

TILDEN, VINES TO MEET STOEFFEN, LOTT IN LINCOLN

Famed Tennis Quartet Will Play Exhibition Match in Coliseum Jan. 31.

Nebraskans will thrill once more to the spectacle of towering lobs, machine gun smashes at the net, and the zing' of meteorite serves off steel-taut raquets—tennis as only a professional can play it!

Huskerland, renowned more for its tall corn and gridiron heroes than for court aces, will usher tennis into its own again in Nebraska on Jan. 31 when the coliseum will play host to three internationally known professionals—aces who took on the best that England had to offer and beat them!

Touring the country on a series of championship matches, with his troupe of professional racketeers, George Lott, Lester Stoeffen, and Ellisworth Vines, Big Bill Tilden, the "grand old man" of the tennis world, will make his fourth appearance before Nebraska lovers of the net game. It will be the first appearance in Nebraska sport circles for both Stoeffen and Tilden.

Previously, the veteran Tilden had played Kozeluh, Nusslein, and Vines, who met Big Bill last year, before Nebraska tennis fans. The Lincoln appearance, which is the only Nebraska stop for the famous players, will be featured by the doubles encounter, in which Stoeffen and Lott, world's champion doubles team, will meet Tilden and Vines. Singles matches between the four stars are also scheduled in the appearance.

Lott, universally accorded the champion in doubles play, was runnerup to Vines in the national singles in 1931, after a third place ranking in 1927. Last year, Lott and Stoeffen, teamed in doubles competition, in addition to capturing the national title, won the Wimbledon competition and defeated the Australian and British teams in Davis cup play.

Stoeffen, ranked in sixth position in 1932, was runnerup to Fred Perry in 1933 singles play, defeated Frankie Shields in 1934 to capture the national indoor championship, and teamed with Lott in 1934 to win the national doubles.

Tickets for the matches are on sale this week at Latsch Bros. Mail orders will be handled by John K. Selleck, of the University of Nebraska.

ROOMFUL OF CATS EARN THEIR FOOD AND SHELTER AS DR. WALTON PROVES DEFINITELY THEY HAVE COLOR VISION

(Continued from Page 1.) their selective process. A study of the data revealed that whenever we tampered with the blue, there was a greater tendency to make an error. Changing the red light seemed to have no effect. Still further, we had produced changes which made the lights equal in intensity for cats but definitely unequal for human beings.

Under these conditions, the red was very bright to the human eye, while the blue was barely perceptible.

"The elimination of the red resulted in errorless trials, while the disappearance of the blue gave us little better than a chance reaction. The latter indicated that of the two lights, blue is the stronger stimulus, and that there is a low degree of sensitivity to red. The only way I can explain their evident conception of the latter color is to compare it to our reaction to objects on a foggy day. If we look carefully, we can see certain dim figures. However, we have a tendency to ignore them unless our attention is attracted."

May Be Contribution. While this series of experiments may not seem very important to the lay reader, Dr. Walton believes that they may contribute in a very real measure to the future study of color responses in animals.

This work revealed that although cats are generally considered to be more versatile than dogs, and more agile than dogs, it is doubtful whether they live as long in traffic as it is fifteen times as difficult for them to respond to red, as it is for either rats or dogs.

AMES STUDENT LOAN FUND RECEIVES \$500 Cardinal Guild to Transfer Balances Left From Former Guilds.

AMES, Ia., Jan. 21.—(C. N. S.)—Cardinal Guild, student governing body at Iowa State college, has announced that it will transfer \$500, representing an accumulation of several years, to the college alumni trust fund for use as student loans.

Money to be placed in the fund represents a series of small balances that have been left by former guilds. It will be turned over to Miss Maria Roberts, director of student loans, and will be made available through regular channels.

where he has played at the Muehlebach hotel. He has had engagements at leading hotels and ballrooms and has played over CBS and NBC networks. Increasing his orchestra from seven to eleven after a number of years, he followed the popular trend in bands. Bennett and his Aces won a popularity contest conducted by the Radio Digest, outstanding radio guide and program magazine. Special attractions are also being planned, probably to include a violin trio and glee club singing.

