Call F2377 For Service

Warning to the Haunter, Pee Wee threatens to turn in plenty about you if you don't keep him and me out of your

Here is a pre-Easter tip to those who may be concerned, Next Sunday Doc. Thompson (not to be confused with the school authority of the same name) is going Easter basket hanging. The objects of his consideration are slated to be his three sweethearts, Caroline Harrison from Kappa Alpha Theta, Delta Gamma Jane Demery, and Earl Coryell's secretary,

And here's another tip for Easter. A new shirt and tie will really top off any outfit you fellows are planning to wear. Of course not just any shirt and tie but an Arrow outfit from GOLD'S new stock, Ask to see the Arrow special ensemble for April with shirt, tie, and pocket handkerchief to

Pee Wee has wanted for a long time to make out a chart, showing each student and listing his pet hang out. Of course I have tried to talk him out of the idea because such a schedule would make it too easy for the Dean's spies if he has any,

Instead we compromised and decided to list just a few each day, on the assumption that we may be able to cross someone up that way (we haven't decided just who), Betty Van Horne, Gordon Uhri, and Hank Robertus are best patrons of "George" at the Liberty Buffet, Jack Robertson and Jan Daugherty have forsaken "The Club" in favor of the Sportsman and any place else that's close,

And while we're on the Robertson subject, we wonder how he is coming with his friend in the skunk coat. I still seem to remember a little deal where I played

"Who's got my date" with him. It seems that he had two dates and I had none, so I took turns talking to one while he ran over to explain to the other what the first girl was doing there. Oh well, it all seems to be part of a college education.

But it doesn't take a girl with a college diploma to see the beauty of the new spring formals at GOLD'S. However, the collegiate lassic can certainly appreciate these newest gowns with swing skirts in all pastel shades. And you will agree that the price, only \$16.50, makes them even more attractive.

Pee Wee stumbled onto a little private mail the other evening. It had been sent from a famous Delt to one of his fraternity brothers. Both boys are now in school but the author of the note was at the time in the south. Here is only a part of one paragraph, but following our policy of unscrupulous journalism, we will pass it on

"If you think that Delta Gamma has all the beautiful women in the world, you should let me show you some of the stuff in the land of Dixle. They are all gorgeous, beautiful, pretty, well figured (censored) -and neck better than Alvey ever did. I hated to come back to Nebraska."

We have some more of this interesting note but space won't permit our printing it all this time. We can only guess who wrote it and who he referred to and wish we were all in Dixie.
