

# Cornhusker Tankmen Tie Cyclones at 45-45 Score

## SEE-SAW BATTLE ENDS WHEN RELAY RECORD SMASHED

### Minormen Crumple Medley Time to Even Big Six Tally With Iowa State.

By Wire to The Daily Nebraskan. Smashing a record in the last race, Nebraska's medley relay team nosed out Iowa State's trio to bring the Huskers into a tie with the Cyclones at 45 points each, after a see-saw battle between the two teams in the Big Six conference meet held Friday and Saturday at Kansas City.

The Cyclones and Huskers were the only real competitors of the meet. Oklahoma's team, consisting of one man, Jack Davis, was a poor third with 12 points. Kansas State was fourth with nine points, while Kansas' best efforts yielded only five counters. Missouri didn't enter.

This is the second time in six years that the two teams have ended in a dead heat in their torrid battle for Big Six tank supremacy. They tied at 42 all in 1932. Iowa State was victor in '33 and '34 but the Huskers lugged home the crown last year. The Minormen had taken the count of Iowa State in a dual meet earlier in the 1935 season by the close score of 45 to 39.

### Cyclones Topple Six Records.

Six of the eight conference records fell before the combined onslaught of the Cyclones, the Huskers and Jack Davis. League times were lowered in the medley relay, the 400 yard relay, the 50, 100 and 200 yard free style dashes, and the 150 yard backstroke.

Glyndon Lynde, swimming his last race for the Huskers, rocketed through to wins and new records in the 50 and 100 yard dashes. He also swam anchor man on the medley relay team which also bettered its own record to turn in the outstanding individual performance in the meet. He knocked a full second off his 1935 record in the century distance, knifing through in 54:9 as compared to his former effort of 55:8. He mutilated his 50 yard time only to the extent of three-tenths of a second, his new time being 24.3 as compared to his last season's time of 24.6.

### Davis Gets a Backstroke First.

Oklahoma's one man swimming team, Jack Davis, ended up with first honors in the 150 yard backstroke and the 400 yard relay and a third ranking in the 220, to give Oklahoma a third place with 12 points and himself individual scoring honors with the same 12 points. He slashed two and a half seconds from his 1935 record in the backstroke.

Husker Pete Hagelin garnered 11 points and chalked up a new record in the 220 yard free style for another notable performance. He yielded to Davis in the backstroke, but gained revenge by besting the Oklahoma man to the tape in the 220.

### Relay Team Slices Old Time.

The Husker medley relay team, consisting of Jack Gavin, back, Bob Thornton, breast, and Glyndon Lynde, crawl, sliced nearly six seconds off the old record by two events, requiring only 3 minutes 19 and 9-10ths seconds as compared to the previous record of 3:25.8.

The Iowa State free style quartet lowered the other relay record by stroking through in 4:00.5 as compared to the out-of-date time of 4:02.3.

Hob Thornton of the local squad turned in a very creditable performance by stroking thru to a victory in the breast stroke taking a third in the 50 yard dash, and swimming on the medley relay team.

### The summary:

400 yard free style relay: Iowa State, first; Nebraska, second; Kansas, third; Kansas State, fourth. Time—4:00.5.  
200 yard breast stroke: Thornton (N), first; Price (I), second; Collins (I), third; Blaine (K), fourth. Time—2:46.7.  
150 yard backstroke: Davis (O), first; Hagelin (N), second; Herrick (I), third; Ludwick (N), fourth. Time—1:47.5.  
50 yard free style: Lynde (N), first; Burket (I), second; Herrick (I), third; Grant (I), fourth. Time—24.3.  
100 yard free style: Lynde (N), first; Hagelin (N), second; Herrick (I), third; Grant (I), fourth. Time—24.9.  
Old record—24.6.  
440 yard free style: Davis (O), first; Wompe (I), second; Herrick (I), third; Barry (N), fourth. Time—5:28.7.  
100 yard free style: Lynde (N), first; Hagelin (N), second; Herrick (I), third; Grant (I), fourth. Time—24.9.  
Old record—25.9.  
Divina: Field (I), first; Harris (I)

## AITKEN TALKS AT VOCATIONAL MEET HERE ON MARCH 13

Rev. Walter Aitken, pastor of St. Paul's Methodist church, will speak at the annual dinner of the faculty members and students interested in vocational education and the members of the state vocational department, March 18, at the Warren Methodist church.

