WHAT'S THAT YOU SAID?

"Ask questions, my son," rums the old saying of a sage, "for that is the only way you can learn anything."

Who would quarrel with that? We wouldn't, but we might stoop so low as to gnaw around the edges and perhaps add certain qualifications.

Some students, and even some people, get this idea that questioning is a sure road to knowledge. They spend all their spare time asking questions but very little in observance beforehand or in paying attention while the answers are being given.

Such questions might be to the point but also useless and needless. Call for Question.

There is the student who looks out the window during the professor's lecture, and doesn't come to until the half-way mark.

Then he discovers he wants to be cleared up on the point and asks a question concerning it only to receive a look of despair from the prof and the withering information that that topic has been fully covered.

Then there are some who prefer to show off their small knowledge rather than gain more, so they state something they know to be true and tack a "isn't that so" or "isn't it true that" on the beginning or end of the statement.

Questions should be asked after observation and explanation. Then, if some points are vague, questions are in order and apt to be much more intelligent and useful.

There are questions asked for the purpose of apple-polishing which quite often boomerang when their content is simple and reflect on the student's lack of gray matter. There are also questions asked for the express purpose of delaying the game. These fool nobody but they do take up time, since most instructors are well-mannered and will re-phrase a question which the student heard all to well, or elucidate and give the student a straw to grasp.

Finally, there are the inane, banal, idiotic, senseless questions which put a sage at a loss. These are the questions formed as greetings. Things such as "how are you getting along?" or "hey, you doin' boy?" or "whadduh say there?" or most embarrassing of all "whaddayah know?"

The only answers to such butcherings of the English language are equally trite and banal replies such as "o. k." (even if your head is splitting, this is the only accepted answer); "not much, fellas" (this is generally true, but still trite); and "I guess I can't complain" (there are usually 1001 justifications).

Ask questions to learn something, yes, but not to show up your laziness in non-observance and your inattention.

CIVIL ENGINEERS VIEW STATE'S POWER AREAS

Students, Faculty to Visit Local Irrigation Project On Two-Day Trip.

A group of civil engineering students and professors left early this morning for a two-day inspection trip which will take them to several Nebraska irrigation and power projects.

The tri-county project has invited the students to be present at the opening of the Hastings-Holdrege irrigation area. They will visit also the Sutherland project near North Platte, and the University Experimental grounds near Paxton. Friday morning they will inspect the Kingsley reservoir near Keystone, which will be the second largest earth dam in the United States, and which, when filled, will create a lake 24 miles long, one mile wide, and 160 feet deep, with a capacity of 2 million acre feet.

Prof. H. J. Kesner, I. A. Trively, and D. H. Harkness are accompanying the ten students who are making the trip. The students are: Gerald Gillan, Kenneth E. Schroeder, Albert Schroeder, Stanley Michael, Harold Turnbull, William Reedy, Donald Lamp, Vernon H. Paulson, Bernard D. Tommer, and Harry L. Dobbins.

GOMENIUS CLUB TO HEAR TALK ON HITLER'S STAND

Karl Fortmann to Describe German Situation for Czech Society.

A one act farce on marriage and a talk by Karl Fortmann, on "Hitler's Point of View on Germany's Stand in the World Today" will entertain members of the Gomenius club Saturday evening.

The play is to be "Frank and Erna" presented by Charles Hranac, Libby and Lillian Blazehorac, Wilma Baumann, Valeria Bednar, and Bob Kubicek, members of the club.

Fortmann will speak of Germany basing his talk on his three years' stay in that country. Plans for the Crete picnic, which will be held this Sunday, will be discussed. The meeting begins at 7:45 in room 306 of the Temple theater.

LINCOLN, NEBRASKA, THURSDAY, APRIL 28, 1938

PRICE FIVE CENTS

Ag College Seeks Home Economics Structure, Union

Need for Activities Center, Labs, Classrooms Emphasized.

Miss Margaret Fedde, chairman of the home economics department, revealed plans Wednesday for a new home economics building.

MISS MARGARET FEDDE.

To fill the needs of students on the Ag campus who will not benefit from the Student Union building, on the city campus. The present building, which was built to house 80 high school girls, is used in an attempt to fill the needs of 384 college women whose now enrolled in the department. The new building will accommodate both men and women in a variety of activities which are now limited due to the lack of space. This handicap is especially evident in the departments of institution administration, foods and nutrition.

Plans Drawn Up. Plans for the new building have been drawn by Oscar A. Ellis, architect. The building will provide (Continued on Page 2.)

ECONOMICA SPONSORS CONFERENCE FRIDAY

Dr. Clark, Dr. Schultz Talk On Business Cycles, World Relations.

Dr. John D. Clark and Dr. T. W. Schultz will discuss international relations and business cycles at the Nebraska Economic conference Friday. The conference is being sponsored by Economica, economics club.

Foreign relationships will be the topic of discussion by Dr. Clark and Dr. Schultz at the afternoon program. Remarks will be made by Dr. Roy J. Ely of Nebraska Wesleyan University, Dr. L. A. Cusak of Creighton, Dr. E. A. Gilmore, Jr., and Frank Muier of the University faculty.

Following the dinner Friday evening, there will be three addresses including one by Dr. Schultz. Dean J. E. LeRossignol will preside at the dinner which is following the theme of business cycles.

