

# HUSKERS TO END WORKOUTS WITH GAME SATURDAY

### Pigskin Devotees Perform Well in Last Regular Scrimmage.

Forced to spend the first period scoreless due to the defensive tactics of the White team and the listlessness of their own goalward endeavors, the Red eleven came to life in the following periods to emerge with a 27-0 victory in the practice scrimmage held Saturday afternoon. Only one week of spring football remains, the four-week session terminating with a final practice scrimmage on the coming Saturday afternoon.

In the scrimmage held last Saturday, the same pigskin devotees that have stood out in past skirmishes continued performing with the same commendable gusto. Namely, they were Charley Brock, Bill Anderson, Harris Andrews, Fred Shirey, and the backfield blocking ace, Johnny Howell for the Reds, and Bob Ramey, Vernon Neprad, and Marvin Plock for the White squad. Waldine Willey was the lone standout for the Blue eleven. Some familiar faces were missing from the usual lineups because of conflicting work.

### Center Scores.

The touchdown making was divided between Charley Brock, center, and Bill Anderson, fullback, two freshmen who have made the most of the spring session. Brock opened the scoring in the second period by recovering a fumble and scampering the twenty-one remaining yards to the promised land. Later in the same quarter, Harris Andrews hula-hipped his way through the Blues for several sizeable gains, his goalward efforts resulting in the ball being placed on the one yard line, from where Bill Anderson power-housed the desired distance for six additional points.

The third quarter also failed to produce anything in the way of point-producing, but the final period found the Reds warming to their task enough to take advantage of two breaks to score twice. Brock, having already accomplished the feat which every center-guard and tackle secretly yearns for, that of making a touchdown, again scored by means of falling on a blocked punt behind the White's goal line. The other tally came as a result of the omnipresent Anderson's snatching an enemy pass out of the air and personally conducting the pigskin twenty-five yards for the final score.

### Plock Promoted.

Aside from Brock and Anderson, the Red starting line-up revealed a new name in freshman Sam Schwartzkopf, a tackle over the 200-pound mark. Coach Bible expects him to be a valuable member of the 1936 squad if he keeps developing as he has the past three weeks, adding that one strong point in his favor is the fact that he asks questions and desires to improve himself in every way. Marvin Plock started with the Whites Saturday, was promoted to the Reds during the last quarter and if the same speedy halfback continues displaying his usual brand of play he will cause no end of worry to other varsity backfield candidates.

From Omaha came one of the pioneers of the bristle bob club who has done himself and family proud in Husker football toils. George (McHenry) Seeman is the lad under discussion. His record which preceded him down from Central High school of Omaha made it almost unnecessary for him to expand effort in order to play first string freshman ball. On the ledgers of the school is found the name of Seeman more times than you can say hic over the weekend.

First of his accomplishments is the state heavyweight grappling crown; second, a year's participation on the basketball maples; and third, four full measure years of gridiron. His senior year found many good ends and in the final analysis the sports writers could find little difference between the playing of Seeman and Bob Mills, also of the Husker squad. Whether it was done by the flip of the coin or how, we know not, but due to the fact that one good man or the other must be eliminated Seeman forfeited his all state end position to the Lincoln flankman.

Thru all four of the prep years, the hobbled burly played on the wing post, but upon his arrival at Huskerland, Coach D. X. Bible took one of those x-ray appraisals and simultaneously shifted him to a guard where he has made all concerned sit up and take plenty of notes. George is one of the fastest guards of the squad and the attribute is especially of credit-deserving caliber because of the fact that he is some 195 in poundage. He is only a freshman in standing, thus there should be plenty of guard played at Nebraska during the next three years. His type of play is the desirous kind all around but offensive measures are his best.

His only deviations from the Phi Psi house, where he is a member, at night are only in the company of male companions. His actions are altruistic, it is said, to one who reads the theatrical boards in New York. The acquaintance was made in the early years of both. The natural disposition of the Omaha Huskie is of the best, no one ever having witnessed him with an unbecoming temper. George Seeman, sr., played basketball and baseball in Husker colors a few years back. In the sophomore class of Central high school, still of Omaha, Lee Seeman, another son, is doing his bit on the football squad. From those who know it is learned that his size is of the bigger and better type.

### Harvard's Pie Eta Club

was forced to appeal to women's colleges for a supply of chorines to dance in the annual show when members refused to shave their legs.

