## Churchmen Face a Student Problem.

Two men prominent in the religious field have been secured by the University Council of Religious Welfare to address university students at a convocation at 11 o'clock Tuesday morning in the Temple building and during the following noon hour at a World Forum luncheon in the Grand hotel. Rev. Edgar DeWitt Jones of Detroit will speak on the subject "He Whom a Dream Hath Possessed" at the Temple convocation, and at the luncheon Rev. George M. Gibson will talk on the subject "A Churchman Looks at Education."

It is common knowledge that the fundamental principles of the Christian religion, which are emphasized in the programs of most of our churches, do not satisfy the needs of the thinking student. The younger generation, which would be only too glad to adopt a satisfactory spiritual life, is berated . for snubbing the church, and is said by some of the fundamentalists, who confuse history and morality, to be headed straight for perdition.

Modern conditions place a great strain on the student. While he attends the university he is not at all sure that the good things of life will ever be attainable. The depression-scarred world seems to be a rather hard place, such a practical and rude place, in fact, that the church doesn't seem to help at all in meeting practical wants. Because of these conditions, students do not flock in great numbers to churches. As a matter of fact a very small percentage of most congregations is made up of the student group.

. . . .

Derision is often resorted to by the student who

Any guidance that leading churchmen can offer students will be responded to by appreciation and support. Religious leaders who are men of progressive beliefs must contact young people, and must offer the church as an institution capable of aiding in solution of modern problems.

## **Powers of Student Governing Bodies.**

Student body presidents who gathered in Boston during Christmas vacation for the tenth annual Congress of the National Student Federation of America exhibited unusual enthusiasm and industry in developing a program designed to improve the status of the student on the campuses of America. The group also passed several resolutions concerning affairs of national and world importance, notably resolutions urging the participation of the United States in the World Court, and asking that this nation join the League of Nations. There was noticeably a general feeling favoring international cooperation.

Placed in equally important positions on the program for the Congress were discussions of problems confined to the campus. It was declared by vote that student governments should have more control and power vested in them that is now in the hands of college administrators. . . . .

A discussion constantly going on among student leaders on most campuses is that concerning so-called bureaucracy and paternalism among members of the university administrations. Conditions of course, differ on the various campuses, and at some schools students are justified in making complaint against faculty control and dictatorship.

At Louisiana state university, for instance, the student leaders had every right to arise in protest against such autocratic measures as were resorted to by Huey "Kingfish" Long.

It seems, however, that here at Nebraska we have a very fair administration. Dean of Student Affairs Thompson, Dean Amanda Heppner, and the Faculty Committee on Student Activities demonstrate a broadminded attitude toward student leaders and projects. Fair consideration is given all student requests, and Nebraska students rarely have a right or grounds upon which to base a pro-

. . . .

test.

Student government, of course, can go too far. There is always the possibility that some student, who is desirous of gaining something for himself or his friends or is misinformed, will demand certain rights or revisions that would be in the end harmful to the best interests of the university. The administration is a permanent body; the student body is temporary. In that position the administration must consider long-time effects and motives.

Fundamental rights such as freedom of the press, freedom of speech, and freedom of the Student Council to supervise campus organizations are carefully protected and regarded by thsoe administrative and faculty members who keep tab on student activities. Student leaders on the Nebraska campus will be doing well if they show capability in using extensive privileges now granted them.

Student Council. Student council will meet Wednesday afternoon at 5 o'clock in U hall rooms. All members must be present for important business.

Cornhusker Payments. Third installments on copies the 1935 Cornhusker are due this week in the yearbook offices in University hall.

Pershing Rifles,

THE DAILY NEBRASKAN

Regular meeting of Pershing Rifles will be held Tuesday at 5 o'clock in Nebraska hall. All men must wear a white shirt, black tie, and regular drill uniform to be in the Cornhusker picture to be taken at that time.

#### Lutheran Students.

Lutheran students will meet for Bible class with Rev. H. Erck Wednesday at 7 p. m. in room 205 Temple building.

Phalanx,

Phalanx will meet Tuesday eveing at 7:30, room 210. Nebraska Hall. It is to be an important meetng and all members are requested to be present.

Sophomore Commission. nesday at Ellen Smith hall.

Tassels.

The Tassel meeting originally set for Tuesday, Jan. 15, has been postponed.

World Forum. The world forum staff will not hold its regular meeting Tuesday at 4 o'clock.

