

By Sarah Louise Meyer

The Times Are Gripes The Walrus Said.

Balmy days seem to have contradictory effects. For some they spell bliss and serenity, an untroubled state of being at peace with the world.

The Gentlemen Don't Believe. When it comes to real ear-lying back language, we reckon that "The Magazine for Men" approaches some sort of an acme.

Muddy Rivers. Everyone at some time before he puts his other foot in his grave is fond of comparing his life to a body of water—a babbling brook, a still calm lake, a mighty surging ocean, a be-frogged or frogless pond.

Blankets, Books, Bible Among Things Waiting In Lost, Found Bureau. Are you a rabid evolutionist searching for the missing link?

Men's Pep Club Plans Initiation for Tonight. Corn Cob initiation will be held tonight at 7:30 in the Kosmet Klub office in University hall basement.

He Prefers Beauties to His Duck

You'd be breathless too if this quartet of beauties suddenly descended upon you as they have poor defenseless Joe Penner, but really he isn't putting up the least bit of resistance and from his expression he's more than enjoying himself.

Aspiring Poets Must Submit Manuscripts

All entries for the Ivy day poem contest must be submitted to the office of the Dean of Women in Ellen Smith hall before noon Saturday, April 24. Undergraduates are eligible to enter the contest.

PONTIAC VARSITY SHOW BROADCAST CHANGED TO 8:30

Nebraska to Go on Air One Hour Earlier Because of Time Zones.

Four of the Pontiac Varsity show to be broadcast on the Red network of NBC from the campus May 7 has been changed to 8:30 central standard time.

Final request for talent for the program has been issued and broadcasters and script-writers may for the last time file for auditions at the Nebraska office, according to Sarah Louise Meyer, member of the committee.

Director Expected Here. Gordon Whyte, program director for the show, plans to visit the campus in a few days in order to eliminate material and definitely arrange the material for the program.

The show, which will last for half an hour, will be open to the public in the university coliseum. Master of ceremonies will be John Held, jr., author and artist, who is presenting the program as 16th in a series of 17 programs from prominent university and college campuses.

A large number of applications, over 60, have been received by those seeking to participate in the broadcast. Considerable interest is being shown in the program, it was reported.

The committee in charge, headed by George Pipal, will meet the latter part of the week to complete arrangements for tryouts. This is the first time that the Pontiac show is broadcasting programs of any of the midwestern universities.

130 STUDENTS TO TAKE GEOGRAPHY FIELD TRIP

Schedule Annual All-Day Inspection Tour for April 24th.

One hundred and thirty students in Economic Geography 72 will make their annual all-day field trip Saturday, April 24. The party will travel by bus eastward over the loess-capped drift hills east of Weeping Water, where they will study the various lands and valley features in relation to structure and land utilization.

At the next stop, Louisville, the party will visit a pottery factory and the plant of the Ash Grove Lime and Cement company. Sources of the raw materials, processes of the manufacture of cement, and marketing aspects of the industry will be studied.

After studying land utilization phases of the Platte valley and of the uplands north of the Platte from Springfield to Gretna, they will stop at the state fish hatcheries opposite South Bend where the relation of structure to land form, water supplies and natural vegetation will be considered in some detail. Return will be by way of Ashland and the Salt Creek valley.

Arbor Day Tradition Boasts Purely American Ancestry

Nation Celebrates Today In Memory of Great Nebraskan.

Tree planting festivals are probably as old as civilization. Sacred trees and groves, planted avenues and roadsides, shaded academic walks were common in the imperial days of Rome. But Arbor Day, as such, is purely American in origin, an outgrowth of conditions peculiar to the Great Plains of the West and of Nebraska.

Man's well-being and happiness have always been closely related to trees, and yet this country in its mad haste for wealth has exploited its vast forests and wooded areas in order to bring more crop acres under cultivation. This has been especially true in Nebraska.

Losses to native and planted stands of timber in this state during the past seven years are unprecedented. During the first years of the depression vast quantities of firewoods were taken from the state forest reserves. The drought period of 1934-36 marked an even greater loss to the timberlands. But no comparable move has been made to replace the losses suffered during those periods.

Dr. Condra Will Speak In Nebraska City Today

Dr. George E. Condra, director of the conservation and survey department of the university, will deliver the principal address at an Arbor day celebration in Nebraska City this afternoon, a program given as a tribute to J. Sterling Morton, founder of Arbor day. The celebration will begin at ten in the morning with exercises in all grade schools, and Dr. Condra will speak at 2:30 in the afternoon.

BARBS TO ENTERTAIN AT SOUTHERN PARTY IN GRANT MEMORIAL

Unaffiliated Students Make Spring Dance Plans For Friday.

