SEEN ON THE CAMPUS

The army playing war out in the middle of the mall... George Seeman a bit foggy about his seasons and looking overhated in a raccoon coat... at least one teacher keeps up on his news and almost every day you can find Professor Teale reading papers and magazines in the Journal library... Lucetta Greene hunting for two lost letters over at the School of Music and hoping that the finder will be kind enough to mail them... benches filled with crooners and fiddlers and Marjorie Misch and Bill Newcomer among those waiting for an audition with the Pontiac man... love life at the Sigma Chi house blossoming: Jean Kent wearing Bob Houston's pin and Elaine Kreiger and Grant finally settling down to going steady... two pompous gentlemen walking around the hole over on 14th street with their hands full of blueprints, maybe activities are about to be resumed... Bob Wadhams and Johnston Snipes addressing each other in a new sort of Pig Latin, very unintelligible and filled with F's and L's...

AGR OFFICERS HAVE DISTRICT MEET

Alpha Gamma Rho of the university was host to representatives of Minnesota, N. Dakota, Iowa, Colorado, Oklahoma, Missouri, Arkansas, and Kansas at a district officers' school Saturday at the local chapter house. At the morning meeting Dean Thompson and Dr. Harry Bradford of the university gave addresses and in the afternoon group discussions were held. A banquet at which the local chapter provided entertainment was held in the evening at the activities building. Ralph E. Fortna of Lincoln and Sletter Bull, A. G. R. grand secretary, had charge of arrangements for the school.

PUBLIC NOTICE TO ALL PIPE SMOKERS

THE CONFLICTING and bewildering claims made for pipe tobacco make it our duty, we believe, to publish this straight-forward statement.

For 60 years we have been making fine pipe tobaccos, which we guarantee against tongue bite. Now for the first time we divulge the methods which have made this guarantee possible.

Pipe tobaccos may be rushed through a plant at a great saving in expense. Every tobacco expert knows this.

Or they may be made by the slow, patient method used in Edgeworth. This method we call Process-Aging. There are twelve required steps, each under laboratory control. It takes 4 to 7 times as long as might seem necessary.

This prevents tongue bite as no other method will. We invite you to prove this statement to your own satisfaction at our risk. You are the only judge.

NOTE: There are three kinds of Edgeworth for you to choose from:

- 1—Edgeworth Ready-Rubbed—a cool, long-burning tobacco preferred by seasoned smokers.
- 2—Edgeworth Plug Slice—for the smoker who likes to crumble the tobacco in his hands until it's just right for him.
- 3—Edgeworth Jr.—the same tobacco also Process-Aged, but cut for a milder, more free-burning smoke.

Please accept 50¢ Gold Plated Collar Pin for only 10¢ when you buy Edgeworth. Merely send inside wrapper from any tin of Edgeworth with your name and address and 10¢ to Larus & Bro. Co., Dept. 250, Richmond, Va.

GADET REGIMENT TO HOLD RETREAT PARADE FRIDAY

R. O. T. C. Men to Participate in First Maneuvers on Campus.

The cadet regiment will have its first retreat parade of the spring season this Friday afternoon beginning at 5 p. m. Calls for the parade will be as follows: First call, 4:50; assemble, 5:00; battalion adjutant's call, 5:05; and the regimental adjutant's call on signal.

Varsity and freshman bands will form on the plot of ground east of the tennis courts facing north while the junior and engineer battalions will be on the ground south of the courts facing west. The first battalion of infantry will use the northwest half of the mall east of Nebraska hall, the second battalion, the northeast half, and the third battalion the southeast half. The artillery battalion will be on the southwest part of the mall.

At the regimental adjutant's call the battalions will move to the road north of Memorial hall where they will form in a line of battalions in order of close column facing south. The battalions will move to their positions as follows: First and second battalions of infantry will go via the sidewalk west of Andrews hall while the third battalion of infantry and the artillery battalion will use 14th street. Junior and engineer battalions will move down 12th street to the road south of Memorial hall, east midway between 12th street and 13th street, north across the mall, and west on the road north of the mall into position.

This will be the only retreat parade before the annual federal inspection, which is scheduled for May 12 and 13.