Ag Y. M. Regular Tuesday night meeting

of the ag Y group will not be held this week because members are busy working on the preparations for the Coll-Agri-Fun frolic.

come from Harvard. The time to lock the barn door is before the iorse is stolen.

The chief obstacle to the promotion of brilliant tutors is an intensely practical one. It takes money to advance a man from a job paying \$2500 a year to another paying 4,000, the beginning salary of an assistant professor. To advance any considerable number of tutors would call for a large sum. And even an assistant professor is only at the start of his career. If er banquet of Presbyterian stuhe is really good, one promotion dents of the university and their calls for another. He then becomes home town pastors at 5:15. Tuesan associate professor, with a beginning salary of \$6,000, and finally a full professor, with a beginning salary of \$8,000. Associate professors, moreover, are on permanent appointment, so that their salaries are a fixed charge against the university's purse.

CHANTS

TUESDAY, JANUARY 15, 1935.

BY CHANCE.

Once more the University Players have come thru with a hit turned into the drama known as "Yellow Jack." While it ran on Broadway last season, it thrilled capacity audiences with its gripneeded, the technicians pull off the relieve and new effects in lighting and sets. Here at the Temple theater, for the first time two track stages and a revolving stage are being used for the quintet of soldiers are a scream and the dignified Era Lown as "Dr. Reed" takes care of the historic part. From all signs, this vchicle should be well received by

local audiences. Before the two track stages are rolled into the stage, the desired scenery is set into place and lo and behold, another scene takes place before the audience realizes that curtain did not come down, the and that the show is going blithly As a legitimate drama of on. merit, and one of which this university should be proud to present, this unusual production is highly commended.

. .

The following letter was sent to a drama critic recently and appeared in the paper for which the drama critic writes. It seems that the critic had listed the ten worst pictures of the year in one of his reviews, and this letter was an open reply. "Mr. S.: in listing the ten worst pictures of the year you have deliberately slighted some which certainly deserve your more careful consideration. I submit therefore, an amended cata-logue, as follows: "Wonder Bar," "Down To Their Last Yacht," "College Rhythm," "Down To Their Last Yacht," "My Lips Be-"Down To Their Last tray." Yacht," "She Was A Lady," and "Down To Their Last Yacht." How many does that make? Eight? Oh, well, make the last two "Down To Their Last Yacht." Signed, Mr. W."

.....

Wilbur Chenoweth, professor of organ at the conservatory, presented his students in a piano and organ recital Friday afternoon. Those who appeared were Raymond Bauer, Lucille Butz, Ruth Dean, David Andrews, Winifred Hyland, Lucile Schaper, Henrietta Sanderson, Lillian Johnson, Harriet Daly and Houghton Furr. Helen Jolliffe, another student, appeared as soloist during the holidays at the Methodist church at Villisca, Ia. Robert Schmidt, student with Herbert Schmidt of the piano department, appeared on a program at Wisner, Neb., recently. Other students of Mr. Schmidt recital recently were June Goethe Evelyn Stowell, Violet Vaughn and Margaret Lucas, Alice Redman, a student of Mrs. Gutzmer and Ruth

same manner as in years before. The fifteen girls shooting the

has failed to find a satisfactory spiritual life. Some have even gone so far as to develop what appear to be sound reasons for derision. Russians thought they had denounced religion as a deterrent to hational progress, but it is quite noticeable that dictators in the U. S. S. R. are being forced to resort to strong measures in suppressing organized religion. Men need religious and spiritual life. People who derive something of real value from the church should be envied.

Churchmen are beginning to face the student problem, and many of them are earnestly trying to establish a program designed to satisfy needs of young people. There is an economic as well as an altruistic reason for attempting to establish a satinfactory program. If the younger generation is not taken into the church and is not sincerely bound to it, the church will lack adequate financial support in the future.

The student's problem is the church problem.

students.

program showed the results of thoro training and much work on the part of Mr. Quick, veteran director.

Sunday afternoon concerts presented by university organizations are rapidly adding to the popularity and esteem of the university. Citizens of the state appreciate the opportunity to attend these programs, and are beginning to realize that this institution has much of value to offer its students.

The administrative committee is to be commended for the efficient manner in which it plans and handles these affairs. Such a development holds much of cultural and publicity value to the university.

If the Russians are dying of starvation and execution as rapidly as Hearst says they are, why is he worrying about Communism? If they are being exterminated at such a rate, all Communists will be dead in a very few years.