Dancing to Bennett's orchestra is to continue until 12 o'clock, by special permission granted by the committee on student affairs. Tickets for the Frolic went on sale Monday morning, according to Bob Bulger, chairman of the ticket committee. Tickets are available through all members of Sigma Delta Chi and also through representatives in the various organized houses. Admission has been set at \$1.10, including tax.

"Since this is the only major informal event between the Military ball and the Prom," Nicol concluded, "there is no reason why every one shouldn't be there. It certainly has everything in its favor."

Signing Ralph Bennett and his band, of nationally famous recording and broadcasting fame, to furnish music for the affair is certainly another important incentive to bigger and better attendance at this inauguration of journalistic fraternity members. Bennett comes to Lincoln direct from Kansas City

Ann Harding. Ann Harding will be seen with Robert Montgomery in "Biography of a Bachelor Girl" at the Lincoln Theatre starting Thursday of this week.

CHOICE 'BONERS' SPICE CORRECTING OF FINALS

U. of C. Professors Compile List of Examination Answers.

BERKELEY, Calif., Jan. 21. (CNS). Avid university professors the country over annually face the job of correcting final "exams" with a bit of spice in view—that they may find some choice "boner" in the papers worthy of repeating in faculty meetings.

University of California professors got together recently and compiled these undergraduate tidbits: "The poet Daniel compares his love for Delia to a half-blown nose."

"Daisy Miller's greatest misfortune in life was to have an affair with the Colosseum in Rome."

"She was equally gracious to fools as to her own husband."

"The mould of a man's fortune is in his own hands."

"The poem was written at the time Darwinism and Biology were first started."

"Bacon says studies are of no use unless they are put to some use."

"The Lotus Eaters ate of the lotus bugs and became lazy and sleepy."

"The men were tossed and battered into unconsciousness."

"Romeo refused to fight because he had just been married to Tybalt's cousin and it is not natural for a man to pick a quarrel or take one up after such circumstances."

So much for the outstanding contributions of university English students. The astronomy department also had its problems, including the following answers:

"The moon is a good example of a star."

"Altitude may be found by using a sextant."

"One unit of interstellar distance is the parsec."

"A refractor is subject to chronic apparitions."

"We use the telescope to get better visions of certain obstacles."

"Time is observed with transient instruments."

"The earth is the body upon which we live and spend most of our time."

The author of the latter undoubtedly is an aviation enthusiast, or possibly a flag-pole sitter, department heads surmised.

NEBRASKA B REPEATS OVER HEBRON QUINTET WITH 38-25 TRIUMPH

Coach Knight's 2nd String Huskers Maintain Safe First Period Lead.

Coach Wilbur Knight's Nebraska B performers "dilled and dallied over the ag college rectangle with Hebron" for just ten minutes after the initial gun sounded last Saturday afternoon. Then, after unconcernedly permitting the Hebron squad to even the count at 9-all, the second varsity stringers suddenly exploded. Bobbing up with a fifteen point scoring burst just before the half, the Red and White placed the record on a 24-9 basis and held the lead throughout the tilt for a subsequent 38-25 triumph.

It was only after the starting quint failed to click that Coach Knight inserted several of his regulars, who put on the scoring spree which led the Crimson quint into their second victory of the season over the Hebron congregation. Husker center Carl Hopt cashed in with an unerring shooting eye to come through on most of his close range efforts for a dozen markers to lead the marksmen. Berry's floor play and Shick's basket guarding prowess loomed up for the Cornpickers, along with the goal protecting of the injured Carlson.

Coach William Roselius' lineup cast Ray Lindenkugel and Captain Wolcott in stellar roles to lead the Hebron basketeers. Luther will provide the next opposition for the B crew Tuesday night on the home floor.