# TANKMEN LEAVE FOR A.A.U. RELAY MEET IN CHICAGO

### Undefeated Husker Team to Seek Further Honors April 1-4.

Nebraska's undefeated medley relay team, composed of Pete Hagelin, back stroke, Bob Thornton, breast and Glyndon Lynde, crawl, will leave Wednesday morning in a search for new honors at the National A. A. U. swimming meet to be held April 1-4 at the Lakeshore Athletic club of Chicago.

This team has been the class of the Big Six loop this year. In a dual meet with Carleton College the Hagelin, Thornton, Lynde combination unofficially bettered a world's record in the 150 yard splash, blasting 2.7 seconds off the old record of 1:26. In unofficial time trials in the home pool this squad has required as little as 3:08.5 to churn through the 300 yard distance.

### Lower Record.

With Jack Gavin swimming the back stroke, the Cornhuskers lowered the Big Six record in the 300 yard distance from 3:25.8 to 3:19.9. The same combination made their best time in competition in the 300 yard distance in the Kansas meet, splashing through in 3:10.5, an even 15 seconds under the old record.

Lynde will enter the 100 yard free style dash and Hagelin will compete in the 220 yard free style in the race for individual honors. Lynde is the present Big Six record holder in the 50 and 100 yard distances. In the conference meet he cut a full second off his old record, swimming it in 54.9 as compared to his previous effort of 55.9 seconds. Hagelin was winner of the 220 yard grind in the Big Six conference meet, as was Thornton in the breast stroke.

# Feminine Tennis Stars To Play in Coliseum

Men tennis players on the campus will have an opportunity Thursday night to compare their brand of tennis with the ranking women players of the racquet sport.

Included on the evening program at the coliseum will be a match between Mrs. Ethel Burkhardt Arnold, pictured above, and Miss Jane Sharp, former national indoor champion.

Mrs. Arnold was the heroine of the last Wightman cup series. She weighs only 100 pounds and is 4 feet 11 inches in height. Amazing ability to score placements and top spin on the ball make her game strong.

# Scoring a Habit With Iowa State Winter Captains

AMES, Iowa, March 20.—Captains and captains-elect of Iowa State College athletic teams had the scoring habit this past season, four of them being high point winners in winter sports.

Jack Flemming, captain-elect of the Cyclone basketball five, scored 155 points during Iowa State's 16 game schedule to lead his mates for the season. Bob Burkett, elected by his mates to lead the 1937 Cyclone swimming forces, scored a total of 42 points for the highest Cyclone total.

Capt. Bob Freeman, leader of the Iowa State track squad, led the Cyclone scorers during the indoor season with 27 points earned in the high and low hurdles. Walt Thomas, Cyclone 145-pound wrestler and Big Six runnerup, scored 28 points for the team of which he was captain.

The leading Iowa State scorers in the winter sports:

- Basketball: Capt-elect Jack Flemming, 155; Jack Cowen, 129; Capt. Thorvald Holmes, 63.
- Indoor track: Capt. Bob Freeman, 27; Wayne Lyon, 25; Bill Brown, 23 1-2.
- Wrestling: Capt. Walt Thomas, 27; Bob Buck, 18; Ralph Ruggies and Leonard Wilson, 13 1-2.
- Swimming: Capt-elect Bob Burkett, 42; Dick Herrick, 36; Dick Fleig, 33.

# Cyclones Issue First Call for Golf Practice

AMES, Iowa, March 30.—The first call for Cyclone golfers was issued today by Hugo Otapolik, Iowa State College coach.

Six veterans of last season are available to play the Cyclone schedule which may include 10 dual meets and the conference championships at Lincoln, Neb. Back from last season's squad are Capt. Harlan Anderson, Cannon Falls, Minn.; John MacRae, Ames; Bob Baugé, Ames; John Lorenzen, Ogden; James Pestotnik, Boone, and Cyril Radcliffe, Ankeny.

The tentative schedule includes: April 18—Iowa at Ames. April 24—Nebraska at Ames. May 1—Grinnell at Grinnell. May 8—Carleton at Northfield, Minn. May 9—Gustavus Adolphus at St. Peter, Minn. May 11—Minnesota at Minneapolis, Minn. May 16—Grinnell at Ames. May 21—Nebraska at Lincoln. May 22 and 23—Big Six meet at Lincoln.

The story of "Lo, the Poor Frosh" continues. At Duguesne the first year men are requested to wear red ties and gloves, carry a nickel box of matches, roll trousers up to ankles so that loudsocks may be visible, and to refrain from chewing gum or smoking.

