

CAMPUSOCIETY

"ET TU BRUTE" GROANED JULIUS Caesar as the senators assassinated him in the Roman senate, and that's what we're saying in a rather modified form to the weather man. It's simply terrible to produce weather like this for practically the last spring parties of the season, and for the second week after the park opening. In fact, misty nights that hide the moon and wet days with slippery pavements aren't very conducive to new spring clothes and party dresses, and good times in general, and we're thinking of calling for a new deal in that important matter of the weather. All in favor of the motion say, aye, or anything that will bring some sunshine.

NEW OFFICERS of Gamma Phi Beta are Glorine Wilg, president; Bernice Prouse, vice president; Kathyrne Simpson, recording secretary; Margaret Russel, corresponding secretary; and Mercedes Drath, treasurer.

SEEN ON THE CAMPUS: Elizabeth Whitney with real yellow joni-quils on a dark blue hat—Ann Swann walking to "Sosh" without the usual close attendance—Professor Scott explaining just why all the Roman gals were that way about Marc Antony—Betty Beck reading E. Phillips Oppenheim in English—Professor Bengston's geography class amused over a picture of a man in rather startling attire that was flashed on the screen—Gene Brantz reading letters from Roanoke, pardon us, Huntington, and liking them pretty much—a chart in the Kosmet Klub with the names of the B. M. O. C.'s all there in a business-like category—Leola Schill presiding graciously in Professor Walker's outer office—and Jane Walcott batting her little green hat out of a tree with a long umbrella.

SUPERSTITIONS must mean nothing to the rash members of Delta Upsilon. Last Friday, the brethren initiated thirteen freshmen disregarding unlucky days, unlucky numbers and all the rest. Perhaps they were allowing the old algebraic theory that two negatives make a positive, and perhaps they just didn't care, but any rate, we hope that nothing will happen.

PRECEDING their initiation into the Lincoln chapter of the national alumnae association, Alpha Delta Theta alumnae entertained at a dinner at the chapter house Tuesday. Spring flowers decorated the tables, and individual potted plants were given to the guests as favors. Mrs. Charles Frost, province president, Mrs. Arthur Reed, province vice president, and Mrs. Emma Holyoke, house mother, were guests of honor for the affair. During the business meeting, Mrs. Francis Drath was re-elected president of the organization, Mrs. Kenneth Pruden, vice president; Mrs. Darrelle Meyer, treasurer; Mrs. Marvin Von Seegen, historian; Miss Dorothy Weaver, secretary-reporter; Mrs. Forrest Estes, chaplain, and Mrs. Forrest Reed, marshal.

TUESDAY afternoon the auxiliary of Delta Sigma Lambda met for luncheon at Suydam's. After the luncheon a business meeting was held at which Mrs. Glen Deeter, president of the organization, presided. Later the group went to the home of Mrs. H. C. M. Burgess to play bridge. There were fourteen present at the meeting.

NEW OFFICERS of Delta Tau Delta are James Heidt, president; Raymond Elliott, vice-president; Jerry Bergren, secretary; Robert Zimmerman, corresponding secretary, and Bill Sawtelle, treasurer.

TODAY at the home of Mrs. W. S. Adams the mothers club of Phi Kappa Psi will meet for a luncheon and business meeting. Phi Psi mothers from Omaha and Fremont will be guests and twenty-four are expected to attend. Spring flowers will center the tables and assisting hostesses will be Mrs. Barber, Mrs. Mulliner, and Mrs. Robb.

WE'VE BEEN requested to include this little item, so we suppose that the request vouches for the truth of it. Right recently Fern Steinbaugh and Arelene Bors, affiliated with Alpha Chi O (you remember, the one that had the goat) went for a little ride with some of the more ancient of the chapter's records with them. In the process, they tossed the music makers at passersby with great nonchalance and aplomb, befitting two upperclassmen who should have known better. The point—well we don't know either, but Fern wanted it to be put in.

OFFICERS of Delta Sigma Lambda elected recently were Rufus J. Strough, president; Clare Willey, vice president; Thomas Dixon, secretary, and Kenneth Feulischer, treasurer.

JUST WHAT does "Little God's Galley" mean, and how does it refer to Vi Cross? Webster defines galley as a large low one decked vessel of the Middle Ages, propelled by oars, a large open rowing boat, or a cooking apparatus of a vessel. Maybe it's a pun on the fact that she's a Mortar Boat, and maybe it was a misprint, but anyway it's a funny head for such a tiny person as Vi.

ABOUT A month ago, Frances Knuteon, Tri Delt from someplace in the east, and Bob Wadhams, Lincoln Sigma Nu, were going steady. And last night they double dated. Sounds awfully Platonic, and very short lasting and it might have been amusing to have heard the conversation, or—the lack of it.

TOMORROW at the chapter house the Delta Gamma mothers club will meet for luncheon and a business meeting. About twenty-five are expected to attend and the hostesses will be Mrs. A. H. Moses, Mrs. J. C. Riddour, Mrs. F. J. Relander and Mrs. Ruth Raymond Gavin.

P. G. JOHNSON NAMED TO NATIONAL SCIENCE COMMITTEE POSITION

Nebraskan Receives Post on Teachers Guiding Board For Coming Year.

Dr. Philip G. Johnson, assistant professor of secondary education and supervisor of natural science, has been recently appointed a member of a national committee to guide the development of the American Science Teachers Association during the present year. This committee will prepare and present definite plans for the society at the American Association for the Advancement of Science meeting to be held in St. Louis next December.