## COACH ALLEN GIVES EVENTS FOR ANNUAL KANSAS RELAY MEET

LAWRENCE, Kas., March 14.—Program of events for the fourteenth annual Kansas relays, April 17 and 18, was announced today by Dr. Forrest C. Allen, director of athletics at the University of Kansas. The program of events is substantially the same as in other years, except that several events peculiar to the Olympics have been added. The Kansas relays, in common with several other athletic carnivals, will be an authorized preliminary tryout for Olympic contenders.

These added events are the 400 meter hurdles, the 3,000 meter steeplechase, and the hop, step, and jump. The 1,500 meter run, an Olympic event, has been on the Kansas relays program for the past three years. The decathlon, of course, will be retained.

The 480 yard shuttle relay race, for which there have been few entries the two or three times it has been run, will be discontinued, and the junior college mile relay has been changed to a sprint relay with runners covering varying distances—440 yards, 110 yards, 220 yards, and 880 yards. It was found that junior colleges found it difficult to arrange teams of four quarter milers, but they did have available one or two each for the various distances of the medley.

The special sprint medley for Kansas City, Mo., high schools, introduced last year, will be retained.

Following will be the events: University class: Four mile, two mile, mile, half-mile, quarter-mile, distance medley, and sprint medley relays.  
College class: Two mile, mile, half-mile, and the sprint medley. Junior college class: Sprint medley.

Kansas City high schools: Sprint medley.  
Track events: 100 yard dash, 120 yard high hurdles, 400 meter hurdles, 3,000 meter steeplechase.

Field events: Broad jump, high jump, pole vault, hop, step and jump, shot put, discus throw, and javelin throw.

The first five events of the decathlon will be run Friday afternoon in connection with the 32nd annual interscholastic track meet, and the other five will be run Saturday forenoon.

Preliminaries of the 100 yard dash and of the 120 yard high hurdles will be at 9:30 Saturday morning, and the finals at the opening of the relays proper at 1:30 p. m. Saturday.

## PROFESSORS CONDUCT VARIOUS SURVEYS

### Dr. McNeill Studies City Water and Light Plants of Nebraska

Dr. C. E. McNeill is chairman of a committee in charge of a survey now being made of municipally owned water and light plants of Nebraska. About 300 such plants are being studied with information being tabulated on policies of administration, methods of operation, quality of service and financial data. Dr. McNeill expects a final report about midsummer. The project, which employs about 20 persons, is made possible by WPA money.

### Appoint Lyman Chairman

Dr. Rufus Lyman, dean of the college of pharmacy and Dean Jarrett of Creighton's pharmacy college have been appointed chairmen of a committee to arrange the scientific part of the Nebraska Pharmaceutical association's next program.

## CREIGHTON BEATS JACKSON TO TAKE HIGH SCHOOL TITLE

### Coach Polrang Carries Home Championship for Second Year.

Creighton Prep came thru with its second consecutive state high school basketball championship last night as it defeated Jackson high of Lincoln 24 to 22 in the class A finals at Nebraska coliseum. Coach Maurice Polrang of Creighton is coaching his second year and this is his second state high school championship.

Spectacular defensive play featured the first quarter as both Creighton and Jackson tightened up and allowed but ten points to pass thru the hoop.

### Robino, Pitcaithley Outstanding.

Robino of Prep and Pitcaithley of Jackson were instrumental in warding off close-in shots. Jackson started the second quarter with a lot of zip and at one time held a lead of six points. This was cut by Prep in a desperate rally to bring the score at the half to 12 all.

### Creighton Leads 20-17 at Third.

Robino broke the tie at the beginning of the third period with a charity toss. Jackson went ahead again and bagged a shot from center of the floor. Creighton rallied and with one minute to play left in the third quarter sent two perfect plays down the floor to lead 20-17 as the quarter ended.

This spirited rally in the third quarter sent Prep ahead and they never relinquished their lead. Great floor work by Robino was deciding factor all thru the last quarter.

