

# NEBRASKA CAMPUS SOCIAL WHIRL

## WANTED: FIVE FEMALE LEADS.

Pardon my southern accent, or what have you in the line of a Spanish moss or magnolia? If you have cherished a secret longing to go black face or drawl "yes s'ub" your golden opportunity awaits in the coming Kosmet production "Southern Exposure." Last night the campus spotlight centered on the show try-outs and it seems that shortly boys will be girls whether they like it or not.

Anyway there are five female leads and prospects are looking brighter for the dramatic aspirants since Art Bailey, ace feminine impersonator and heroine of the last two Kosmet shows has left the boards forever. We don't know how the script reads but we have pleasant visions of white pillared mansions, slave dances (see Mark Mortenson in last years show) Kentucky colonels and long cool drinks.

MUCH seems to be going on at the Karpa Sig house that we have failed to look into. We hear that these playful boys seem to have formed a new organization within the house, known as the Polar Bear Club, and consisting of all of those sturdy men who failed to let the very much below zero weather drive them from their customary coats on their open-air sleeping porch. These thirteen "wonder men," determining to prove their accomplishment in a way that could not easily be forgotten, valiantly strode out of doors in the extremely arctic weather, and more extremely abbreviated clothes, and the most extreme of early hours in the morning, for the purpose of having their pictures taken in Tarzan-like poses to confirm the somewhat unbelievable story. Val Verges seemed to be "agin" the idea from the first, and seeing an opportunity to play "Jack Frost," he filled a pitcher with ice water and showered the shivering club members from an upstairs window. We won't go into what happened to Val when the resentful "Brothers" mobbed him, but the whole incident seemed to us indeed worthy of comment—and publication.

Monday night the engagement of Brownie Besse Bergquist, Alpha Phi from Omaha, to Winston Strain, Sig Ep, was made known by the proverbial candy and cigars.

KAPPA Sigma announces the pledging of Asher Mousel of Cambridge.

Learn to tap dance and be the favorite after dinner attraction at exchange dinners. When the D. G. pledges and the D. U. dittos got together some time ago, Natalie Rehlander took the spotlight and went into her tap dance and as the story is retold the boys from 17th and E were so impressed that they found it difficult to tear themselves away!

Barb Interclub council and the A. W. S. Barb council are sponsoring the first of a series of all-student barb mixers Friday evening. The party will be held in Grant Memorial hall, and arrangements for the affair are being made under the chairmanship of Victor Schwarding, Bob Storer and his hand have been secured to furnish the music for the evening.

Wednesday evening the third Nebraska freshmen smoker will be held at the D. U. house, with two pledges attending from each fraternity. Irving Kuklin, Zeta Beta Tau, will entertain the group with a tap dance. A business meeting will be held.

Alumnae of Alpha Xi Delta will meet at the home of Mrs. N. C. Zollers Wednesday evening. After a short business meeting, the evening will be spent at bridge.

## SEEN ON THE CAMPUS.

Duke Nolte and Dallas Tassie "caking" in one of the campus rendezvous with our Nebraska Sweetheart... Don Moss meekly following at the heels of Theta's Margaret McKay... Patty Scott playing underneath the table at the Pastry shop after the basketball game, and calling Obie "Belzebub"...

Bob Hutton drinking milk instead of the well known coke... Al Turner going back to high school days and seen about lately with Ruth Bengtson... N. Club members inventing a new and very interesting method of getting to your seat in the latest and best style at the basketball game Monday night, and seeming to have a little trouble holding up John Keriakos...

Bob Heilig and Rosamond Wigton in every class and squares up their non-conference ledger. They lost to Minnesota by the count of 57 to 17 in the first tangle of the season.

Glyndon Lynde, From The Journal: Big Six champion in the 50, 100, and 220 yard dashes was again high point man, dragging down his customary 12 points in the 50, and 100 yard free style dashes and swimming on the medley relay team. He hasn't suffered defeat in the 100 yard distance yet, and has bowed in the 50 only to Hudson of Minnesota. He has been high point man of both teams in every meet this year.

Ben Rimmerman was second high with eight points, garnered in the diving and 50 yard free style events. Tops for the Northfield men was Pascoe, earning seven points.

Backstroke Close. The most closely contested battle in the meet was the 100 yard back stroke. Church and Pascoe of Carleton opposed Ralph Ludwick and Jack Gavin of the Huskers in this distance. There wasn't more than two yards distance between the leader and the trailer at any time during this race. Pascoe finally pulled ahead at the end followed by Gavin, Church, and Ludwick in the order named.

