Upon further investigation it was learned that the announcement, tho it was made earnestly, may mean little. Knight has the best chance of resigning, for while he has the same staunch love for basketball that Mutt has, this is

## Gary Cooper says:

"It's plain common sense for me to

prefer this light smoke"

"A little over a year ago l changed to Luckies because I enjoy the flavor of their tobacco. Ever since, my throat has been in fine shape. As my voice and throat mean so much to me in my business, it's plain common sense for me to prefer this light smoke. So I'm strong for Luckies!"

IN PARAMOUNT'S "THE PLAINSMAN"

DIRECTED BY CECIL B. DE MILLE

An independent survey was made recently among professional men and women-lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Mr. Cooper verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies-a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.