A southern air will invade the Armory Friday night when barbs on the campus will dance to the music of Bob Storer's orchestra. For this all-barb spring party, lanterns, picket fences, a well and the old oaken bucket, in a garden setting, will add to the southern atmosphere. Dance programs will be in the form of banjos.

Mr. and Mrs. Cecil W. Scott and Mr. and Mrs. William A. Sturr will chaperon the dancing which will be from 9 to 12. Admission to the armory will be 20c for men and 15c for women.

Committees in charge of arrangements for the party are: decorations, Dorcas Crawford; refreshments, Carol Clark; orchestra, Velma Ekwall.

Acting as hostesses will be the newly elected members of the Barb AWS board for next year: seniors, Mary Bird, Lois Giles, and Elizabeth Edison; juniors, Beatrice Ekblad, Lois Lichleiter, Betty Clements, and Ruth Green; sophomores, Faith Medlar, Joy Pestal, and Helen Severa. These members were formally installed at a meeting held April 21 at Ellen Smith hall.

Velma Ekwall, president of the board for next year, took over the duties of the retiring president, Martha Morrow. Other retiring members of the board who took part in the installation service are: Fern Bloom, Ardis Graybill, Rowena Swenson, Dorcas Crawford, Carol Clark, Edith Filley.

Election of officers for the Barb A. W. S. board will be held Wednesday, April 28, at 5 o'clock in Ellen Smith.

American Utilization Of Trees Furnishes Material for Ripley

Nation Celebrates Today In Memory of Great Nebraskan.

Tree planting festivals are probably as old as civilization. Sacred trees and groves, planted avenues and roadsides, shaded academic walks were common in the imperial days of Rome. But Arbor Day, as such, is purely American in origin, an outgrowth of conditions peculiar to the Great Plains of the West and of Nebraska.

Man's well-being and happiness have always been closely related to trees, and yet this country in its mad haste for wealth has exploited its vast forests and wooded areas in order to bring more crop acres under cultivation. This has been especially true in Nebraska.

Losses to native and planted stands of timber in this state during the past seven years are unprecedented. During the first years of the depression vast quantities of firewoods were taken from the state forest reserves. The drought period of 1934-36 marked an even greater loss to the timberlands. But no comparable move has been made to replace the losses suffered during those periods.

W.A.A. TO INSTALL 25 NEW OFFICIALS AT MEET TONIGHT

Misses Katouc, Fulton, Bowen, Lahr Assume Head Posts.

Introduction and installation of newly elected officers and announcement of new members of the council and sports board will feature the W. A. A. mass meeting to be held in Grant Memorial at 7 o'clock Thursday.

Marie Katouc, president; Ruth Fulton, vice president; Pauline Bowen, secretary; Patricia Lahr, treasurer, and Harriet Jackson, concessions manager, are the five new officers to be installed. They will replace Jeanne Palmer, Mary Yoder and Mary Elizabeth Dickey, president, vice president and secretary respectively. Marie Katouc and Ruth Fulton, who held posts this year were re-elected to new offices.

Sitting on the stage will be the new officers and members of the council and sports board. The 12 members on the council and nine on the sports board have not been announced previous to the meeting this evening. Miss Mathilda Shelby and Miss Mable Lee, sponsors, will also be present.

Present Awards, Scholarships. Several awards will be made as a feature of this year's mass meeting. These awards, which are of a new nature, are given on the basis of a point system which will be explained by Vera Wekesser, retiring points chairman. Three scholarships to junior and senior women will be given on the basis of need, participation in W. A. A. activities and scholastic achievement. An award to the individual earning the greatest number of points for sports participation this year will also be given.

CAMPUS CAMERA CLUB OPENS PHOTO CONTEST

Only Ag Students Eligible To Enter Snapshots In Competition.

Campus Camera club, a member of the creative activities group of ag college, is sponsoring a photographic contest open to all agricultural students interested in taking pictures.

The contest will consist of two sections, one of landscapes and campus scenes and the other of miscellaneous snapshots. Pictures entered in the contest must be enlargements, and five by seven inches is the size preferred.

Entrants must have their name and address as well as a title accompanying each photograph. The contest is open until May 5, and snap shots can be submitted to Ward Bauder in room 302 ag hall or to Morris Peterson Lee Cookley, Mary Grace McGardner, Alice Beachell or Barbara Homme.

Prizes, to be furnished by the Eastman Kodak company, will be a photograph album, four packages of corners, and a white lead pencil to the winners in both sections.

Judges will be ag college teachers interested in photography.