The 100 yard breast stroke was also very close. Bob Thornton of Nebraska led all the way, but in the last lap Stubbard of Carleton almost overtook him, coming from several yards behind to finish almost in a dead heat with him. Thornton edged him out by a few scant feet, according to the judges.

Under Record. Lynde took his two events with ease, going one-tenth of a second under the Big Six record to win the 50 yard dash in 24.5 seconds as compared to the official time of 24.6. This is the second time this year that he has lowered the conference record, having bettered it by four-tenths of a second in the Kansas meet in the time of 24.2.

The undefeated medley relay team again came thru to win again this time by almost a length of the 75 foot pool, which was 3.3 seconds under the interscholastic high school record of 1:26.6. This time was not comparable with Big Six times as the length was 150 yards while the customary Big Six distance for the race is 300 yards.

Nebraska's next meet will be a return engagement with Kansas, whom they defeated 67 to 37 in their first tangle. Carleton will go to Iowa to tackle Grinnell tomorrow night. The summary:

200 yard free style relay: Won by Nebraska (Dort, Barry, Church and Hagen); second, Carleton (Elliott, Atwood, Pascoe, and Church); Time 1:42.4.

100 yard breast stroke: Won by Thornton (N); second, Stubbard (C); third, Gidson (N); Time 1:12.4.

50 yard free style: Won by Lynde (N); second, Rimmerman (N); third, Elliott (N); Time 24.5. Conference record 24.6.

220 yard free style: Won by Krause (N); second, Barry (N); third, Garvin (C); Time 3:25.5.

100 yard breast stroke: Won by Pascoe (C); second, Gavin (N); third, Church (C); Time 1:18.5.

100 yard free style: Won by Lynde (N); second, Dort (N); third, Elliott (C); Time 24.8.

100 yard breast stroke: Won by Rimmerman (N); second, Church (N); third, Shafer (C); 45.1 points.

100 yard medley relay: Won by Nebraska (Hagen, Ludwick, Thornton, Hagen, and Lynde); second, Carleton (Pascoe, Kirk, Ruit, head, and crown, Rimmer); Time 1:22.5.

## TANKSTERS TAKE CARLETON TEAM BY 57-17 COUNT

Lynde Wins 50, 100, 220 Dashes; Ledger Reads Three Out of Four.

Sweeping seven out of eight first places and five second places, Nebraska swimmers gave splashes of Carleton college a thorough ducking Tuesday afternoon at the coliseum pool.

This victory gives Nebraska a record of three victories in four starts and squares up their non-conference ledger. They lost to Minnesota by the count of 57 to 17 in the first tangle of the season.

Show; and Frank Crabill, 1936 Rhoades scholar.

There is also a two page fashion spread with the heading "Suit Yourself," by Eleanor Clizbe, Awwan's women's editor, which is illustrated with pictures of five prominent campus co-eds.

With "On and Off the Campus" there is in addition to the calendar of coming campus events, special columns on the theater, radio, and recent phonograph recordings. A "Questions and Answers" department also appears.

There will be Campus Tempo, Gore, and number of cartoons by Louis Cass, Ed Schmid, Don Douglas, and Ed Steves. There are several short, original poems by James E. Cox, Ivy Day poet of last year.

According to Floyd Baker, circulation manager, block distribution to organized houses will be early Friday morning. There will also be new selling booths set up in both the Law college and the Engineering building in addition to those in the Social Science hall, Andrew's hall and on the Agricultural campus.

## DRAMATIC BARITONE APPEARS AT TEMPLE TODAY FOR RECITAL

(Continued from Page 1).

Howe Mable, use music or notes of any kind.

Critics have been impressed by his naturalness and the purity and power of his wide range of tone. The influence of his vital personality is felt by the entire audience. He is in the recital for his audience's pleasure and he enjoys it as much as does the audience who sense his every facial and musical expression.

Mr. McLean recently appeared on the Ford Sunday evening hour over a national radio network. He has appeared approximately four hundred times since his debut in America.

## FORM COMMISSION TO AID SCHOOL TEACHERS

Offer Legal, Financial Help To Educators Deprived Of Positions.

NEW YORK. (ACP). Formation of a Commission on Educational Freedom to lend financial and legal aid to school teachers and other educators who are dismissed because of their political, economic or social beliefs, has been announced by Frederick L. Radofer, executive secretary of the Progressive Education Association of Columbia University Teachers College.

