earth.

D. X. wasn't at all satisfied with the way things went Saturday— and he didn't expend a lot of useless words and erratic gestures to show it. He struck bedrock on his first blow, and drilled deeper with every shot until the Huskers' opinion was that maybe they weren't so good after all. Which maybe mightn't be a bad opinion when you remember that fair old Mizzou is still undefeated.

I wonder what was the reaction when Bear Bernie Masterson snagged Packer George Sauer from behind on the Chicago Bears' 3yard line in the professional game at Chicago Sunday. George and Bernie played eight years of foot-ball side by side, four at Lincoln high, one freshman and three varsity at the University of Nebraska. Now Sauer holds down a halfback position for the Green Bay Packers while Masterson barks signals for the Chicago Bears. Last Sunday Sauer started on a touchdown spree. Masterson grabbed him just three lines from pay dirt. I wonder if Sauer slapped Bernie on the back and said, "Good tackle." Or if Bernie helped George up and said, "Nice run." Or maybe they didn't back and said, "Good tackle." Or if Bernie helped George up and said, "Nice run." Or maybe they didn't back and said, "Good tackle." Or if Bernie helped George up and said, "Nice run." Or maybe they didn't back and said, "Good tackle." Or if Bernie helped George up and said, parody on an ancient bit of poetry. "Nice run." Fridays.

For several weeks, football will continue to provide the highlight of Kellogg College Prom broadcasts heard over a WJZ-NBC network on Fridays at 8:30 p m. (e.s.t.)

On Nov. 1, one of the year's outstanding games, that between Notre Dame and Ohio State, will feature the College Prom broadcast. Both Elmer Layden, coach of Notre Dame, and Francis Smith, coach of Ohio State, will be heard on this program, speaking from Columbus, O. Since the Rose Bowl choice may hinge on this game, football fans have indicated enough interest in it to have purchased all available tickets, while hotels in Columbus have reported a sell out for the weekend.

It wasn't safe for spectators to set foot in Memorial stadium Tuesday afternoon. Dana Bible's Cornhuskers, going about the seemingly insignificant but actually momentous task of preparing for the invasion of Missouri this weekend, were dotting the sky with passes-short bullet passes that were liable to go a bit awry and blast into you, and long, O

sailing, wind blown passes that were liable to miss their mark and explode on your head like a cannon shot.

After Don Faurot's Tigers threw the altitude stick forward against Iowa State last Saturday and soared into an aerial flight that brought down a 6-6 tie, Coach Bible is taking no chances and is manufacturing a special passing machine of his own. The Huskers rolled up a 20-7 victory over the same Cyclones, but with the out come of the conference resting largely on this Missouri tussle, there can't be any slipups in the college of business admin-tion, noncing freshman students in the college of business admin-

A speaker for the affair will be selected by Prof. F. E. Henzlik, chairman of the convocations committee, at the earliest possible time, and until a suitable program can be arranged, the date for the

affair will not be definitely set. The council is also considering petitioning the student council for a closed night, at which time they will hold a dance. This, however, is very indefinite, Nollkeeper stated, and will not be decided until the next meeting.

Our very good friend, the milkman, that much advertised individual, is none other than Paul J. Morrison, Husker pivot man. Yes, Paul was the contact man between the cow and consumer in St. Louis. Besides his milk vending duties, he spent several years with a construction company in Chicago. It is by virtue of the latter profession, no doubt, that he grew hard as cider.

This rotund little rascal has been appropriately dubbed because of his antiqui-"Pappy' ty. He is thirty-one years of age and the oldest member of the squad. In the absence of poetry like "sweet sixteen" and similar phrases, I will just call him "fancy free." All of Paul's ro-mance has been petrified to sterner stuff for he refuses "to have any part of women."

His college life has been punctuated by frequent adventurous intermissions. In none of these periods nor in school has the snapper-back found the lass for whom he would like to be pathfinder down the old church aisle.

Since his beginning workouts in East high, Aurora, Illinois, football has fit Morrison like a rubber With completion of preparglove. story education in Aurora he journeyed to Kansas University where he played his freshman year. At the end of that year the coaching staff resigned and Paul did likewise. At this point a Nebraska center was born. Among his abilities is a defense as impenetrable as a female dialogue. In 1929 Morrison received his most tremulous thrill when the Husker forward wall held Jim Baush, the Kansas battering ram, for the required four downs on the two yard line to prevent a winning touchdown.

Paul weighs in at 195 including fact that Kansas played 10 games of the paunch. Commentators have fact that Kansas played 10 games of the second state played only 10.
