GOLF IN SPOTLIGHT AS PLAY COMMENCES IN THREE FLIGHTS

De Voe Posts Pairings for Annual Tournament This Week.

The summer session recreation committee spent most of its time last week formulating plans for the women's athletic program and the men's recreational activities according to a report issued recently.

According to present plans the university women's baseball team will play several out of town teams in the area surrounding Lincoln and will in addition participate in the city tournament.

While it could not be learned yesterday just what the schedule for the men's kitten ball team would be, indications led to the belief that a picked group would enter the city tournament which starts the latter part of this month.

Holding the spotlight for the present, however, is the annual summer session golf tournament. Pairing for the events were recently posted in Teacher college, and play was to have commenced this week. Pairing for the various flights are as follows: Flight A, Prince vs. H. E. Adler; J. E. Adler vs. Johnston Snipes; Dubroy and Schroeder both drew byes according to the announcement. In flight B, Fowler vs. Kirkpatrick; Rockwell vs. Mitchell; McIntyre vs. P. Anderson; Bragg vs. Wilcox. In flight C, Bell vs. Weige; De Voe vs. Drehl; Anderson vs. McEachan; and Partridge vs. Corey.

Lowell De Voe, in charge of the golf tournament, stated yesterday that the first round of the tournament should be completed by July 20, the second round by July 25, and the third by July 31. Results of all matches should be turned into Professor Lantz or Lowell De Voe.

The committee also announced that the all women's picnic scheduled for this week is to be postponed until later in the term, to avoid the intense heat of the past week. Interest manifested in the affair by university women indicated that the affair should be a success, and the committee intends to go ahead with its present plans.

Considerable satisfaction was expressed by the committee over the enthusiastic reception given the men's steak fry, and they signified their intention of making the affair a permanent feature of the summer session.

One Hundred Fifty Attend Steak Fry At Pioneer's Park

Over 100 university men found relief from the blistering heat and the grind of classroom duties in the annual steak fry at Pioneer park last Thursday afternoon and evening. This was the second annual men's picnic, and it is hoped that it will become a traditional feature of the summer recreational program. Unanimous and enthusiastic approval marked the attitude of all the men who attended.

An unusual feature of the affair was the fact that faculty men served the students. Entertainment included baseball under the direction of Art Jones, singing led by Lowell DeVoe, and an open forum with Ralph Brooks as leader. Doctor Corey and Superintendents McGee, Bell, and Bitner entertained the group with humorous talks. Other talks were presented by Doctor Morton and Dean Henzlik.

Prof. E. W. Lantz, Wendell Dodd, and Art Jones, members of the summer-session recreation committee were in charge of the event.

"We were more than pleased with the reception given the steak fry last week," Professor Lantz stated yesterday. "The success of this year's affair assures another one for next year. From all reports everyone who attended the affair had a good time."

P. D. K. Holds Open Meet Monday Night

An open meeting of Phi Delta Kappa, honorary educational organization, will be held Monday, July 23, at the Grand hotel, at 6:30 p. m. according to Charles Bowers, president of the organization.

Following the dinner, a discussion will be held. Speakers included in the program are Dr. E. E. Dale, and Dr. R. E. Reynolds. As a special speaker for the event, Prof. P. A. Wadia, of the University of Bombay, has been secured. Professor Wadia, well known in the educational world, will talk on the "Future of Democracy" or "The Economic Tangle and the Way Out," according to tentative announcements released yesterday.

The open session being held Monday night is the last in a series of five meetings sponsored by the Nebraska chapter of Phi Delta Kappa. Other events held under its auspices were the vicennial celebration held Wednesday in conjunction with Pi Lambda Theta; the annual picnic and initiation of new members; open forum discussions at the Grand hotel; and other closed sessions.

COACH H. F. SCHULTE ADDRESSES MEETING Brings to Close Series Of Lectures on Athletics.

Coach Henry F. "Indian" Schulte concluded the series of good will athletic dinner being held at the Grand Hotel during the summer session, Monday night when he discussed the "Track and Field Athletics of the Future." Coach Schulte's talk was preceded by a dinner and round table discussion. Following his talk motion pictures of general interest were shown.

Last week Coach W. H. Browne addressed the group on "Basketball, the International Sport, and the Sport of the Millions." Motion pictures were shown following his talk.

The athletic department of the university has sponsored a group of five lectures given by members of the university athletic department. They were open to high school coaches and others interested in high school athletic programs. Other speakers were Coach D. X. Bible and J. K. Selleck.

Coach Bible addressed the group on the nature and changes of the football rules. He is a member of the America Football rules committee. J. K. Selleck, treasurer of the athletic department, spoke on the problems and methods of financing and advertising athletic contests.

WILLIAM SWEET TO DISCUSS NRA HERE FRIDAY MORNING

Roosevelt Recovery Plan Subject of Former Governor.

William E. Sweet, ex-governor of Colorado, will address university summer session students at a convocation to be held in Morrill Hall Auditorium, Friday, July 20, at 11 o'clock, according to R. D. Moritz, director of the University summer session.

Mr. Sweet appears on the Nebraska campus in behalf of President Roosevelt's recovery program. His talk will deal with the NRA, and more particularly on the latest developments in this field.

"Since ex-Governor Sweet speaks as the official representative of the president, students should avail themselves of the opportunity to hear his address on a subject of such vital importance as our national recovery act," Mr. Moritz stated yesterday.

Mr. Sweet has been lecturing at numerous universities and colleges in the east and middle west since early in July.

Dr. P. A. Wadia, of the University of Bombay, will be a speaker at the last meeting of Phi Delta Kappa, educational fraternity, to be held at the Grand Hotel, Monday, July 23, at 6:30 p. m.

