# The Climax

*of the Formal Season . . . .*

Coming at the end of the formal season and "cheating just a little in spring feminine fashions" is the Junior-Senior Prom-an event the glamour of which is unequalled at any other time during the year.

A climax within the climax will be the presentation of the Prom Girl in a brief but most exciting and unusual manner this year.

You can develop your fanciest steps to the rhythms of Arlie Simmons and his orchestra. Here is an orchestra that is really good-not the best in the U. S. A.-but just plain good. And the price-oh! so reasonable. If you are thrilled by our spring weather, if you like good music, if you crave excitement, thrills and some room to dance in, then DON'T miss this year's JUNIOR-SENIOR PROM. It's Friday night, March 8th.