At the Pittsburg meeting of the A. A. S. last December, the new teachers association was inaugurated. Dr. Johnson and five other leaders in science education prepared papers for the meeting. The article composed by the Nebraska professor will appear in the October issue of Science education, official organ of the National association for research in science teaching.

Having been asked to present a paper at the July meetings of the department of science instruction of the National Education association, Dr. Johnson will also lead discussions at this time. A large number of Nebraska science teachers are planning to attend the three days of programs and discussions scheduled. The theme for these gatherings will be "A Continuous Program in Natural Science for the Elementary and Secondary Schools."

Dr. Johnson is a member of the steering committee for the department of science instruction of the National Education association and the committee on National co-operation of the National Council for Supervisors of Elementary Science.

After spending ten years of research work, Prof. G. G. Bogert, of the University of Chicago law school, has published a seven volume treatise on trusts.

BIZAD FELLOWSHIPS ANNOUNCED BY DEAN

Research Students Offered Brookings Institute Training.

Dean J. E. LeRossignol of the College of Business Administration has received announcements of research training fellowships of the Brookings Institution for the year 1935-1936. These fellowships provide training which supplements the work of universities and gives unusual opportunities to qualified students.

Research into various fields of economics and government at Washington is provided for those who hold these fellowships. To be eligible for the fellowships persons must have completed work for or have taken the Ph. D. degree. Complete information may be had at the office of Dean LeRossignol.

Altho they paid \$1 each for advance copies of a history exam, students at West Virginia university (Morgantown) are out of luck, for the professor found out and declared the exams wouldn't count.

When two chapters of Phi Delta Kappa, one from Bluffton, Ind., and one from Celina, O., played a basketball game in 1919, the score was 138 to 0, in favor of the former team.

P. B. K. TO BROWN DERBY — THAT'S THE STORY OF HARRY P. LETTON.

(Continued from Page 1.)
to praise him. For, my friends, no praise is owing.
"All through the years have we waited for the reticent one to speak. Tense with anticipation of sparkling pearls of wisdom, through that one thrilling moment of ecstasy, sat the mob immobile. The sparkling pearls were but grains of sand—gravel, coarse gravel.
"Laurel wreaths are no new thing for this Caesar, for of them he has had many. But grapefruit is also good fruit, though bitter, and many a little squirt is a good squirt, like Landis, president of our class.
"But, my friends, time is of the essence. So getting back to Rome, where time is metered on Italian clocks at which if you look long enough you can see the day go, we are here today to award per curiam the Derby to the maker of the remark which you are all of sufficient knowledge."

THREE STUDENTS TO PLAY PIANO RECITAL THURSDAY EVENING

Misses Merrill, Anderson, Rosborough on Program At Morrill Hall.

Jean Merrill, Margaret Rosborough, and Betty Lee Snyder, all members of the class of Wilma Anderson, will present a piano recital together in gallery B of Morrill hall at 7:30 Thursday evening April 11.

Miss Merrill and Miss Rosborough will present first an arrangement for two pianos by Sutoro of the "March of the Tin Soldiers" by Tschalkowsky. As the second part of the program Miss Rosborough will play "Sarabande" and "Allemande" by Handel. Miss Merrill will then continue with "Sweet Reverie" by Tschalkowsky and

"The Circus Parade," by Cadman. Miss Rosborough will play "Nicostratu" by Beethoven.
Miss Merrill will play "Brer Fox" by Grant-Schafer and "On the Ice at Sweet Brier" by Crawford. "Petite Mazurka" by Sappellnikoff and "Witches' Dance" by Concone will be presented by Miss Rosborough. As the concluding selection Miss Rosborough and Miss Snyder will play "Minuet" by Mozart, arranged for two pianos by Maier.

MRS. LEWIS BROWN TO REVIEW BOOK FRIDAY

Y.W. Group Hears Talk on Novel by Japanese Author.

University women are invited to attend the book review at Ellen Smith hall on Thursday at 1 o'clock, according to Lois Rati-burn, head of the Y. W. book review group.
The book "A Daughter of the Sumanae" will be reviewed by Mrs. Lewis Brown.
Madame Sugimoto, author of the book, is a native of Japan and a professor of Japanese history at Columbia university.

DAIRY CLUB SPONSORS JUDGING COMPETITION

Four Breeds Cows, Heifers Considered in Contest Saturday.

A student dairy cattle judging contest, sponsored by the Varsity Dairy club, will be staged Saturday, April 13, at the dairy barn on the ag campus, starting at 8 o'clock in the morning. The competition will be concluded the same day, and results will be announced at 7 p. m. Saturday in room 204 of the dairy building.

Classes to be judged will include cows and heifers in each of four breeds: Holsteins, Ayrshires, Jerseys, and Guernseys. The committee in charge consists of Joe Huffler, chairman, assisted by Ray McCarty and Paul Swanson. Medals and ribbons will be awarded the winners, and it was announced Wednesday that the contestants must attend the presentation if they are to receive their awards.

It's Spooky—Eerie—Creepy —and full of laughs!

The nuttiest, most hilarious "murder" mystery you've ever seen. It will keep you gasping... and giggling!

From the joyous story "Search for the Spring"

When two is company I don't make a crowd

I'm your best friend
I am your Lucky Strike

Never a bitter, undeveloped top leaf in me. Never a grimy, tough bottom leaf. I use only the fragrant, mellow, expensive center leaves... the leaves that give you the mildest, best-tasting smoke. I do not irritate your throat. No wonder I'm your best friend.

LUCKIES USE ONLY THE CENTER LEAVES... CENTER LEAVES GIVE YOU THE MILDDEST SMOKE

They Taste Better