SIGMA XI NAMES DR. W. H. MANTER NEW PRESIDENT

(Continued from Page 1.)

to membership in Sigma Xi will be initiated at a dinner program to be held at the Cornhusker hotel May 26th at 6:30 p. m. According to Dr. Anderson, the old officers will be in charge of the initiation ceremonies and new officers will be inducted into office at this time.

Following are the names of newly elected active and associate members as announced by Dr. Anderson:

- ACTIVE MEMBERSHIP.**
- Peter John Olson, Fargo, N. Dak., agronomy.
 - Paul E. Reitz, Lincoln, Neb., agronomy.
 - Panduranga Rao, Madras, South India, botany.
 - Alice G. Topik, Bellwood, Neb., geography.
 - Leon M. Adams, Waco, Neb., chemistry.
 - Frederick W. Albertson, Hays, Kas., botany.
 - Paul Orville Bare, Chadron, Neb., chemistry.
 - William W. Beck, Charleston, S. C., chemistry.
 - William Elmo Beed, Lincoln, Neb., zoology.
 - Wendell A. Dwyer, Omaha, Neb., mathematics.
 - John Warren Henderson, Omaha, Neb., anatomy.
 - Raymond C. Kinch, Cozad, Neb., agronomy.
 - David G. Koch, Lincoln, Neb., geography.
 - William K. Noyce, Lincoln, Neb., chemistry.
 - Thomas R. Porter, Lincoln, Neb., botany.
 - Herbert A. Waite, Lincoln, Neb., soil conservation.
 - Marcus Dumas Weidon, Lincoln, Neb., chemistry.
 - Alfred W. Weitzkamp, Lincoln, Neb., chemistry.
 - Vivian Myrtle Wilder, Lincoln, Neb., biochemistry.

- ASSOCIATE MEMBERSHIP.**
- Robert Raymond Bennett, Omaha, Neb., conservation and survey.
 - Emory L. Brier, Le Mars, Ia., zoology.
 - Russell W. Burnemeyer, Alva, Neb., psychology.
 - John C. Burke, Omaha, Neb., psychology and pharmacy.
 - Charles R. Buzzard, Emporia, Kas., geography.
 - Appasaheb B. Chavan, Barode India, botany.
 - Wills Jackson Clem, Shoshone, Ida., chemistry.
 - James Zimari Davis, Lincoln, anatomy.
 - Paul W. Day, Aurora, Neb., botany.
 - Herbert B. Fernald, Monmouth, Ill., chemistry.
 - Edson Harvey Fichter, Lincoln, zoology.
 - James Walter Pitts, Lincoln, agronomy.
 - Hugh W. Gray, Friend, Neb., chemistry.
 - Wilford J. Hermann, Cozad, South Dakota, agronomy.
 - Ada P. Jorgensen, Lincoln, psychology.
 - John C. Siers, Richards, Neb., chemistry.
 - Wesley N. Mueller, Central City, Neb., geography.
 - Ralph E. Olson, Newman Grove, Neb., geography.
 - Edward E. Orest, Winthrop, Mass., zoology.
 - Oliver J. Scherer, Dallas, South Dakota, conservation and survey.
 - Lester L. Skolir, Crete, Neb., physics.
 - Robert H. Skolir, Dallas, South Dakota, zoology.
 - Jerome V. Srs, Lincoln, agronomy.
 - Vilbert T. Webster, Dalton, Neb., agronomy.
 - William L. Whitson, Lincoln, physics.

Judiciary To O. K. Nominee

(Continued from Page 1.)

vention of Ivy Day, May 7, and University day, May 8, when the university will be closed, also makes necessary the earlier filing time.

First meeting of the new council, customarily a joint one with the retiring members, at which officers for the ensuing year are elected will be held Wednesday, May 12, the day following the election. Levin announced that the permanent committees of the council will be appointed at that time.

"Because of the new rulings by which the Student Council will be financed in the future, it is necessary that a budget committee be appointed at once," Levin stated. "It is also desirable to familiarize the new members as much as is possible with the workings of the Council."

Holdovers Form Nucleus.

A nucleus around which next year's council will be formed was selected when the hold over members from the present council were chosen a few weeks ago. It has been customary in the past that the officers be members of this group. The eight students, four men and four women who compose the present holdover members are Bill Clayton, Ed Schmidt, David Bernstein, Al Moserian, Rosalie Motl, Ruth Newell, Eloise Benjamin and Genevieve Bennett.