HUSKERS BOW TO KANSAS STATE IN 47 TO 41 BATTLE

(Continued from Page 1.) hand at the first of the battle, and rang up a 10 to 4 lead before the staters could effectively smother the assault. But a super-concentrated Aggie scoring drive, with Freeland, Thornbrough, and Stoner finding the hoop in all too devastating regularity for the Cornhuskers, the Kansas quint pressed ahead to a 23-13 lead before the Scarlet ventured offensively just before intermission. The lunch time Kansas Aggie superiority was concentrated in a 23-18 score.

Opening the last period with a tremendous rush, the Brownemen edged up to within one point of the racing Wildcats, but here the assault failed and the Aggies, in their most aggressive fighting mood of the season, turned on full steam and pulled away to a safe margin and managed to protect it.

Kansas Made 19 Field Goals. With Freeland in the starring role, the Wildcat horde found the hoop for a round total of 19 field goals, compared with Nebraska's 18. Harry Sorenson, in the dregs of a scoreless slump for two weeks, came to the fore with a bang Monday to slip in six field goals and a gratis flip. Freeland was high of the game, scoring eight times from the floor and once when a Husker was doing something for which the rules don't allow for a 17 point total. Groves, sophomore center star, got 12.

The Wildcat performers made good on nine out of ten chances from the foul line, while the Huskers hit on five out of eight.

BIBLE, CLAPP NAMED ON RULES COMMITTEE

Nebraskans to Serve on Wrestling, Football Groups.

Dana X. Bible, director of athletics and head football coach, and Dr. R. G. Clapp, physical education instructor, both of the university, have recently been appointed members on N. C. A. A. rules committees. Coach Bible will represent Nebraska on the committee on football rules while Dr. Clapp will sit with the wrestling rules advisory body.

Other representatives from the fifth district and committees on which they will serve are: Dr. Forrest C. Allen, Kansas, basketball; H. J. Huff, Missouri, track; C. S. Moll, Kansas State, football, and Hugo Ottopalik, Iowa State, wrestling rules advisory body.

A long term program for the constructive development and building of fraternities at the University of Kansas was announced this week, following receipt of a new shipment of 2,000 barrel staves.

Coeds Win Scholarships

ARDEITH VON HOUSEN. Ardeith Von Housen of Hampton and Florence Buxman of Lincoln have been awarded scholarships to the Merrill Palmer school in Detroit. The awards were made by a committee from the home economics department and the selection was based upon scholarship and adaptability for the work. Both are university seniors and Miss Buxman is secretary of Mortar Board. They plan to leave for Detroit Friday.

Nebraska One Eleven States to Spend \$70 to \$90 on Each Student's Education

National Education Office Compiles Figures For 1932.

California are Nevada, New Jersey, and New Jersey. Of the remaining twenty-three states, six, Utah, Oklahoma, Texas, West Virginia, Maine and Florida, spend from \$56 to \$70 per child; seven, Washington, South Dakota, Minnesota, Iowa, Ohio, Pennsylvania and New Hampshire spend from \$91 to \$99.

The last ten states are above the \$100 mark, expending from \$102 to \$116. These states are Arizona, Colorado, Montana, Wyoming, Illinois, Michigan, Delaware, Rhode Island, Massachusetts and Connecticut.

Aside from the solid south, high and low school expenditures follow no clear geographic divisions. For example, Utah, which spends on the average of \$63.90, is only across the border from Nevada, which has an average of \$141.01.

The lowest amount of money used for educational purposes is in the south where the average is from \$31 to \$50. Included among these states are Arkansas, Louisiana, Mississippi, Alabama, Georgia, Tennessee, Kentucky, South Carolina, North Carolina and Virginia.

This sum does not approach the national average cost of \$87.67. However, the office of education points out that the fuel expenditure is extremely low due to the warm winters, thus reducing the cost per student. Nevertheless, the same winter conditions exist in California, a state which spends \$139.30 per child.

Perhaps a more important factor in bringing down the average of the southern states is the lower standard of negro education. His schooling costs even less than the low average cited, while the white child's education costs more.

