

FROSH TRACKMEN GIVEN NUMERALS FOR COMPETITION

Group of 28 Yearlings Gets Sweater Awards for Cinder Marks.

Twenty-eight freshman numeral sweaters were announced Monday afternoon by Coach Henry F. Schulte to members of this year's frosh track and field squad who have fulfilled certain standards of performance in their respective events. Along with the numeral winners, the completed list of mercury foot winners in Tri Color competition was also released, the 220 dash and javelin throw having been staged last week to determine placings in those events.

Six high point men in each event were awarded mercury foot medals, a gold award for first, silver for second, and bronze for the remaining four places. Harwin Dawson, North Platte ace, led the medal winners with first place in the broad jump, 220 yard dash, 440 yard run, second in the 220 yard low hurdles, and third in the 100.

Other first place scorers were Floyd Gleisburg, pole vault and high jump; Eldon Frank, high and low hurdles; Fred Shirey, shot and discus; Dick Turner, 100 yard dash; Wilson Andrews, mile; Garold Muhr, two mile; Joe Klaus, half mile; Lawrence Nelson, javelin.

The sweater awards were made largely on the basis of performances in the Tri Color meets, since rainy weather and examinations prohibited large turnouts or good performances. Both the mercury foot and sweaters will be mailed during the summer.

Tri Color winners, in the order of their points:

120 high hurdles: Eldon Frank, Bill Gish, Glenn Biermann, Richard Mordant, Curtis Smith, Wilson Andrews, 220 yard dash: Frank, Jack Dodd, Harwin Dawson, Fred Shirey, 100 yard dash: Dick Turner, Dawson, Marvin Ploch, Marvin Drake, Dick Fisher, Noble Ayres, 220 yard dash: Dawson, Ploch, Drake, Turner, Fisher, Ayres.

440 yard run: Dawson, Irvin Thrasher, Thomas Allen, Ayres, Melvin Baller, Bud Cather, 880 yard run: Joe Klaus, Wilson Andrews, Cather, Robert West, Jack Miller, William, Mile run: Andrews, Garold Muhr, Lee Hunt, George, 1000 yard dash: Earl Lewis, Two mile run: Muhr, Bill, Golden, Andrews, Snyder, Shot put: Victor Strive, Floyd Gleisburg, Curtis Smith, Richard Eimer, Elmer Dohrman, Javelin throw: Lawrence Nelson, Gus Peters, Dohrman, Gleisberg, Harris Andrews, Discus throw: Shirey, High jump: Gleisberg, Edwin Maxey, Otto Thomas, Dolman, Frank, Nelson, Pole vault: Louis Christensen, Gleisberg, Dodd, Vertie Atkey, George Galtway, Thomas, Broad jump: Dawson, Dodd, Smith, Thomas, Ploch, Fisher.

Numerical sweater winners: Floyd Gleisburg, Edward; Otto Thomas, Casper, Wyo.; Edwin Maxey, Lincoln; Louis Christensen, Cardona; George Galtway, Lincoln; Harwin Dawson, North Platte; Wilson Andrews, Ponca; Harris Andrews, Beatrice; Garold Muhr, Redway; Robert West, Casper, Wyo.; Bob Morison, Lincoln; Dick Turner, Dubois; Elmer Dohrman, Stapleton; Lawrence Nelson, Mansfield; Gus Peters, Lexington; Earl Shirey, Latonia, Pa.; Eldon Frank, St. Edward; Victor Strive, Deshler; Marvin Ploch, Lincoln; Jack Dodd, Gothenburg; Bill Gish, Beatrice; Curtis Smith, Omaha; Richard Mordant, St. Joseph, Mo.; Noble Ayres, St. Joseph, Mo.; Joe Klaus, Dunham; Thomas Allen, Tecumseh; Irvin Thrasher, Tilden; Lee Hunt, Leitch.

CADET CLUBS PLAN MEMORIAL PARADE

R.O.T.C. to Participate in Military Celebration Thursday.

Members of Pershing Rifles, Scabbard and Blade, and Phalanx basic and advanced course military honorary organizations will form at 8:15 Thursday morning for the Memorial Day parade. It was announced yesterday. The cadets will meet in Nebraska Hall.

Thursday's parade is an annual demonstration, sponsored by Lincoln military organizations. Each year university organizations participate in the parade, and Thursday the three groups will participate as units, in addition to a unit of cadet officers.

The largest delegation of students from any foreign country to the United States comes from China.

PITTSBURGH SOCIETY TO STUDY NEW WORLD

Archaeologists Make Plans For Research of Ruins In America.

(By Associated Collegiate Press.) BUTTE, Mont.—The story of the New World, embracing North, Central, and South America which has recently begun to take definite form from the discoveries of ruins of ancient cities of vanished civilizations, and of other evidences of human life, will be the object of study of a new society organized recently at Pittsburgh, it was announced here by Prof. Melville Sayre, of the Montana School of Mines.

