When one of the Phi Gam's was dressing for a date one night, he noticed that his collar wouldn't button, so some of the boys examined him and decided he had the mumps. It was too late to call off the date, so a pledge was sent over to the Phi Phi house to entertain the lady in waiting.

SOCIETY

The Kappa's Sig's were highly indignant at the mistake about that man of men, that All-American, Lawrence Ely, being called a Sigma Nu. Yours truly received a scorching letter unsigned from some of the members of that organization...

(Continued from Page 1.) Almost 50 percent is lost thru evaporation, he says, while about 30 percent is lost in runoff...

According to Jenkins, a recent survey indicates that in order to protect the state's soil, to insure profitable agriculture, assure wild life preserves and the necessary shelter the year round for both men and animals, there is a need of at least 15 times the number of trees that are now growing in the state...

Highlights On the Air

Master of hi-de-ho and trumpet swing is Johnny Davis, Fred Waring's former trumpeter, now in the movies. Johnny has a most peculiar method of organizing himself when he sings his hi-de-ho. He rises on his toes, throws his head back, half closes his eyes, opens his mouth wide, and let's go with his who-ho-ho-ho's and he-di-ho-ho's...

In 1930 he came east with Smith Ballew and then joined Red Nichols' band. Waring heard him trumpeting and singing at the Park Central hotel, New York City, and asked him to join his group. Johnny did, and has been a headliner since. He now rents a penthouse in Manhattan, is married to Martha Lee Garber Davis (since 1935, April Fool's day). His wife's father ran an opposition theater in Terre Haute, but that made no difference to Johnny.

AG-GRAVATIONS

Has anyone noticed the change that has come over the Farm House pledges this past week? Probation week starts for them very soon and they must start brushing up on their manners so as to be in shape to get thru it.

The Farm Opps have left the campus and the heart of Lila Merlotte is very sad. You see she has been keeping company with one of them the last winter and now that spring is here she will be sooo sad.

Bill Hartnell surprised us again by bringing a tall brunette by the name of Alice Blackstone to the Engineers Spring party. He says that it means nothing as she is a high school girl from his home town. It looked like he was having a good time for all that.

Among others who enjoyed themselves no end at the party were Jess Skinner and Edith Leisy. Carol Gerry and Edith Filley were tripping it off together as were Pete Burns and Marjorie Runkel. In fact the only one who did not enjoy himself dancing was Al Mathis. The reason? Al spent the night checking coats downstairs.

Joan Jelaneck was busy all week end with the boy from home. He drove 80 miles both Friday and Sunday night just to keep Joan from being lonesome. Ain't love grand?

I finally found a definition for education. Here it is. Education is the inculcation of the incomprehensible into the ignorant by the incompetent. So that's why I am in college.

Yours The Aggravator.