From a survey of co-eds at Lindsay college, in Ontario, Canada, it is learned that only one of all the enrolled women has the ambition to become "a good wife for some man." Others choose "careers," with teaching at the top of the list.

Today Franklin Delano Roosevelt Wyckoff and his mother are living on relief.

# UNIVERSITY OF KANSAS ISSUES ANNUAL RELAY PROGRAM FOR APRIL 18

### Meet Is Designated Official Olympic Tryout; Add Special Events.

LAWRENCE, Kas., March 30.—A preliminary pamphlet announcing the official program of the fourteenth annual Kansas relays to be held at the University of Kansas April 18, has just been issued by the athletic office here. The official program for the relays and the meet records are as follows:

### University Class Relays.

1. One-quarter mile relay, 40.5 seconds. University of Iowa, 1935.
2. Half-mile relay, 1:25.2, University of Iowa, 1935.
3. One mile relay, 3:16.1, University of Texas, 1935.
4. Two mile relay, 7:45.7, Kansas State college, 1935.
5. Four mile relay, 17:37.8, University of Illinois, 1931.
6. Distance medley relay, 10:21.2, University of Indiana, 1935.
7. The 480 yard shuttle hurdle relay the record of which is held by Kansas State college set in 1934, 1:01.7, is to be replaced by the sprint medley relay.

### College Class Relays.

8. Half-mile relay, 1:27, Oklahoma Baptist university, 1930.
9. One mile, 3:17.3, Kansas State Teachers college, Pittsburg, 1931.
10. Two mile, 7:50.5, Kansas State Teachers college, Emporia, 1933.
11. Distance medley, 10:24.1, Wichita university, 1931.

### Junior College Class Relay.

12. Sprint medley relay will replace the customary mile relay the record of which was set in 1933 by Cameron Junior college, Lawton, Okl., 3:27.4.
13. 100 yard dash, 8.4 seconds, Leland, Texas Christian university, 1930.
14. 120 yard high hurdles, 14.5, Allen, Oklahoma Baptist U., 1935.
15. 1500 meters run, 3:53.3, Cunningham, University of Kansas, 1933.
16. 16 pound shot put, 51 ft., 3-8 in., Dees, University of Kansas, 1935.
17. Javelin throw, 206 ft., 6 1-4 in., Kuck, Kansas State Teachers, Emporia, 1932.
18. Discus throw, 154 ft., Petty, Rice institute, 1935.
19. Broad jump, 25 ft., 4-8 in., Gordon, University of Iowa, 1931.
20. High jump, 6 ft., 6-8-16 in., Shaw, University of Wisconsin, 1930.
21. Pole vault, 13 ft., 9-3-4 in., Warne, Northwestern university, 1930.

The mile run, the record of which is held by Glenn Cunningham, will be discontinued this year. The record time, 4:12.7, 1930. Since the Kansas relays have been designated as an official

Olympic tryout, in addition to the Missouri Valley decathlon, will be the 400 meter hurdles, the hop, step and jump, and the 3,000 meter steeple chase besides the already mentioned 1,500 meter run. The decathlon events will begin Friday afternoon and end Saturday morning.

# D. U. INTRAMURAL KEGGERS BECOME 1936 CHAMPIONS

### Winners Upset Acacias in Two Out of Three Games.

Delta Upsilon bowling team became 1936 intramural champions when they won two out of three close games over the Acacias in the final round of the tournament held at the alleys last night.

The total scores for the match of 2699 to 2619 showed how evenly matched these two championship teams were. The first game went to the D. U.'s, 955 to 886. Acacia's 917 was high over their opponent's 860 in the second game. In the final and deciding game of the match and tournament the Delta Upsilon boys came back strong to win by sixty-eight pins. The score was 884 to 816.

Honors for the day go to Dan Nye of the D. U.'s and to Ronald Chase of the Acacias. Nye bowled the high series with an average of 193 points. Chase had the highest single game score, it was 225. Beta Theta Pi was victorious over Zeta Beta Tau in the consolation match also staged last night. Betas took two straight, but very close games, winning the second of the match by a scant seven pins.

Individual scores in the championship match of the Delta Upsilon team were Don Nye, 580; Ralph Sarson, 534; Robert Callahan, 527; Harry Epperson, 517 and George Sawyer, 541. Acacia scores were Ronald Chase, 537; Marvin Plock, 548; William Sibley, 558; Richard Smith, 501 and Fred Shirey, 475.

