"Chuck" Taylor, called "the world's greatest basketball player" by sport experts, was in Lincoln Saturday to give a public exhibition of his basketball clinic. A large turnout greeted the hardwood expert who has won national fame as a professional star in the east and as a teacher extraordinary of fundamentals. Representing Wilson Bros. Sporting Goods company, Taylor demonstrated to university and high school coaches and players his portrayal of the fundamentals of the game.

A call went out Saturday for the filing of entries of handball artists engaged in interfraternity intramurals by the intramurals department. All entries must be in by Wednesday, Jan. 20. Judging from the noise that has been emitting from the handball cubby holes, Sigma Alpha Mu's champion handball artists will have to perspire to wrest another handball trophy from the challengers.

Coach Hugh McDermott will bring a nine man squad of Sooners from Norman to engage the Cornhuskers in another Big Six basketball contest Monday night. Eight of the Oklahomans are seniors and the players taper down from 6 feet 5 to 5 feet 10. Fully experienced with good height advantages, the Sooners should give the Huskers their second best battle of the winter. Kansas, quite naturally and quite perennially, gives Nebraska her stiffest opposition.

Varsity football sweaters are due to arrive in Huskerland Monday, according to the athletic department. Lettermen may draw their Big Six championship sweaters from Floyd Bottoff, Cornhusker equipment manager.

"The 'hop skip and jump' variety is the Jesse Owens of its regiment. It always goes twice as fast as the typist.

## UNIVERSITY BAND TO OPEN CONCERT PROGRAM JAN. 24

Raymond Reed to Take Role of Guest Conductor at Presentation.

The University band will present its first public concert of the season Sunday, Jan. 24 in the coliseum at 3 p. m. With Raymond R. Reed in the role of guest conductor, the giant 175 piece ensemble will appear in one of the most colorful programs heard here in some time. There will be selected compositions from the old classical school as well as several of the more semi-popular band selections.

A feature next Sunday will be the initial presentation of the new and tuneful Cornhusker football song, "Hail Varsity," written expressly for the university at the request of prominent Lincoln business men by Wilbur Chenoweth, Lincoln's organist and composer. While heard at various school occasions recently, this will mark the first time that the new song has been presented in concert before the general public. Coach Bible and others have already sung its praises. The public will be given their opportunity of hearing it Jan. 24.

The band will be dressed in their new scarlet and cream uniforms. Mr. Reed, who will appear here for the first time as a band conductor, has reduced the band personnel for the concert in order to provide the most balanced instrumentation. He is an instructor in woodwinds and is director of the university symphony orchestra.

The detailed program will appear next Sunday.

treatment, the force of the entire picture hinged. Only one out of ten cases in the United States are receiving treatment—treatment which makes further transference impossible after three days, and which will result in complete cure if begun early enough.

Theme of the picture could well be found in the words of Sir William Osler, whose research is an outstanding chapter in the fight: "The situation comes from treating syphilis as a moral issue, not as the unqualified germ that it is."

## RUNNERS TO OPEN TRI-COLOR SEASON ON FEBRUARY 8TH

Numeral Sweaters Earned By Mather, Kahler in Thursday Tests.

In hopes of finding potential material for his Big Six indoor track champions, Coach "Pa" Schulte will again stage several Tri-Color meets, the first of which is to be staged Feb. 8 under the east stadium. All men except monogram winners in track are eligible to take part in these contests, and Mentor Schulte is highly anxious that all athletes possessing any trace of track ability will come out and perform in this sport.

Trackmen winning twelve points in these contests will be awarded numeral jerseys, and counters earned in or out of doors may be added together. Further regulations are posted in the south dressing room of the east stadium.

Jim Mather, versatile athlete, and Bob Kahler, another bub of high esteem, earned their sweater in one day—Thursday—by garnering the required amount of points. In winning his escutcheon, Mather ran 220 yards in 21.7, high jumped 5 feet 11 3-4 inches and covered the 50-yard dash in :05.8. Marks of 5 feet 11 3-4 inches in the high jumping event and :06.1 in the 50-yard spurt brought Kahler his jersey.

Pa Schulte is expecting the number of entrants in these meets this season to surpass those of last year by quite a margin. To give each aspirant several chances in which a sweater can be earned, the veteran track pedagogue has arranged the following Tri-Color meets: Feb. 6, Feb. 23, March 1, March 9, March 23, two in April and one or two in May.

Friday's practice found about 25 athletes, composed of veterans as well as novices, working at their routine tasks with untiring efforts. Paul Owens, a sophomore distancer, ran the 660 yard event in 1:24 to set a new 1937 mark. Eldon Franks and William Gish, both varsity men, ran the 50-yard high hurdles in 6-9, which is very good for early season workouts.
