

NEW RULES AID HUSKERS.

Fans Get More for Money; Players More Work.

Whether it's because the new rules are working to his benefit or his boys are just that much better is an eristic matter, but whatever the very immediate or extremely remote cause, W. Harold Browne's Nebraska Cornhusker basketballers are garnering a bit of a reputation as a high scoring troupe.

The Brownemen undoubtedly don't need arrows to point the way to the basket, but due credit must be passed around to those guys who over the teacups of basketball rules making struck off some very nice new quotas of just how and where. And the fans too can croon thanks.

Jumps Cut Down. Frinstance, this little deal about no center jump after free throws has eliminated waste of several precious seconds, speeding up the game no end for the spectator.

Consequently, play has opened wide from all points, gaping as Boulder dam. And the fan gets a lot more action for his 50 cents, while the boys get a longer workout for their "N" sweaters.

From the fans standpoint, this new rule gives him a lot more basketball, and that's what he's looking for. The player, on the other side of the fence, has a lot more work to do, which isn't so pleasant.

There's been a lot of opposition to this three second regulation from leading coaches and players the country over, and it's my hunch it won't see another season of use.

Nebraska's offense, abetted by these general ultimatums and by the accurate sharpshooting of the Scarlet hoopmen, has picked up all sorts of speed, averaging over 40 points per game.

Meeting to complete final activities building next Friday night, members of the University 4-H club will assemble Tuesday night in 306 Ag hall at 7:30, according to President Gilbert Erickson.

Feature of the evening's program, which is under the direction of Wesley Lipp, will be a report of the National 4-H club congress in Chicago which took place in December by Dorothy Bernasek.

Huskies Start Scoring. The Brownemen started away like a combination Jesse Owens and a jackrabbit, Hank Whitaker intercepting a Wyoming pass and flipping it to Floyd Ebaugh for the opening basket in the first 20 seconds of play.

After that things happened more conservatively. Nearly six minutes were gone before George Wahluquist slipped in an under-the-basket try. George scored a moment later on a sleeper, and Bob Parsons tallied from the charity line before Ebaugh, the final cog in a beautiful passing mechanism, brought the score to 9 to 0 with another layin shot.

Wyoming brought down her first tally midway in the half with a free toss, and made two more lay the foundation for a basket by Forward Hicks and a 14 to 5 handicap with five minutes to play. Dohrmann Plays Well.

Toyohiko Kagawa--Economic, Social, Christian Champion of Orient, Will Make Appearance in Lincoln Feb. 14

Toyohiko Kagawa—the Oliver Twist of Japan—the economic, social, as well as Christian champion of the orient—the leader of the co-operative movement—is coming to Lincoln.

Such a personality as Kagawa has seldom, if ever, come to speak at the capital city. Born the son of the secretary to the privy council of the emperor of Japan, his mother being a member of a family so poor that she had been sold to provide rice for remaining members, he was reared in the slums of Kobe, an orphan.

He was converted to Christianity by a missionary at the age of fifteen. But this sacrifice to his guardians caused him to be thrown out of the only home he had known.

Stricken with tubercular pneumonia and given up as dying, he survived to carry on his duty of abolishing economic inequality; he decided he must free humanity from such conditions as had caused the wretchedness of his life.

Both Teams Miss Shots. Bob Leacox, in at forward for Wahluquist, went up in the air for a tip-in shot, and when Christensen fouled, converted both chances. Hicks rang the bell from just outside the Nebraska defensive lines, and after Wahluquist and Young exchanged counters, Leacox came back in the game to bring the count 29 to 22 with two minutes to play.

Wahluquist and Parsons were tied for high point honors for the Huskers with six each, and Elzy Hicks, with seven tallies, was high for Wyoming. Floyd Ebaugh and Larry Nelson displayed their best game on the Nebraska court, holding the stratospheric Young down to earth.

NEBRASKA TANK TEAM PREPARES FOR FIRST MEET

Season Opens Here Feb. 7 With Huskers Meeting Minnesota Squad.

SCARLET IS PROMISING

Seven Dual Affairs, League Engagement on Card For Minormen.