### Jackson Couldn't Deliver.

Jackson tried hard as the game neared its close but just couldn't seem to deliver in the pinch. The quarter and the game ended with Prep in possession of the ball and the score at 24-22.

### Concerto "Kayo" Robino and Pitcaithley were the most outstanding players in the game and thruout the entire tournament.

## SPEAKING OF SPORTS

Nebraska's hopes of winning the Olympic tryouts at Kansas City were given a soaking in cold water last Thursday night as the Oklahoma Aggies trounced the Huskers 36-19. Nebraska of course was handicapped by the absence of Widman and Parson, guards. But two Nebraska could have stopped the Aggies. The boys from Oklahoma were sinking almost impossible shots from all over the floor.

Probably the most thrilling quarter in the state high school basketball tournament was Holbrook's comeback against Bethany in the final periods of their game Friday night. Trailing 33-11 at the end of the third quarter, the Hornets, holding the Lincoln boys to two field goals and a free throw. The game ended 38-35 with the ball under the Bethany goal. Down but never out, the Holbrook team deserves every bit of praise that they received.

A quick temper cost Lincoln high their basketball game with Hastings the other night. Helzer, Lincoln guard, used a little "foul language" in speaking to the officials and the referee called a technical foul on the Lincoln team. Outstanding Hastings guard, sank the gift shot which later proved to be the deciding factor of the game. Hastings won by one point.

The coaches clinic held yesterday afternoon on the football field was a success despite the strong, dust laden wind from the north. Coaches Bible, Browne, Lyman and Wiler led the squad through various plays based on the double wing back formation. Placekicking was demonstrated by Virgil Yelkin and Sam Francis. Johnny Howell described the different ways of holding the ball for passing.

The coaching staff had no feeling for the poor sports writers as they threw substitute after substitute into the practice game yesterday. Three full teams worked out. The game was not lacking in thrills as the wind allowed many long punts and some superb passing. A long pass from Phelps to Morris missed by inches what would have been a sure touchdown for the Whites.

The Red team outplayed and outgout the Whites and Blues who took turns trying to push over a touchdown as the practice game yesterday ended 24 to 0 in favor of the Reds. The only long run of the game came in the last quarter as Jack Dodd got off for a 35 yard jaunt for the last touchdown. The entire Red team looked like they would round into shape well. Outstanding for the Whites were Bob Ramey at center and Art Bell whose fine blocking helped his backfield considerably.

By taking a second place in the heavyweight division Omaha South again took over the state high school wrestling championship. The outcome of the meet was in doubt throughout the tournament as the lead shifted back and forth between South and Omaha Tech. The final match proved to be the

## RED TEAM WINS IN THREE-SIDED PRACTICE GAME

### Fairly Smooth Ball Shown Despite Bad Weather Saturday.

A triangular duel, if there is such a thing, is what the Nebraska spring gridders presented to the Nebraska high school coaches' clinic Saturday afternoon. The Reds, a tentative varsity combination, were decisive victors in a short scrimmage that depicted fairly smooth ball for the earnestness of the spring season and the inclemency of the weather. A stiff and dirty wind kept most of the prep mentors dislodging foreign particles from their eyes as the Biblemen fought.

Few new history makers were found in the "feel out," but many men, principally backs, showed much better than expected.

### Reds, Whites Start Game.

The game was started with the Reds opposing the Whites. On the latter team most of the vets and promising fodder were placed. The Whites kicked off to the Reds, enjoying the advantage of the wind. Dull ball ensued until Andresen, a fast freshman back, began slipping off tackle for consistent gains. Some two minutes from kickoff time, Andresen squirmed through a small hole over guard to score the first touchdown. A kick from placement by Yelkin for the extra tally was wide. Score: Reds 6, Whites 0.

### Phelps Passes 25 Yards.

After a snappy exchange of punts on the next few plays Phelps dropped back a few yards and let one fly some twenty-five yards that soared directly into the arms of Morris, who would have been open for a score, had he caught it. Due to the flying earth, however, he dropped it. This was perhaps the best pass of the entire afternoon, although Johnny Howell was habitually sending them out to their mark.