Council positions are open to two senior men and to two senior women who will be elected by the entire student body. Elected according to and by members of separate colleges will be two men and two women from the arts and sciences college, two junior men from engineering college, one junior man and one junior woman from the Blizz school, one junior man and woman from the ag college, one junior man and three junior

CO-STARRED IN THE EAGERLY-ANTICIPATED M-G-M FILMIZATION OF "THE GOOD EARTH"

Luise Rainer and Paul Muni in "The Good Earth"

Disproving Kipling's statement that "East is East and West is West and never the twain shall meet," Metro-Goldwyn-Mayer's magnificent and stirring photoplay version of "The Good Earth" comes as a dramatic attempt to give the Occident an understanding of the life of the Orient. With Paul Muni and Luise Rainer co-starred in the two principal characterizations of Paul S. Buck's sensational best-seller, with its screen treatment based on the Pulitzer Prize-winning novel and on the subsequent Theater Guild stage adaptation by Owen Davis and Donald Davis, and finally, with its direction in the hands of the distinguished Sidney Franklin who gave the screen "Barretts of Wimpole Street" and "Smilin' Through"—"The Good Earth" opens Monday, May 3 for 2 days at the Orpheum as one of the most talked about and eagerly anticipated motion pictures of the past decade. 2 shows daily 2:30 and 8:30. All seats reserved.

women from teachers college, one junior man from pharmacy college, one junior man from dentistry college, one junior man from law college, and one man from the graduate college. The entire campus will also be allowed to take part in the election of two junior women candidates at large.

Pub Board Posts.

Only students of the various classes will vote upon candidates for the publications board positions. One sophomore, one junior, and one senior will be elected to fill these offices. All class designations made in connection with the election candidacy refers to the standing of students next year when they are in office, not at present when they are nominated. University eligibility requirements are as follows: A candidate must have an average of at least 75 percent for all preceding semesters at least 27 hours of which must have been earned in the preceding two; must be carrying at least 12 hours in good standing during semester with no standing delinquencies, for a sophomore position at end of current semester 27 credit hours, for a junior position at least 37, and for a senior position at least 69 hours. Student Council nominees must be a member of the college class which he is to represent.

1937 EMPLOYMENT OUTLOOK IMPROVED OVER LAST YEAR

(Continued from Page 1.)

would exceed that of 1936. Ninety-nine replies expressed the opinion that this year would be about on a par with 1936, while nearly 30 per cent of the answers predicted a volume of employment exceeding the peak year of 1929.

"Engineering jobs were in the lead in 96 instances, with 83 placing business administration in top position. Teaching topped 65 lists, and general business classifications were in fourth place.

"Scholarship, personality, campus activity and popularity, character, leadership and general ability, in the order named, were most frequently given as qualifications being sought by prospective employers.

"Fifty-one and four-tenths per cent of the replies ranked scholarship as the first qualification for successful job seekers. Personality was given first place by 19.7 per cent of the institutions; character, 5 per cent; campus popularity, 3.6 per cent; leadership, 2.3 per cent; and general ability, 1.4 per cent. Some replies listed as many as seven qualifications, others only one or two."

The leading corporation in each industry is usually most active in recruiting college graduates, Mr.

MRS. AVERY SPEAKS ON LETTER WRITING USAGE

Stationer Addresses Charm School on Fine Points of Correspondence.

Good usage in stationery and letterwriting was described by Mrs. Helen Avery, of the Miller and Paine stationery and book department, last evening at the Coed Counselor's charm school in Ellen Smith hall.

During her talk, Mrs. Avery emphasized the difference between the different types of letters, business, social and formal. With business letters strictly on an impersonal basis, with formal invitations having no deviation from the rigid social forms, and with friendly letters not starting with "I have nothing in the world to say," the speaker thought that the "worst" offences in letterwriting would be abolished.

In regard to social stationery, Mrs. Avery stated that writing paper in coronation blues, reds, and pinks were the newest and

perhaps the most stylish forms out. Still, white stationery has always been and always will be correct for all occasions.

The guest speaker ended her talk with a warning that while social letters should express the personality of the writer, it is a wise idea for one never to say anything in a letter that he would be ashamed to see in print.