This commission, the culmination of eighteen months of study and research by the Association, will endeavor to protect those teachers whose jobs are endangered thru discrimination and whose rights to academic freedom are threatened.

"Every year numbers of able and forward looking teachers are dismissed and many more are threatened into silence or conformity," Dr. Radofer declared in making the announcement, adding that educators must view with "deep concern" any move to prevent teachers from expressing themselves openly, or criticizing the social order from any angle.

Other educators agree. In explaining the need of the organization, Dr. William H. Kilpatrick, Columbia professor of education, pointed out:

"The years just ahead will challenge American education beyond anything hitherto known. Our democratic civilization will stand or fall with the thinking done by the American people on our social, economic and political problems. We who teach must help the rising generation to yet higher standards of thinking. To this end we must be free to present, to investigate and to criticize any position in regard to the social order."

"But many in our nation will oppose this freedom, a few selfishly, the most because their thinking is traditional and inert. Every effort will be made by busybody pressure groups to prevent freedom or discussion in our schools. The high name of patriotism will be invoked in behalf of obscurantism and demagoguery.

"Duty to country and professional honor both demand that we fight to preserve our freedom of teaching and to protect our fellows against persecution."

## SCIENTISTS OF HARVARD EXAMINE SUN'S CORONA

Students Study Mysterious Element From Russian Town.

CAMBRIDGE, Mass., Feb. 25 (CNS). A wisp of color in the sun's corona this week beckoned to scientists who will follow it in the spring to the ancient town of Al-Nulak, in the southern ranges of the Siberian Ural mountains.

The color may be evidence of a new element, unknown on earth and possibly only apparent during an eclipse of the sun.

Armed with the most highly specialized instruments, scientists of Harvard University and Massachusetts Institute of Technology will study the spectrum of the solar corona from the Russian town.

Tentatively labeled "coronium," the mysterious element may be only oxygen discolored by the chemical actions of an eclipse.

## GIRLS RIFLE SQUADS ENTER POSTAL MEETS

Second Week's Firing Gives Top Place to Helen Shomacker's Team.

Helen Shomacker's team emerged victor in the second week of competition in the girls rifle meet when their superior shooting forced Sara Casebeer's squad out of the first position they held last week.

Clara Ridder, manager of the club, shot a perfect 100, the first recorded in the season. The other members of the high team who also made commendable records are Helen Shomacker, captain; Merion Brainard; Virginia Fleetwood, Arlene Folger, and Marion Byrd.

The club will enter postal matches with the Louisiana State university, and Penn State college this week. Fifteen girls will shoot in this match. Besides manager Clara Ridder, they are: Helen Shomacker, Arlene Folger, Maxine Wertman, Esther Kuehl, Eva Woodruff, Mary L. O'Connell, Fern Bloom, Pauline Haman, Elizabeth Gilley, Jane Hopkins, Marion Young, Sara Casebeer, Betty Ecclesfield, and Lois Troop.

Results of last week's match with the University of Maryland, the University of South Dakota, and Carnegie Institute of Technology have not yet been received.

has an opportunity of preparing himself for useful leadership in time of war.

GEORGE H. DENNY, President, UNIVERSITY OF ALABAMA.

In my judgment the R. O. T. C. organization has meant a great deal to the University of Alabama. It has improved the discipline. It has given valuable physical training to our students. It has benefited every student in the organization in various ways. It has taught the students the value of promptness and obedience to higher authority. It has contributed to the spirit of the student body.

ALEXANDER G. RUTHVEN, President, UNIVERSITY OF MICHIGAN

I have been favorably impressed with the influence of our R. O. T. C. unit on the campus. In my opinion, the fact that the work is purely voluntarily has done much for the unit. It has meant that only the men interested have elected the work and the morale of the unit has thus been high. I have observed that the pride which the men have taken in the unit, the type of men who have enlisted, and their deportment have oper-

Capt. W. B. Grove, now arranging class schedule for his course, will teach a field artillery course to military science students on the ag campus next year. He was formerly stationed at Fort Bragg, North Carolina.

A national academy of public affairs, government-controlled along the lines of West Point and Annapolis, is proposed in a bill now before congress.

"Good deal," thought students in a Fordham university zoology course, when the professor announced that members of the class would participate in a test to determine if microbes were transmitted by kissing. Attendance was perfect on the day arranged. But the professor gave each person a sterilized cloth and instructed the men and women to dab the pad on a microscopic plate.—Daily Trojan
