dairy club room.
Prof. Edison Speaks At Irving Junior High
Prof. O. E. Edison of the department of electrical engineering spoke before the Irving junior high school assembly last Tuesday afternoon. Among engineering devices which he demonstrated was one for carrying a voice over a light beam, and a Stroboscope.
The universal belief that the average athlete is a "dumbbell" was destroyed by tests made at Milwaukee State college. Median scores for athletes were 78 and for non-athletes, 82. This slight difference was attributed to the fact that athletes have less time to
To the credit of the man who died drinking furniture polish, it must be said that he certainly had a nice finish.—The Dakota Student.

There are 150,000 more married men than married women in the United States. This is explained partially by the fact that a great number of immigrants have left their wives in their native land.

Coed's Guide to a lovely skin

Follow Helena Rubinstein's beauty teachings. Help to keep glorious health and youth in her skin with her famous—**First Steps to Beauty:**

1. Wash with Beauty Grains, the only wash of its kind. Wonderful for black heads, large pores. Aids in keeping skin clear, fine textured. 1.00. Follow with Pasteurized Face Cream. Molds contours. 1.00. (For dry skin use Pasteurized Face Cream Special. 1.00.)
2. Enliven with Skin Clearing Cream. Animates—helps to replace dullness with young radiance. Excellent for clearing freckled skins. 1.00.
3. Tone with Skin Toning Lotion. Refreshing, bracing. 1.25. For very dry sensitive skin use Skin Toning Lotion, Special 1.25.

MILLER & PAINE

Mrs. Champe Says —

"We specialize in quality permanents and individual finger waves, as modern and new as tomorrow—the new version of the sea breeze for the short haircut, the streamline for the longer bob, and many other clever original finger waves, a style to suit every type of features.
Our permanent wave machines are the newest 1934 models. Our drying room is equipped with the new Challenger dryers—expert operators—personal supervision of Mrs. Champe.

The clean Center Leaves are the mildest leaves

They Taste Better!

Luckies are all-ways kind to your throat

WHEREVER the finest tobaccos grow—in our own Southland, in Turkey, in Greece—all over the world, we gather the very Cream of the tobacco Crops for Lucky Strike. And that means only the clean center leaves. The center leaves are the mildest leaves—they taste better and farmers are paid higher prices for them. These clean center leaves are the only ones used

in making Luckies. Then "It's toasted"—for throat protection. And every Lucky is fully packed with these choice tobaccos—made round and firm, free from loose ends—that's why Luckies "keep in condition"—why you'll find that Luckies do not dry out—an important point to every smoker. Naturally, Luckies are always in all-ways kind to your throat.