Swimming season for the Cornhuskers will open Feb. 7 with a meet with Minnesota here. The varsity tanksters are promising, according to Coach Minor. Though such individual stars as Pixley, 440 free-style Big Six champ, and Smith will be missed this year, the team as a whole compares very favorably with last year's crew, when they won the Big Six crown.

The varsity team has been definitely narrowed down to: Glyndon Lynde, Big Six champion in the 50, 100 and 220 yard free-style swims, Charles Mann, Jack Barry, John Kraus, and Douglas Dort, all free-stylers; the backstroke group includes Pete Hagelin and Ralph Ludwick; Bob Thornton is the breast stroke specialist; Harry Kuklin and Kelvin Deming will handle the diving assignment for the Huskers.

Seven dual meets and the Big Six conference meet have been carded for the Minormen. Other meets beside the Minnesota meet will be: Kansas State at Manhattan, Feb. 13; Feb. 14 the Huskers will tackle Kansas university at Lawrence; Feb. 28 the Huskers will meet Kansas university on the home ground; March 6 the Shuckers will meet Iowa State at Ames; Grinnell at Grinnell is scheduled for the 7th; the 13th and 14th of March will be given over to the Big Six meet to be held on neutral ground in Kansas City. There is one open date in the schedule, that of the weekend of Feb. 21. Negotiations are being carried on with Grinnell, Carleton college, and Gustavus Adolphus to fill this date.

Two cases of injury and sickness have hampered the squad. Dick Leask, who swam with the team last year, has been kept from active competition this year as a result of a streptococcal infection. Pete Hagelin, the Huskers' best in the back stroke, has pulled a muscle in his abdomen. It is uncertain whether or not he will be able to compete in the Midwest A. A. U. meet to be held in Iowa City, next Friday, Jan. 17. He was scheduled to swim the 150 yard back stroke in this meet.

Miss Katherine Faulkner, instructor in painting and drawing in the fine arts department, will talk on the subject "What We Could Get out of Art" at the weekly Y. W. C. A. vespers to be held Tuesday afternoon at 5 o'clock in Ellen Smith hall.

"We feel that the talk on art is especially appropriate at this time," stated Miss Caroline Kile, chairman of the vespers staff, "in view of the fact that the art exhibit will be held soon and students do not take a great interest in it unless they are in the fine arts department or are otherwise informed on the subject."

OFFICIALS POSTPONE OPENING FRATERNITY CAGE PLAY TO FEB. 3

Entries Compose Largest Hoop Program Ever Undertaken.

In view of the fact that mid-night lamps are glowing brightly of late for exams, the intramural dignitaries announced Monday afternoon that fraternity basketball will be postponed until the week of Feb. 3. Entries, now heaped high on Director Bill Horney's desk, compose the largest cage program ever undertaken.

Two classes, A and B, are included in the schedule. A fraternity may enter either division or both, but men may not shift from the teams of the two classes interchangeably. Twenty-six houses have entered quintets in the upper group and twenty-four in the lower.

The delayed program may afford the fraternities an opportunity to iron out some of their imperfections in spare time work outs. Any team may use a coliseum court providing they make previous arrangements with the intramural office.

Penny Chases Stop As Children Watch Miller Gymnasts

Nebraska athletic authorities, in quest of a cure for the penny cruasies which turned the intervals between halves of last season's basketball games into a financial riot surpassing anything ever achieved after a Wall street crash, were smiling contentedly Friday evening. The kids never stirred out of their seats all during the intermission.

A quartet of Charlie Miller's gymnasts put an end to the copper chasing with a colorful and appealing parallel bars exhibition that had the youngsters saucer eyed and the grownups pleading for more. The combination was made up of Bob Belka, Ed Reynolds, Ed Bignell and Jack Green, and received a mighty deserved hand after the performance.

Topping the exhibition was Ed Reynolds' handstand on the locked arms of Bignell and Green, who were themselves standing atop the bars. Coach Miller predicted before the display that limited after vacation practice would probably prevent an impressive showing, but the manner in which his pupils flipped themselves higher and yon on the apparatus bespoke plenty of talent.
