 Coach Bible declined to comment upon the showing of his men on defense because they have had no opportunity to work under fire. The freshman offense Saturday didn't wheel enough heavy artillery into action to afford a basis

of determination. The Huskers will work on the defense phase of the game most of this week. There will be a light scrimmage with the frosh Wednesday evening as usual.

Monday's drill was directed mainly to team play defensive and signal practice.

Lloyd Cardwell and Jerry Lanoue, injured last week, were raring to go again Monday. Henry "Chief" Bauer, who did

Defensive operations and scrimmage were not scheduled for the first week or ten days of practice.

This Maroon first team should give a good account of itself. It must also, however, learn how to protect itself from injuries, for the second team, with the exception of four or five men, falls a good deal short of the capabilities of the fraternity house party. During first, and the third team is still another degree shy on talent.

Team Has Fair Speed.

The first team has good size, fair speed in the line, considerable alacrity in the backfield, and experience. Ten of the eleven men now working as a unit are lettermen and the other is a minor award winner from last year. The center of the line, composed left to right from tackle to tackle of Merritt Bush, Prescott Jordan, Sam Whiteside, Harmon Meigs and Clarence Wright, averages above 200 pounds per man in weight. The two ends, Bob Perretz and Gordon Petersen, scale about 185 each. The four backs, Capt. Jay Berwanger, Ned Bartlett, Ewald Nyquist and Warren Skoning, average slightly