Organization of the Society for American Archaeology was part of the results of the national meeting of the American Association for the Advancement of Science. "The society will be an excellent opportunity for professional and amateurs to work together on American archaeology," Prof. Sayre said. "In the past, thousands of articles of great value have been collected by amateurs and accordingly lost to the general public. The aim of the new society will be to document and photograph those private collections so

that their existence will become public knowledge."

All persons interested in furthering the aims of the society are eligible to membership either as affiliates or fellows. Fellows will be chosen from those persons who have engaged in research and have had the results of their research published in recognized scientific media. Affiliates and fellows have equal voting privileges and will receive all publications. Meetings are to be held at a time and place to be determined by a council.

Research in this field includes the accumulation, preservation, and interpretation by recognized archaeological methods of all pertinent information for the sole purpose of revealing insofar as the information permits, the history and the manner of living of the

aborigines. Two publications of the society will be issued, a quarterly journal containing reports of meetings, reviews and summaries, to be compiled by the office of the secretary-treasurer; and a notebook to be issued to all members at irregular intervals.

Every campus selects one or more "queens" during the year for this or that. But we like especially the newest queen at the University of Indiana (Bloomington). She is the "Needle queen," and instead of parading about with only a bathing suit on, the stipulations are that she must wear a complete dress—a homemade dress at that! The best dress wins the award. And doesn't that give you a back-to-the-soil and pancakes-for-breakfast feeling?

Lafayette College Student Challenged To Duel Over Hitler

(By Associated Collegiate Press.) EASTON, Pa.—The old German custom of duelling was almost revived at Lafayette college recently when a German exchange student and a fellow at Lafayette took exception to the portrayal of a skit on the German situation in which George E. Morris Allen, a senior, took the part of Adolf Hitler.

After watching the presentation of a college revue in which the skit was a part, Gunther Kiersch, the German, called Allen into a college office, slapped him and challenged him to a duel. Allen turned the situation from the serious to the ludicrous, when as the challenged party, with the privilege of selecting weapons, he informed the German that he was not adept in the use of the pistol or sword but would meet him in a boxing bout or a wrestling match.

Called before college officials, the two men threshed out the entire matter, with the result that Kiersch has written a letter of apology to Allen.

Getting a taller girl on a blind date, getting married, war, disease, and mature policemen are feared by men at Temple university, a survey by a psychology professor revealed. The women named centipedes, being alone in the dark, sin and roller coasters as their phobias.

STUDENTS WITH JOBS MAKE BEST AVERAGES

Survey Reveals S. E. R. A. Workers Have Greater Desire to Succeed.

(By Associated Collegiate Press.) LOS ANGELES, Cal.—Students who are forced to earn their way thru college tend to excel both in scholastic ability and achievement those whose expenses are paid by parents, according to a survey just completed at the University of Southern California.

Comparisons were made between Trojan students participating in federal government's program of part time jobs for college men and women and those who were not engaged in S.E.R.A. projects. From the data secured from freshman scholastic aptitude tests it was found that S.E.R.A. students made an average score in the tests of 72.12 as compared to 70.53 for the non-S.E.R.A. students and the first group was less variable in the extreme scores.

During the first semester of the 1934-35 school year, scholastic achievement records of 424 S.E.R.A. students revealed that as a group they surpassed by 39 percent of the range between the marks of C and B a group of 498 non-S.E.R.A.

students selected at random. "It seems reasonable to conclude that the significant difference between the scholastic performances of the two groups is not to be accounted for by the small difference in their scholastic aptitude but rather by the greater earnestness of purpose which prevails in the group of S.E.R.A. workers," Dr. F. C. Totton, vice president of the university, declared.

A world educational conference will be held in 1937 in Australia.

Chemical Journal Prints Articles by Nebraskans

Dr. Cliff S. Hamilton and Dr. Charles B. Biswell have written an article in the May number of the Journal of the American Chemical Society. It has the title "Influence of the Stilbony Group on the Reactivity of Nuclear Chlorine." Dr. Hamilton is professor of chemistry at the university; and Dr. Biswell received his doctor's degree in the department last year.

An artist friend sends us this—

Gentlemen:
All my life I wanted to wear a necktie. But until Arrow shirts came along, the thing was simply impossible. I had a necktie. And I had a neck. But my shirts just wouldn't play ball.

I'd buy 'em too big, allowing for shrinkage, and they'd fool me. I'd buy 'em right, and they'd shrink two sizes in a heavy fog. Naturally I couldn't wear my tie with shirts like that!

One day I heard about Arrow Sanforized shirts—bought a few in my correct size—and now I am wearing a necktie—in one of the smoothest, best-fitting collars that ever graced my neck.

As to their durability, of course I can't say... I've only had my Arrow Trumps three years.

Sincerely,
GARDNER REA