At this point Johnny Williams Blue lineup was inserted to replace the Whites. The new eleven was at first weak in almost every spot, allowing the Red backs to drive them to their own double stripe so that Dodd could carry the agate over standing up. The same extra point procedure was employed, but again Yelkin's boot was wide. Score: Reds 12, Whites and Blues 0.

### Andrews Scores Third Time.

Only a brief spell elapsed before Andrews tucked away the spheroid in his armpit and scored the third tally with a short thrust through the line. This play was made possible not by commendable runs by the Reds, but by a Blue punt against the wind that netted an approximate gain of one yard. A short pass through the center zone was batted down and the Reds still went extra pointless. Score: Reds 18, Whites and Blues 0.

A new arrangement complicated things still further as Bible sent in the Whites to increase competition and oppose the Blues. Plock, who was one of the afternoon's mainstays on end sweeps, ran nearly two widths of the field on the first play, but the play was good for no yardage. On a few plays following, however, the Whites marched the ball to within a yard of the promised land, and were finally held on downs by the Blues. Catcher kicked out of danger, that is, out of danger had the lineman nabbed Ball who returned the ball to the 15 yard stripe.

### Dodd Breaks Loose.

Phelps made the last good run for the Whites that was good for 15 yards. It was the last good excursion because once again the Reds came in. From this time on Andrews could not be stopped. Dodd finally broke loose in the death bed moments of the game to score the last points. The kick for goal was again wild. Score: Reds and Whites 24, Whites and Blues 0.

Coach Bible refused to comment as to how he felt about the showing of next year's Cornhuskers, but Sam Francis and Lloyd Cardwell, who were bemoaning the fact that they were in track clothes, claimed the team looked ultra ultra to them.

Lineups:  
Reds: Macdonald and Yelkin, ends; Shrey and Doyle, tackles; Moberg and McGinnis, center, and Andrews, Howell, Dodd, and Andresen, backs.  
Whites: Richardson and Mervler, ends; Schwartzkopf and Mills, tackle; Seeman and Peters, guards; Ramey, center, and Phoebe, Morris, Phelps, and Ball, backs.  
Blues: Smith and Nathan, tackles; Burleigh and Strathelm, tackles; Sauer and Wende, ends; Kosman, center, and Klein, Wiley, Carter, and Osborne, backs.

## DAUGHTER OF LATE PROF. MANATT DIES AT BERKELEY, Calif.

Word was received here of the death of Winifred Manatt Bacon, wife of Herbert M. Bacon and daughter of the late Prof. J. Irving Manatt. Mrs. Bacon, who was a graduate of the University of Nebraska in 1897 and also of Lincoln high school, died at Berkeley, Calif.

Her father was American consul at Athens, Greece, for a number of years, was head of the Greek department at the university and a close friend of Chancellor E. Benjamin Andrews. Mrs. Bacon was educated in both Europe and the United States. She attended schools in Germany, Greece and Italy and taught in public and private schools in Denver.

After her teaching experience in Colorado she returned to Europe to study at Heidelberg university, later studying art, history and German at the University of Berlin. She next taught at Olivet college in Michigan. Mr. and Mrs. Bacon were married in 1906 and for the past twenty-five years made their home in Berkeley.

### Rosenlof Speaks to P. T. A.

Dr. G. W. Rosenlof, professor of secondary education, addressed members of the Belmont P. T. A. Tuesday evening on "The Home in Modern Life." March 17 he will give the final talk in a series of conferences being held at the Y. M. C. A., his topic being, "An Integrated Program in Boys' Work."

## Extension Officials Consider Self-Testing Method in Study

### Plan Augments Supervised Correspondence Course Program.

As the result of the preeminence attained by the teachers college and the extension division of the University of Nebraska, Dr. John C. Peterson and Dr. B. H. Finney of Kansas State college visited officials of the extension division asking them to consider a new self-testing method of study to augment Nebraska's program of supervised correspondence study. This self-instructing method is patterned after the true and false tests.

