"All right, Pee Wee, all right, So you shouldn't have come to Nebraska, You knew when you came that we had our troubles here. Why didn't you stay in England where you belong? And another thing. How about the copy you were going to keep me supplied with? We haven't a thing for tomorrow and here it is 9 o'clock."

"Aw pipe down," Pee Wee retorted. sticking his head out from under his wing just long enough to glare at me. "I have enough stuff to fill six pages but I still don't like your Nebraska weather."

So here we are, Back from vacation ready to rest up in classes. But enough of that. What did Pee Wee see over vacation?

Well, first he saw a great deal of Webster "Ears" Mills. It all started Saturday when Webb, Hank Meyers, and Lou Lipman were in the Calumet cafe in Ashland about 2 a. m. Well, Web was pouring over a road map. (No, he didn't spill any milk (7) on the map. What we mean is that he was looking at it.)

Now Web is known to be a studious type so it was nothing to see him in such a position. But soon his eyes got bright and his ears got red as he announced to the group that Miss Lau was vacationing in Kearney and that if they started right away they could get there in ten hours since it was only 478 miles away

It is obvious that Webster has never taken geography because almost everybody knows that Kearney is not 478 miles from Ashland, but after consulting the map he triumphantly announced that it was an even 478. Needless to say, they started out for the spot on the map that Web was covering with his finger so that they wouldn't get lost.

Now if the boys had been wearing these new Bush Jackets that are so popular in GOLD'S men's department they would have needed no fear. Regardless of where they were they would have been dressed in the latest collegiate style. Oh well, maybe they weren't worried about their whereabouts.

To make a long story short, Mills had set Kimball as their destination, But they did get to Kearney and Web did see his friend Miss Lau. And he must have had a

good time because rumor has it that he returned to that fair city Monday with Doe Elias, Maybe Web returned to see what he didn't see on his previous trip, No, we didn't say he couldn't see, exactly.

Maybe Janie Lau was wearing one of those smart new Dorsa dresses from GOLD'S. They come in new sheers and pastel colors and are really swell with eute Bolero Jackets showing Mexican in-

When all the kids returned from home Pee Wee says the night life started to pick up around here. The Thetas, Kappas, and Delta Gammas were well represented at Lebsack's Hot Chocolate Emporium Tuesday evening.

Bernie Morris, that bus driving Sig Chi was there in all his glory. At least he was monopolizing the largest table in the place with four (4) beautiful girls. He must have more than a driver's license.

Pee Wee says he has lost his faith in young manhood. He saw George Vlasnik, big wig in Alpha Phi Omega, Boy Scout fraternity, at Way's the same evening, Maybe George was just doing his good turn-around the dance floor,

It's too bad to hit Mills so hard today but he just didn't spend the right kind of a vacation. This time Pee Wee proposes an inquest by the Kosmet Klub into the trip taken by Web and Pres, Elias over the week end. They say they were traveling in the interests of the Klub looking for a suitable spot to take the Kosmet Klub show this year,

They hit several towns over the state but Pee Wee thinks it's a pretty good bet that they wouldn't put on the show at all the spots where the two boys stopped. Oh well, the Klub has lots of money to pay for vacations but Pee Wee says he sure wishes he were President or Business Manager of the Klub. He says he needs a new box of bird seed.

So kiddies, we will bid you good night and pleasant dreams unless your consciences are a mite on the guilty side.
