ALL SCHOOL DINNER SCHEDULED JUNE 28
Affair One of Events on Program of 3-Day Conference.

A dinner for all men and women students of the summer session will be held next Thursday evening, June 28, 6:30 p. m., in the Student Activities building, on the college of agriculture campus.

The dinner is one of the events on the program of the state educational conference, which is being held in Lincoln next week.

Chancellor E. A. Burnett will preside over the meeting which will be a panel discussion. C. A. Bowers, secretary of the Nebraska State Teachers association, will direct the program, which will be participated by conference speakers, visiting instructors, and faculty members. The topics to be discussed will be announced later.

Many administrators of the state are expected to be there, and it is hoped that the university summer session will be represented by 200 or more students.

The activity committee will have charge of the sale of tickets, the price of which will be 50 cents. Tickets will be on sale in the Teachers college, next Thursday, June 28, the day of the dinner.

HAROLD JACOBSEN, LAMBERTUS LEAVE FOR LOS ANGELES

Two Husker Tracksters to Meet Tough Competition At. N.C.A.A. Meet.

Heye Lambertus and Harold Jacobsen will represent the university at the national collegiate track and field championships to be staged in Los Angeles Friday and Saturday of this week. These two Huskers received bids to the contest and left by rail for the coast Wednesday.

In Lambertus, the Cornhuskers possess one of the fastest low stick skimmers in the country. The Gothenburg ace is holder of both junior and senior A. A. U. 220-yard low hurdle titles. Placing second to Glenn Hardin of Louisiana State in the record breaking time of 22.9 seconds Lambertus is expected to place well in the coast meet. When Hardin broke the world's record in the event at the Chicago collegiate championships Lambertus was just a split-second behind him, being clocked in the remarkable time of 23 second flat.

During the winter season Heye established a new world record for the 60-yard lows. Under the Nebraska stadium Lambertus paced off the distance in 6.7 seconds with the low sticks offering little impediment.

Harold Jacobsen, the other contestant representing the Scarlet in the coast meet, is a sophomore who has been doing things in Big Six circles this year. Jacobsen, another dash man who has improved remarkably under the tutorage of Coach Henry Schulte, has been credited with the time of 9.7 in the 100 and turned in 21.4 in the 220 dash. Jacobsen's only defeat this year was suffered from the flying feet of Edwin Hall of Kansas, who is Big Six champion in the short events.

However, on the coast the going will be much more difficult for the Husker contingent. Not only will Lambertus and Jacobsen be facing Hardin and Hall respectively, but Lambertus will also be up against John Herring, Texas A. & M. speedster who has consistently battered and broken Hardin's efforts during meets thus far this season.

Jacobsen will find it very difficult to place, running up against the toughest competition in the world. Ralph Metcalfe of Marquette, Negro speedster who unofficially lowered the world mark for the 220 dash and placed second at both the 100 and 220 in the last

Who will speak Monday night at the second of a series of dinners and round table discussions of athletics. The Husker football mentor will tell of the coaches' association and the football rules committee.

Olympics, and Hudson Hellmich of Illinois will constitute still more competition.

Most meet records are likely to tumble before the cream of the nation's onslaught. The fight for the team championship, apparently lies between Louisiana State and the powerful Stanford aggregation. The giant Jack Torrance and Johnny Morris head the Louisiana group, while Johy Lyman and Allen Blackman will support the burden of points for Coach Templeton's Stanford boys. Southern California is also expected to place well in the lead.