Along with his questions the correspondence student is mailed chemically treated lesson sheets which are individually encased in cellophane envelopes. After each numeral are four designated spaces, one of which when punched by a moistened object will signify by a change in color whether the student's choice is correct. The slips are prepared in either the blue or red color combinations. If his instructions tell him that blue is correct and his choice turns red, then he has three other answers

from which to choose. Says Earl T. Platt, assistant director of the extension division in charge of supervised correspondence work, "Writing should only be used when it is the most economical method of learning. For greatest efficiency the student should be able to tell at the time he makes a mistake. Written responses should only be required in order to check on the learning that the individual has acquired and to show the correspondence instructor where the student's reasoning has gone astray."

Mr. Platt points out that the incorporation of the new self-instructing in correspondence courses will save considerable time both for the student and the teacher. In the past, too much written work has been required he says. Although supervised correspondence courses already employ educators, he sees a worthwhile innovation that can be used in the field of supervised correspondence study.

The University of Nebraska was the first university to undertake a program of supervised correspondence work. At the present time several other universities have adapted the Nebraska system.

graduate in 1908, has been appointed acting commissioner of the United States reclamation service.

Paul Minault, professorial lecturer at the University of Minnesota, will teach a course in French civilization during the summer term here.

J. B. Patterson, Chicago, the Midwest representative of the American Society of Mechanical Engineers, met with the student chapter and Nebraska section officers of the A. S. M. E. Friday evening, according to announcement by Prof. A. A. Luebs of the engineering faculty.

A beautifully illustrated publication entitled "Possibilities of Shelterbelt Planting in the Plains Region" contains articles by F. A. Hays, senior soil scientist of the bureau of chemistry and soils, stationed at the University of Nebraska, and one on ground water conditions of the shelterbelt zone by Dr. G. E. Condra, dean and director of the conservation and survey division.

## FRESHMAN WRESTLING TOURNAMENT BOOKED

### Adams Sets Date for All-University Meet To Be Held April 2-3

An all-university wrestling tournament for freshman will be held April 2 and 3 in the coliseum according to an announcement made recently by Coach Jerry Adams.

Champions in their various weights will be awarded freshman numerals while second place winners will be given cards of merit. The time of the bouts will be limited to six minutes, while the finals will run for eight. A weight allowance of three pounds will be allowed.

Entries may be made with Adams or Harold Petz in the intramural office before the meet. Eighteen men so far have signified their intention to participate.

## SIGMA ALPHA IOTA TO PLEDGE FIVE SUNDAY

Sigma Alpha Iota, women's musical sorority, will pledge five girls Monday or Tuesday afternoon, March 30 and 31, from 3 to 5 o'clock. At this time they will be asked to present their application blanks, previously filled out, and their credit books. Application blanks are now available at Miss Amanda Heppners' office in Ellen Smith hall.

## A.A.U.W. TO PRESENT THREE SCHOLARSHIPS TO WOMEN STUDENTS

### Girls May Apply Now for \$50 Prize Awarded on Honor's Day.

Three women will receive A. A. U. W. gift scholarships of \$50 at the Honor's Day convocation, April 16. The three scholarships are awarded annually by the American Association of University Women to sophomore or junior women in the university who have a scholastic average of 88 percent, and who are wolly or partly self-supporting.

Girls wishing to apply for one of the scholarships should make a personal application to the scholarship committee, in Ellen Smith hall, Monday or Tuesday afternoon, March 30 and 31, from 3 to 5 o'clock. At this time they will be asked to present their application blanks, previously filled out, and their credit books. Application blanks are now available at Miss Amanda Heppners' office in Ellen Smith hall.

Recommendations should be sent to Miss Grace Spacht, 1440 Q st., chairman of the scholarship committee, immediately. Miss Spacht announced that the recommendations shall consist of the names of two members of the university faculty, and two people not connected with the university. Assisting Miss Spacht on the scholarship committee are Miss Lucy Hill, Miss Margarette Hochdoerfer, and Mrs. Gilbert Doane.

## Geography Text Goes Into Second Printing

Further recognition has come to Dr. Neils A. Bengtson, chairman of the geography department, and Dr. Willem Van Royen, assistant professor of geography, since the publication of their new text entitled "Fundamentals of Economic Geography." Dr. Bengtson reported that a second printing of the book had been called for before the test had been out sixty days.

Minor revisions for a third printing are now in progress. They have received word that the text has been adopted as the basic economic geography book for all such courses at Columbia university.