### Knox College is using alumni as "career" advisers.

Children who will be unsuccessful in later life can be spotted at the age of six, says Dr. J. W. M. Rothney of Harvard.

"College is just like a washing machine; you get out of it just what you put into it, but you'd never recognize it."—Daily Illini.

Reversing the process: Harry Breed, an Iowa electrician, has traced his ancestry through 35,000 persons.

A sailor may have a sweetheart in every port, but a coed has one in every sport.

Excessive bathing may mean a guilty conscience, according to University of Chicago psychologists.

# HUSKERS RETURN VICTORIOUS FROM RELAYS IN TEXAS

### Francis Looms as Threat To Shotput Records In Midwest.

Bearing a tan from the hot sunshine of Texas, Coach "Indian" Schulte and his trio of Husker cinder champs returned Monday from the Texas Relays where the three Cornhuskers turned in fine performances.

Sam Francis now looms as the biggest threat to shotput records in Midwest competition. "Sammy" tossed the metal ball 51 feet 9 3-4 inches establishing a new Texas Relays record and eclipsing Hugh Rhein's old record of 51 feet 2 3-4 inches.

### Trouble in Starting.

Both "Jake" Jacobsen and "Cardy" Cardwell had trouble in breaking away from the starting blocks, as they were unaccustomed to the technique of the Texan starter. "Jake" was left momentarily at the post in the century wash, but managed to sprint in ahead of some of the slower sprinters. The finish was extremely close as there were 26 men entered in the 100 yard dash. "Cardy" had the same difficulty in the high hurdles, but managed to overcome a big lead to coast in third in the final heat. Cardwell rang up a first place in the broad jump with a 23 foot leap that was far ahead of the southern leapers.

### Kansas Relays Next.

With the Texas Relay performances behind them, the entire squad of Schultemen assembled Monday to inaugurate a full two week period of pre-meet drill in preparation for the Kansas Relays of April 18. Coach Schulte announced Monday that he will take all Huskermen who demonstrate possibilities as point winners for Nebraska in actual competition.

Meanwhile, the freshmen tracksters are continuing their daily workouts, dividing their time between spring football and track rehearsal. The next tri-color meet is slated for April 7, and with spring football scheduled to end April 4, Coach Schulte is expecting a large throng of trackmen to report for service during the remainder of the school year. If weather permits, the tri-color meet will be run off outdoors, in regulation style.

### CO-EDS

Why not send that garment to have it dyed for spring?

# GLOBE

# NEW OWL ADDITION TO UNIVERSITY ZOO

### Lincoln Boy Captures Unusual Specimen.

A perfect specimen of a short-eared owl, whose dagger-like bills click together in a menacing manner when anyone approaches, is the latest addition to the university zoo. Captured by a Lincoln boy, the owl replaces in part the loss the zoology department suffered in the death of its young boa constrictor.

### COLLEGE LECTURES NOT PUBLIC, SAYS DR. SEIG

Washington University Head Rules to Censor Activity in Classrooms.

By College News Service. SEATTLE, Wash., March 28.—Remarks of professors to their classes are "privileged communications" and not "public property," Dr. P. P. Seig, president of the University of Washington, has ruled in moving to establish a virtual censorship over the reporting of classroom activities and lectures. Dr. Seig declared that before any statement made in a classroom is published specific permission must be obtained.

"It is pretty well accepted that what a professor says in class is a privileged communication," Dr. Seig declared in an open letter addressed to the faculty. "It is not public property and in particular no student reporter is at liberty to use it without permission."

# Each puff less acid A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

The simple mechanical details of cigarette manufacture are of surprising importance. Upon them depend the physical properties of the cigarette, such as weight, size, firmness, moisture-holding properties, uniformity of fill, uniformity of product—all of which have a far-reaching effect on the character of its combustion and the constituents of its smoke.

In the manufacture of Lucky Strike Cigarettes all of these properties have been standardized with care for the perfection of A LIGHT SMOKE.

# Luckies—"IT'S TOASTED"

Your throat protection—against irritation—against cough

Copyright 1936. American Tobacco Company

### Luckies are less acid

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

Brand	Excess of Acidity (%)
Lucky Strike	0
Brand B	53
Brand C	75
Brand D	100

RESULTS VERIFIED BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS
