PRICE 5 CENTS.

## FRATERNITIES TO OBTAIN NEW RUSH CARDS SATURDAY

### Schramm Says Same Rules To Remain in Effect Coming Year.

Distribution of rush cards will begin at 8 o'clock Saturday morning, May 8, according to a statement made today by E. F. Schramm, faculty adviser of the interfraternity council. The cards are now at the printer's and will be ready by that time.

Rushing days and dates will be the same as last year and will begin with the morning date Saturday, Sept. 12 and will continue thru Sunday to the evening date Monday, Sept. 14. Particular attention is called to the rule that rushing will be closed from noon Thursday, Sept. 10 until time for the first date. Rush cards must be in the interfraternity council's office by Sept. 12.

The rule invoked by the interfraternity council last year requiring rushees to pay a fee of \$1 before their first date was received so successfully that the interfraternity council has decided to retain it this year.

Because of the success of last year's rush week the council has decided to continue the 1935 rushing rules without any changes. Rushing rules regarding rushees are:

1. No rusher may have more than one date per day with the same fraternity; nor may he have more than three dates with the same fraternity during rush week.
2. No rusher may remain in any fraternity house at any time other than during his bona fide dates. A rusher may not use a fraternity as his place of residence during rush week.
3. It is the responsibility of every rusher to keep every date up until 12 p. m., Monday that he has filed.
4. Dates shall in no way be split between two or more fraternities. The full date must be kept with one fraternity.
5. No rusher may remain in any fraternity house at any time other than during his bona fide dates. A rusher may not use a fraternity as his place of residence during rush week.
6. No fraternity may shall communicate with any rusher other than by phone except during bona fide dates.
7. Every rusher must file a list of his dates, in mail or in person at the interfraternity council's office, 110 Morrill hall, prior to his first date, but this does not prohibit rushing from making and filing new or additional dates after rush week starts.
8. The list of dates submitted by the rusher shall be accepted as correct in cases of differences between it and the interfraternity council's office.
9. Any man who breaks a pledge during the first month of school will be prohibited from pledging to any other fraternity until the second semester.
10. A fee of \$1 must be paid by each rusher at the time his dates are filed. Payment shall be made at the interfraternity council's office before the time of (Continued on Page 3).

## ERMA BAUER NAMED VICE-PRESIDENT OF TASSELS NATIONAL

### Miss Phillippe Describes Manhattan, Kansas Convention.

Erma Bauer, junior in the college of Arts and Sciences, was elected vice president of the national organization of Phi Sigma Chi, of which Tassels is the local chapter, at the national convention held May 9 at Manhattan, Kansas. Announcement was made by Margaret Phillippe, president of Tassels, who was official delegate to the convention, at the Tassels meeting Tuesday evening.

At the convention, it was decided to suspend national dues of each chapter for one year. Delegates from each group participated in a discussion of representation and new activities which individual chapters might sponsor.

An invitation was extended by Kansas University to hold convention at Lawrence the following year. Other national officers elected are Betty Tholan of Kansas University, president; and Leslie Fitz of Kansas State, secretary-treasurer.

It was decided at the local meeting to hold the pledge picnic May 19 at the Shrine club shelter house. Announcement was made that the organization has been asked to usher at the Piano Carnival sponsored by the National Music Teachers Association, to be held Saturday night at the coliseum.

## ENGINEERS DENY MYSTERIOUS PAINTING JOB ON LAW COLLEGE

by GUS PETERS.

Who is responsible for the paint job on the east side of the law college? The engineers deny it and the lawyers are having a few chuckles over it.

It seems that a certain party wrote "E 36" in large white letters all over the east side of the law college and after a little conversation between the acting head of the law college and Dean Ferguson of the engineering college a group of engineers had to go over and clean up the whole mess.

Fred Mallon, engineering student, stated that the first he had heard of it was when Professor Haney woke him up in class and told him about it. Mallon denies engineers had any part in it, stating that they would have used white wash instead of linseed oil paint which requires considerable scrubbing before coming off.

Ralph Doubt, another engineer, said, "That wasn't the work of an engineer, the lettering was rugged and the whole job was too messy."

## INNOCENTS DO HEAVY IVY DAY WORK.

### Men's Society Gives Help Preparing for Annual May Events

Responsibility for the erection of the May Queen's throne and the spectators' bleachers is shouldered by members of the Innocents society, who have offered their services this year to Mortar Board in planning Ivy Day.

The men's honorarium is in charge of general arrangements which includes preparation of the Ivy Day grounds, installation of the public address system, and supervision of the Ivy and daisy chains so that they can get thru the crowd on to the grounds. Richard Schmidt and Donald Shurtliff have attended the two rehearsals of the chains, and will be responsible for carrying out this feature of Ivy Day.

## Y.W. VESPER SERVICE OUTLINES ACTIVITIES FOR ESTES PROGRAM

### Three Former Campers Tell Benefits of Summer Period.

Descriptions of activities which are sponsored as a part of the annual summer conferences held at Estes, were given as special features of the Y. W. C. A. vesper services held yesterday afternoon at 5 o'clock in Ellen Smith hall.

The meeting, scheduled as the regular annual Estes vespers, was held in order to arouse student interest in attending the conference this summer.

Three addresses, given by students who have attended the conference in previous years, were included on the program. Lovene Adelsack, explaining the setting and scenery which forms the background of the camp, gave the introductory talk at the meeting.

Outline Summer Program. This discussion was followed by a short sketch of the programs which are a part of the summer conference, and was given by Lorraine Hitchcock, former president of the university Y. W. C. A. In speaking of the programs which are scheduled for the conference each summer, Miss Hitchcock pointed to such diversions as interest groups, hikes, and recreational periods.

Concluding the discussions of Estes activities, John Steinhause, member of the Y. M., gave a review of the various recreations which are offered on the summer camp's program.

Hiking Activity Emphasized. Of special importance, according to Mr. Steinhause, are the organized and unorganized hikes into the mountains, the athletics and sports offered, and the periods of creative leisure.

Devotionals, dealing with a theme relating to the Estes discussions, were led by June Waggener, Y. W. cabinet member and chairman of the Nebraska-China staff of the Y. W. C. A. In leading devotionals, Miss Waggener gave a brief picture of the manner in which worship services are conducted each day at the conference.

## FORMER ALPINE GUIDE TALKS ON NATIVE LAND

### Walter Kiener to Appear On Program of German Department.

Walter G. Kiener, former Alpine guide and present graduate assistant in the Botany department, will give an illustrated lecture on his native Switzerland for the third of a series of German talks arranged for by the German department at the auditorium of Morrill hall, Thursday, May 14, at 7:30.

Mr. Kiener has been a guide in the American Rockies and the Swiss Alps. On one occasion, he narrowly escaped death from exposure. Students who have studied Schiller's classic drama, "Wilhelm Tell," will find the lecture especially interesting.

## ENGINEERS DENY MYSTERIOUS PAINTING JOB ON LAW COLLEGE

by GUS PETERS.

Who is responsible for the paint job on the east side of the law college? The engineers deny it and the lawyers are having a few chuckles over it.

It seems that a certain party wrote "E 36" in large white letters all over the east side of the law college and after a little conversation between the acting head of the law college and Dean Ferguson of the engineering college a group of engineers had to go over and clean up the whole mess.

Ralph Doubt, another engineer, said, "That wasn't the work of an engineer, the lettering was rugged and the whole job was too messy."

## NEW FLUORESCENT LAMP DISPLAYED AT OPEN EXHIBIT

### Demonstration by Museum, Geology Departments Spectacular.

New equipment to demonstrate the spectacular fluorescence of minerals will be the feature exhibit of the annual museum and geological open house scheduled for Friday evening from 7 to 11 o'clock in Morrill hall.

The use of the newly acquired fluorescent lamp should prove to be one of the most interesting exhibits displayed for several years, according to the opinion of Prof. E. F. Schramm, who is in charge of the affair. This demonstration and a study of rock slides by employing a petrographic microscope will be displayed in the petrography laboratory.

Show Mineral Analysis. Demonstration of a blow pipe analysis of minerals is scheduled for the mineralogy laboratory. A dissolution process of producing crude oil from oil shales and a miniature standard oil rig in operation are the displays contemplated by students of the oil laboratories.

Opportunity to examine microfossils under binocular microscopes is offered by the paleontological laboratories. Methods of segregating these minute fossils from shale beds and limestone will also be demonstrated.

In the segmentation laboratories a demonstration of the classification of sediments by both chemical and mechanical analysis will be exhibited.

Use of all types of geologists' instruments are to be displayed, particularly a plain table and telescope alidade, a surveying instrument employed for making topographical and geological maps.

Museum Open. According to Prof. E. H. Barbour, director of the museum, the workroom will be open to visitors showing how large fossil mammals are prepared for exhibition. Students will serve as guides thru the museum, describing the fossil displays, and the mineral and rock displays.

All exhibits and demonstrations will be carried on under student supervision in both the museum and geological displays.

General are urged to take advantage of this opportunity. The exhibits and museum will be open to all at no charge.

## SOCIAL CHAIRMEN TO SPONSOR AFTERNOON DANCING ON IVY DAY

### Jungbluth-Beck to Play for Climaxing Event This Thursday at Park.

Social Chairmen's organization will again stage a stag party, this time at Antelope park, Thursday, May 7, immediately after the tapping of the last Innocent. Eddie Jungbluth-Leo Beck as their orchestra will provide the music for the afternoon dance, from 4 to 6.

"We hope to make this a fitting end to Nebraska's most thrilling day, and cannot do it without the full co-operation of every fraternity and sorority," stated Bill Cline, president of the organization.

The party will be similar to the one held in February at the Cornhusker hotel, which was pronounced definitely successful by all who attended, according to Cline.

Arrangements are being made to prohibit all members of any group from attending, if the organization has not made a deposit of \$3 with the Social Chairmen's group before Thursday.

The committee in charge is Dorothy Hood, Malcolm McFarlane, Doug Sarson and Ruth DeKlotz.

## KOSMET COMPLETES IVY DAY SING PLANS

### Kennedy, Marsh in Charge Of Final Fraternity Arrangements.

Final plans for the intra-fraternity sing on Ivy Day were completed at a meeting of Kosmet Klub held yesterday when Roy Kennedy and William Marsh, members, were given charge of arrangements.

Eight fraternities have so far signified that they will participate. The only requirement for the men's group is that each singer must have been pledged to the fraternity with which he is competing by February 17, 1936. Each fraternity has submitted a list of members participating and eligibility will be checked today.

## SCABBARD AND BLADE TO ELECT OFFICERS.

### Military Honorary to Complete Plans for Annual Stag Party

Officers for the ensuing year will be elected at the meeting of Scabbard and Blade members today at 5 o'clock in Nebraska hall. Plans for the annual stag picnic of the group will also be made.

According to Tom Cheney, president of Scabbard and Blade, the date for the picnic will be chosen from the days of May 14-25. The actual date will be announced at the meeting. The committee in charge of the picnic includes Kenneth Pavey, Floyd Baker and Art Smith.

## M'GREW PRESENTS DRAMATIC RECITAL

Lloyd McGrew will give his senior recital at the Temple theater Wednesday evening at 7:30. McGrew is a student in Miss Alice Howell's class in the advance course in platform art. There will be no admission and the public is invited.

## CORNELIJS VAN VLIET, NOTED CELLIST, WILL APPEAR HERE TODAY

### E. Harrison to Accompany Dutch Musician in Cello Recital.

Cornelius Van Vliet, internationally known cellist, will present a recital in Temple auditorium at 4 p. m. today. His program is one of the best to be presented by the university school of music at a musical convocation this year.

Ernest Harrison, of the piano faculty, will accompany Van Vliet. The renowned Dutch musician appeared with the Lincoln Symphony orchestra a few years ago and he is still well remembered by Lincoln music lovers. Van Vliet has chosen a well balanced program, which is expected to meet the approval of both musicians and laymen.

The Hollander is recognized as one of the greatest cello virtuosos in the world. He started his career at the age of seventeen as soloist with the Philharmonic orchestra of Leipzig and later joined the Philharmonic ensemble of Prague. He then toured Europe, gaining recognition as an artist.

Upon the completion of his tour, he joined the Vienna Philharmonic orchestra and remained with the organization until he came to this country.

Mr. Van Vliet first appeared in this country with Mary Garden and Tetrazzini, in Chicago. He was immediately hailed as a master by critics and the musical minded public, and was engaged for a tour of the principal cities of the country.

Mr. Van Vliet's return to enthusiasm. The program:

- 1. "Sonata for Cello and Piano" (Pia)
- 2. "Scherzo" (Pia)
- 3. "Waltz" (Pia)
- 4. "Chanson Napolitaine" (Pia)
- 5. "No. 2" (Pia)
- 6. "Rhapsodie" (Pia)
- 7. "Tarentelle" (Pia)

## DR. BENYON SPEAKS ON WORK AT JOHN HOPKINS

### Speaker Praises McCollum, Famous Dietician at Eastern College.

Speaking of her work at John Hopkins university, Dr. Lisabeth Beynon, alumnae member of Iota Sigma Pi, honorary chemistry sorority, addressed an open meeting of the organization held Tuesday evening. She also spoke about Dr. McCollum, world famed dietician and professor at the institution.

Dr. Beynon explained that John Hopkins, the first university in America, is a place where knowledge is advanced—not disseminated, as in the usual college.

In speaking of Dr. McCollum she pointed out that his fame is such that he was the only American asked to attend the International Teeth conference held in Switzerland, last February. He was one of the two dietitians present.

Not only is this teacher an expert in the laboratory, but he is also an expert in phrasing this knowledge so that others can receive the benefits of it.

## MAJOR SCOTT GOES TO WASHINGTON POST

### R.O.T.C. Instructor Receives Advance in Rank From Captain.

Major Walter T. Scott, University R. O. T. C. instructor, received word late yesterday from Washington, D. C. that he would be transferred from his present station at Nebraska to Vancouver Barracks, Washington. Major Scott came to Nebraska six years ago as instructor to junior students. A few months ago he received notice of advance in rank (Continued on Page 4).

## Interest in Identity of Ivy Queen Grows Keen

### IT'S AN EVEN CHANCE THAT RAIN WILL FALL ON IVY DAY

By CAROL CLARK.

Weathermen predict an even chance that rain will fall on the May Queen and her attendants and perkily clothed audience. But before you put away your new white suits and Palm Beachers, listen to this cheery news: rain has dampened Ivy Day ceremonies but twice during the last six years. If you want to be pessimistic, it is just as true that rain has occurred twice in the last three years on this traditional day.

Conviction that your new outfits will be shown to the gallery only by braving a downpour that would shame the weather putting Noah's Ark to work is really unjustified. It is as traditional as the day that the weather will threaten and rain all around the fateful hour of presentation. In the language of meteorologist Thomas A. Blair, "May is our wettest month." So what can you expect?

As it is well remembered, the festivities of last year's Ivy day caused the spectators to tremble, (Continued on Page 4).

## IVY DAY PROGRAM

- 9:15—Interfraternity Sing
- 10:15—Ivy Day Orator
- 10:30—Ivy and Daisy Chains
- 10:50—May Queen Procession
- 11:00—Crowning of the May Queen
- 11:10—Ivy Day Poem
- 11:30—Planting of the Ivy
- 1:15—Interfraternity Sing
- 2:45—Masking of Mortar Boards
- 3:15—Tapping of Innocents
- 7:00—Open house at the various colleges.

## PREPARATIONS UNDER WAY FOR RECITAL OF DANCE ORGANIZATION

### Orchesis' Annual Program Practices Held Each Day at 5.

With practices set for every day this week at 5 o'clock in the dance studio in Grant Memorial hall, preparations for the presentation of the annual spring Orchesis recital are progressing rapidly, according to Miss Claudia Moore, instructor in the women's physical education department and director of the dancing group. Date for the presentation of the interpretative dancing recital has been set for Friday, May 15.

Seventeen members of Orchesis, which is organized as a functional part of the W. A. A., are to participate in the spring show.

Opening with a lecture demonstration on the fundamental techniques in forms of composition, the program scheduled will consist of six main features. A group of folk dances, made up of Hungarian numbers and Negro spirituals, will be presented as the second selection of the recital.

As one of the features planned for the program are dance forms, including music of Bach's English Suite, No. 2, will be shown. For this number, four movements, Courante, Sarabande, Bourée and Jigue, will be presented. Each of the selections were composed as particular dances, according to Miss Moore.

Additional numbers will include a number displaying phoenetic rhythm, which the group presented at the Physical Education Central District convention recently, and a dramatic study which demonstrates choreography. The composer of the latter number is Mr. Charles Weidman, concert artist (Continued on Page 4).

## AG PAGEANT CAST HAS FIRST DRESS PRACTICE

### Farmers' Fair Prepares to Present Annual Show.

First dress rehearsal for Farmers' Fair pageant, "Cerialia," to be presented the evenings of May 8 and 9, was held last night at the pageant grounds of ag college. Costumes completed in time for last night's performance were fashioned entirely by a committee of ag college students. The pageant with a cast of 400 includes only students enrolled in ag college.

Interlude dancing and a number of special features of the pageant this year. The pageant has as its theme the growth of the grain industry in America. It will consist of a prelude, four episodes and a tableau.

Dancing, under the direction of Rebecca Koerting and Eleanor Green will be presented between each episode of the production.

## Junior Men Asked to Attend Ivy Ceremony

All junior men are requested to be on the grounds of the Ivy day festivities tomorrow, so that innocents may be aided in the selection of new members of the society. Richard Schmidt, President of Innocents.

Campus speculation as to the identity of May Queen runs riot as the anticipated Ivy day draws near. Her coronation, and the appearance of her royal court of attendants will introduce a full day of festivity Thursday.

Order of the May Queen's procession, which will hold the center of interest among activities of Ivy day morning, is announced by Mortar Board, sponsor of the annual festivities. Its arrival is to be announced by two pages then preceded by Mortar Board members, the procession is scheduled to start up the white patch to the throne at 10:50 Thursday morning.

Members of the active chapter of Mortar Board will precede the attendants to the May Queen in the line of march. The attendants, who are chosen from each of the four classes, will appear in the procession two by two, their identity not to be revealed until Ivy day.

Order of Procession. The maid of honor attending the May Queen will follow the two senior attendants. Flower girls in the May Queen's procession are to be Ann Jovenat, daughter of Mr. and Mrs. Victor F. Jovenat; and Judith Flansburg, daughter of Dr. and Mrs. H. E. Flansburg. Michael Lawlor, son of Mr. and Mrs. John Lawlor, will serve as crown bearer and immediately precede the maid of honor. University senior woman who received the second highest number of votes serves as her maid of honor and will place the crown upon the queen's head. Train bearers of the queen will be Virginia Nye, daughter of Mr. and Mrs. Barlow Nye; and Jerry Jovenat, son of Mr. and Mrs. Jovenat.

Floral Lei to Ivy Poet. After the crowning of the May Queen, the Ivy day poet will be presented a floral lei and will read the winning poem in the Ivy contest conducted by Mortar Board. Judges were Miss Louise Pound, Miss Marguerite McPhee, and Mr. Jovenat. (Continued on Page 4).

## ENGINEERS HEAR TALK BY CAPTAIN LOPER ON MISSOURI RIVER WORK

### Army Man Explains Project At Convocation Friday.

Captain Herbert B. Loper will speak on the topic "Design and Construction of the Missouri River Project" at the Engineers' convocation in the Temple auditorium Friday morning at 11 o'clock. His talk will be accompanied by slides which will illustrate parts of the project.

Captain Loper, district army engineer of the 8th Corp area is stationed in Omaha and is in charge of the Missouri River project.

Franklin Meier will announce the Engineers' field program for the afternoon at the convocation, said Nate Allen, convocation chairman.

With favorable weather in view, expectations of the Estes Cooperative Social committee are soaring higher. An ice cream social, sponsored by this group, will be held on the lawn east of social science annex tonight, starting at 7:30.

The novelty of the affair in itself should be enough to attract the young sophisticates of the campus to a delightful diversion from the usual run of things Betty Cherney, acting on the publicity committee, expressed the hope that the success of the pre-Ivy day celebration would be even greater in view of the fact that it has been planned for a time when everyone is troubled with the problem of "what to do".

Ice cream and cake, served for 15 cents, Chinese lanterns, green lawn, and xylophone music furnished by Warren Templeton, is the program for the evening.

Financial returns from the social will be donated to the Estes Cooperative for the annual conference held at Estes Park. This year's conference will be held from June 5 to 15. Nebraska has always had a large delegation and it is hoped that as many will be able to attend this year.

Lorene Adelsack is general chairman with George Rosen and Rowena Swenson in charge of the general arrangements. Mildred Holland will act as food chairman; and Betty Cherney and Neil Parks will comprise the publicity committee.

## ELECTRICAL STORM INTERRUPTS STUDY

### 4 Greek Houses Have Lights Doused.

Members in four Greek houses gripped bitterly last night as their hours for sequestered study and research were most abruptly shattered.

A bolt of lightning during the electrical storm brought down the light wires on part of fraternity row and submerged the four houses in darkness.

The unfortunates were Kappa Alpha Theta, Gamma Phi Beta, Sigma Delta Tau and Phi Mu. After half an hour's work on the part of city electricians the wires were still unrepaired.

## JOURNALISM SORORITY TO WRITE 'FEATURES'

### Reports were made at a meeting of Theta Sigma Phi, professional journalism sorority, Tuesday afternoon of the progress of various committees assigned to write feature stories for publication.

A tentative date of May 20 was set for the annual banquet of the group.

## AG STUDENTS TO CAVORT IN APRONS, OVERALLS, TONIGHT

Overalls and aprons will be worn at the Pre-Fair dance sponsored by the Farmers Fair board tonight, May 6 from 8:30 to 11:30. Bob Toore's popular dance orchestra will play for the party which is to be held in the Activities building.

## ESTES COOPERATIVE HOLDS ICE CREAM SOCIAL TONIGHT

By JUNE WILSON.

With favorable weather in view, expectations of the Estes Cooperative Social committee are soaring higher. An ice cream social, sponsored by this group, will be held on the lawn east of social science annex tonight, starting at 7:30.

The novelty of the affair in itself should be enough to attract the young sophisticates of the campus to a delightful diversion from the usual run of things Betty Cherney, acting on the publicity committee, expressed the hope that the success of the pre-Ivy day celebration would be even greater in view of the fact that it has been planned for a time when everyone is troubled with the problem of "what to do".

Ice cream and cake, served for 15 cents, Chinese lanterns, green lawn, and xylophone music furnished by Warren Templeton, is the program for the evening.

Financial returns from the social will be donated to the Estes Cooperative for the annual conference held at Estes Park. This year's conference will be held from June 5 to 15. Nebraska has always had a large delegation and it is hoped that as many will be able to attend this year.

Lorene Adelsack is general chairman with George Rosen and Rowena Swenson in charge of the general arrangements. Mildred Holland will act as food chairman; and Betty Cherney and Neil Parks will comprise the publicity committee.

## COUNSELLOR PLACES OFFERED GRADUATES

### Syracuse to Provide Tuition For Fifteen Hour Course.

A number of student counsellor positions are open for next year at Syracuse university. The counsellors are to be graduate residents in men's dormitories, rooming houses, and fraternities. The positions provide for room, board, and tuition for 15 hours of graduate work during the year.

Graduate work may be carried in any department of the graduate school except in the field of public administration. The student may not carry more than 12 hours a semester, even at his own expense.

Students who are interested in these positions may receive further information at room 202 in Chemistry hall. Applications should be sent directly to Gordon Barclay, office of the council of men's affairs, Syracuse university.

## AG STUDENTS TO CAVORT IN APRONS, OVERALLS, TONIGHT

Overalls and aprons will be worn at the Pre-Fair dance sponsored by the Farmers Fair board tonight, May 6 from 8:30 to 11:30. Bob Toore's popular dance orchestra will play for the party which is to be held in the Activities building.

More than five years ago the idea of a party for ag students only was started. Prof. H. P. O. Davis, head of dairy department, remembers why the first party was planned.

Ag students had worked hard preparing their exhibits and planning pageants and entertainment for the visitors to Farmers' Fair. They decided to have a dance to play along with their work, and thought it would be different and interesting to go in aprons and