Dr. Wadia has been Dean of the Faculty of Arts of the University of Bombay, India, for the past seven years and chairman of the University Board of Economics, Political Science, and Philosophy. He is the author of many books, and is well known in the educational world.

Dr. Wadia's talk before the Phi Delta Kappa meeting, open to all desiring to attend, will conclude the educational fraternity's program at the University summer session.

Johnson Describes Japan And Customs to Students

Dr. Roswell H. Johnson gave an informal talk Sunday evening on the Ag campus to a group of his students and visitors. His talk centered around Japanese customs and modes of living.

"The Japanese are very hospitable and unusually courteous to visitors," he said. "They are very artistic people and one finds many art objects in their homes."

Sixth Summer Mixer To Be Held Friday Night in Coliseum

The sixty university summer session mixer will be held in the university coliseum, Friday, July 20, according to an announcement from the recreation committee. Dave Haun and his ten piece orchestra will play for the event, and entertainment will be furnished during intermission time. The admission price will remain the same, at 10 cents per person.

The mixer held last Friday again attracted a large crowd, with over 600 students attending. Entertainment was furnished during intermission, when a young lady imitated several famous movie personalities. Dave Haun played for the affair. Professor and Mrs. Lantz chaperoned the affair.

Summer session mixers have drawn record breaking crowds this year according to officials in charge of the affairs. Unofficial estimates place the number of students attending the affairs at approximately 3,500 students for the five mixers held so far. Officials expressed satisfaction over the attendance.

TEACHERS' BUREAU PLACES SEVENTEEN Nebraska Graduates Get Jobs in All Parts Of State.

Seventeen teachers were placed last week, according to a report received yesterday from the office of R. D. Moritz.

Among those receiving positions were: Constance Cruickshank, Nebraska City, who will teach music at Alliance, Neb. Bettynell Moore, Lincoln, is to teach primary grades at Marion, Neb. Murial Moffitt, of Lincoln, is to teach home economics at Callaway. Cleda Shields, of Lincoln, goes to Bloomington, where she will teach Latin, typing and English.

Adeline Cook, Stanton, is to teach elementary grades at Pickrell. Pearl Phillips, Lincoln, will teach rural school at Ashby, Neb. Mildred Chappell, of Creston, Ia., will go to Minatare, Neb., where she will teach junior high.

Mildred Putney, Lincoln, will teach music and English at Anselmo. Marjorie Helvey, Sheridan, Wyo., will go to Clearmont, Wyo., where she will teach music, English and Latin. Mildred Romberg, Scribner, will teach normal training, history and English at Newman Grove. Harold (Continued on Page 2.)

PHI DELTA KAPPANS OBSERVE VICENNIAL AT TUESDAY DINNER

Dean Henzlik and Reed Laud Accomplishments of Local Chapter.

The Vicennial Anniversary of Omicron chapter of Phi Delta Kappa, men's honorary educational fraternity was abscond in the Cornhusker hotel, Tuesday, July 17.

Dean F. E. Henzlik, acting as toastmaster, read the list of charter members who were responsible for the organization when Omicron chapter was formally chartered on June 12, 1914. Of the charter members, Charles Fordyce, Charles Kennedy Morse, Albert Allison Reed, Walter Wells Stoner, Vivian Lewis Strickland, Charles William Taylor, and Charles Eldon Teach, Doctor Fordyce and Dr. A. A. Reed were present.

Dean Henzlik then introduced Dr. Reed, who gave a brief history of Omicron chapter. "Dr. Reed has done more along additional educational lines than anyone else in Nebraska."

Dr. A. A. Reed spoke of some of the difficulties encountered when Omicron chapter was first organized in 1914. At that time, there were only sixteen men in the Teachers college. Some of the faculty members felt that there should be a club for men to which women could belong.

Dr. Charles Fordyce was the first president of the organization, and in 1924, Dr. Congdon was elected president. At that time, which was the end of ten years for Omicron chapter, the organization had gathered 179 members. This period also marked the coming of Dr. Sealock to the university. In the next few years the faculty was benefited by the addition of Dr. Werner and Dr. Henzlik. Pi Lambda Theta, women's honorary educational sorority, had already been organized by this time. At the present time, there are 433 members of Phi Delta Kappa, and a survey shows that today, a great many hold high positions in the educational field. Dr. Reed made special mention of Dr. Fordyce, who was the first Dean of Teachers college.

Musical selections by Mr. and Mrs. Oliver H. Bimson were a part of the evening's program. They sang a duet, "In the Garden of My Heart" by Ball. Mrs. Bimson gave two solos, "The House on the Top of a Hill" by Charles, and "Sounds" by Klemm. Miss Pauline Slonecker was the accompanist.

Friday Night Mixers Prove Popular Pastime

Schools Have Part In Success of New Deal Burton Says

Whether people are willing to admit it or not, our society is rapidly changing, and if our old agencies fail to do anything about it, it is up to the schools to help adjust the individual to the new way of things, was the sentiment expressed by Dr. W. H. Burton at the vicennial dinner of Phi Delta Kappa held in the Cornhusker hotel Tuesday evening.

"It is pertinent for us to discuss a changing society. We were concerned with the building of the west, and also with local affairs. Now, we are thru developing the country. We are a member of a family of nations. Having been freed from immediate concerns, we find ourselves suddenly in a totally new environment. Some people are alarmed at becoming world citizens. Changes are a bit new to some of our people. These changes are a natural outgrowth of the kind of life we live. A social change is not new. It is part of the world and we are in it."

"When the feudal system was coming to an end in England, the lord was disturbed. Again, with the invention of the spinning jenny, the poor people were disturbed. It was a change in their mode of life."

"Changes go on the people are disturbed. Today, we are living in a time, very similar to the third (Continued on Page 3.)
