

CAMPUSOCIETY

SINCE THE CORN COBS HAVE been more or less in the campus spotlight recently, it's not so astonishing to note that their dance, to be held the thirteenth, promises to draw a large crowd. The Barb Council has canceled its varsity party scheduled for that night and numerous other social events have been postponed. The affair will be held in the coliseum, and colorful decorations and dazzling lights will undoubtedly add zest to the occasion. It looks as if the pepsters have decided not only to inject life into rallies and football games but to make a decided addition to the social whirl.

They are made that way —

**Chesterfields are milder
Chesterfields taste better**

Ripe home-grown tobaccos

We begin with the right kinds of mild ripe Domestic tobaccos. Then we age and mellow them like rare wines for flavor and taste.

Aromatic Turkish tobaccos

Next we add just the right kinds and the right amounts of Turkish tobaccos to give Chesterfield the "seasoning" that helps to make them taste better.

Blended and cross-blended

Finally we "weld" these tobaccos together the Chesterfield way—different from any other—to make Chesterfield a milder better-tasting cigarette.