Other states in the same rank as

BARBS PROGRESS TO FOURTH ROUND IN INTRAMURALS

C.A.X. Team Still Leads Field Of Playing in Monday Night's Games.

Barb intramural basketball advanced into the fourth round Monday with the C. A. X. barb team still appearing to be the class of the field. The games, in general, were the best played to date.

The C. A. X. team trounced the Ag College Boarding club No. 2 by the score of 21 to 8. Erickson of the C. A. Xs was high scorer with 14 points. The Y. M. C. A. team kept close on the heels of the leaders by beating the Bristol 10 to 9 with the aid of Feders' 5 points.

Ag College Boarding club No. 1 staged a field at the expense of the Stratford club, winning 40 to 4. This is the highest score made on an intramural floor this year. Bowman was high point man with 19 points. Clippers No. 1 nosed out the N Street Jacks 12 to 11 as Phelps scored every point for the winners.

The Bisons won over the Barb Bafflers 21 to 19. Faulkner and Ugal were high scorers with 8 points apiece. The Panthers beat the Barbules 22 to 16. Barnes with five field goals was high point man for the winners. The evenly matched Vikings and Nihilists played a seasaw game until the latter finally won 27 to 23. Faulkner's 12 points were largely instrumental in the victory. The Dex No. 2 team beat the Pirates by forfeit.

The Barb games of Monday showed the continued steady improvement which has been apparent since the first round of games. The passing was more in evidence Monday than any time since the tournament started. There was less individual playing and the teams seemed surer of their plays. The shots at the basket were less wild than previously. Charity tosses showed a greater percentage.

The tournament has also brought forth some formidable teams. Outstanding among them is the C. A. X. team. They are closely followed by the Y. M. C. A. and the

Lugn, Schultz Publish Pleistocene Bulletin

Dr. A. L. Lugn and C. Bertrand Schultz of the university department of geology have published a bulletin on the Pleistocene geology and animals of Nebraska. Doctor Lugn outlines briefly the geology of this ancient age as a background for the Pleistocene mammal list as compiled by Mr. Schultz in the latter part of the bulletin.

Headline in The Red and Black at the University of Georgia: "Girls' Night Hitch-Hiking Banned by Order of Dean; Bus Proposal Is Favored." And to think it isn't even leap-year!

RUSSIAN BALLET TO APPEAR IN LINCOLN Col. DeBasil's Company to Dance in Coliseum On Feb. 14.

Col. W. DeBasil's Russian ballet company will appear in Lincoln at the University of Nebraska coliseum Thursday evening, Feb. 14, and will present three offerings from the repertoire of the Ballet Russia de Conte Carlo. The ballets to be presented are: Les Sylphides, Union Pacific, and the Beautiful Danube.

Of particular interest to Nebraskans is the fact the ballet, Union Pacific, celebrates a great moment in American history, the completion of the first railroad to the Pacific in 1869.

The company of 100 artists including a symphony orchestra is brought to patrons of Lincoln and vicinity by the Lincoln Newspapers, sponsors of the coliseum appearance. The company at present is completing an extended engagement on the Pacific coast, having just finished a week at Los Angeles and moving on to San Francisco.

Northwestern university is offering a course called "Bull Segal and the University of Washington has inaugurated one on bluffing."

I RESOLVE...

to buy with my head, this year

A VERY useful resolution. You'll find buying tips and hints on every hand. Watch for them and you'll be able to buy more things at better prices.

There's a pretty complete buying guide in the advertising columns of this newspaper. Here you find out what is new, what is proved, what is accepted, what is right. You find tips on where to buy as well as what to buy. You read about the growing success of a certain merchant. (If his name stays in the advertisements, year after year—then his goods must be good.)

Look in the advertisements for the latest news—about things that make life more pleasant. You'll learn where to get what you want, how much to pay, and what you can expect from your purchase. You'll learn how to live better—at a saving.