The afternoon program will begin at 2 o'clock in room 312, social sciences building with Dr. G. O. Virtue presiding. Meetings are open to the public.

ART HONORARY HEARS COLORADO MURALIST

Frank Mecham to Address Members of Delta Phi Delta Today at 4.

Frank Mecham, famous mural artist from the Colorado Springs art institute, will make a few remarks at the tea, honoring all art students, and sponsored by Delta Phi Delta, art honorary, in gala from 4 to 5 o'clock this afternoon.

Mr. Mecham has been brought here thru the courtesy of the Lincoln Artists guild, to whom he will give a lecture this evening on the "Outline of Eight Aesthetics," in gallery A. About 35 members will be present to hear him discuss the points of drawing.

This artist, who was born in Kansas, has won the Duggan-Heimer fellowship in '33, '34, and '35. Last year one of his large pieces, "Indian Fight" was presented in the art exhibit and received much favorable comment.

Phalanx Members Hear Reserve Unit Officers Address Regular Meet

Speakers at the Phalanx meeting held Tuesday night in the Lincoln hotel were Capt. Walt Gardner and Capt. G. W. Stout, reserve officers. Other reserve officers attended the meeting, which was intended to bring the two groups closer together. Frank Howard, Phalanx commander, was in charge of the meeting.

BOWES AMATEUR PROGRAM HONORS LINCOLN TONIGHT

Capital City's Inhabitants May Ballot for Genial Major's Proteges.

RAG-MAJOR BOWES Major Bowes' amateur hour will honor Lincoln tonight at 7 p. m. over CBS station KFAE, and Lincoln citizens will vote for their favorite acts in the popularity contest conducted by the genial major to help him select winners and future stars.

Lincoln residents will hear many verbal bouquets which the major will have to throw and may not think their town is so bad after all. Lincolnites who wish to vote for their favorites may do so by calling BT211 between 7 and 8:30 to express their choices. Individuals will be allowed one vote, groups and organized societies may tabulate votes up to the total of 25. Families will be allowed three votes, and if the family has more than three in it, it may count as a group.

Express Comment. Voters are asked to be brief about their votes, but comment on the amateurs may be expressed. Eunice Bingham, graduate of the fine arts school here with a major in education and violin study is slated to represent Lincoln. (Continued on Page 3.)

Leica Photomen Snap King Satan, All Devilish Crew

Representatives of the Leitz Optical Co., manufacturers of Leica cameras, took special experimental pictures of last night's performance of "Hades Ladies," current Kosmet Klub musical.

Using a camera that has been out only two weeks and new extreme speed lenses, Harvey Barrett, Leica photographer from New York City, and Claude Pilger, of Lawlor's photographic department, took a number of pictures in natural color.

Chances Slight. Chances of the colored pictures' success are rather slight, according to Pilger, because the idea of taking them under artificial light without any special added equipment delves into an as yet unproven field. Black and white pictures were also taken, however, of various numbers in the show.

Barrett has been sent to Lincoln in conjunction with a special exhibit planned by the Leitz Co. for the state medical convention now in session here. He brought with him more than \$4,000 worth of photographic equipment.

HEALTH ASSOCIATION APPOINTS DR. LYMAN

Pharmacy Dean to Address Richmond Collegians On May 4.

Dr. R. A. Lyman, dean of the college of pharmacy, was appointed counselor-at-large for the Missouri-Nebraska-Kansas section of the American Student Health association at a convention he attended recently at Columbia, Mo. Dr. Edna W. Schriek was the other delegate.

Dean Lyman, who is one of the pioneers in the program of pharmaceutical education, will address students and faculty of the school of pharmacy of the medical college of Virginia at Richmond May 4 on "The Romance of Pharmaceutical Education."

While in the East, he will represent for the tenth year the American Association of Colleges of Pharmacy at the annual convention of the American Council on Education to be held in Washington May 6 and 7.

'NO-OTHER-GIRL-WILL-DO' IDEA GETS RAZZBERRY FROM COEDS

Kosmet Theory of Feminine Likeness Merits Girls' Approval Stamp.

Are the movies on the right track when they speak of the "one woman in the world" for every man, or is the current Kosmet Klub show right when it says that all women are alike and one is just about as bad as another?

A handful of representative coeds thought the matter over and came thru with the same answer, but for a handful of different reasons. To a girl, they said a decided "No!" to the no-other-woman-will-do school of thought.

One Who Can Fool Him. Asked if she believed in the idea, Jane Barbour, D. G., replied, "No, but there is usually just one woman who can make each man think she is the only one in the world for him."

"No," Pat Jensen agreed, "but I'd like to feel that some man might gaze into another girl's eyes and whisper 'Pat' in her ear some night."

"No," said Eloise Benjamin. "Circumstances may limit a man's choice so that he thinks so, however."

"Dream Girl" Out. "There may be more than one girl for every man, but only the right woman can make the man happy," Helen Catherine Davis decided.

"No," says DeLoris Bors to the movie theory. "Fellows fall in and out of love so quickly one can't remember who the current heart-beat is."

"A man has a type in mind, perhaps," said Jane Walcott, Kappa, "but the 'dream girl' stuff is out."

All Women Alike. Why do these coeds insist that any one of several girls could double for the "one woman in the world" for whom every man is searching?

"Fundamentally all women are alike," Pat Jensen answers. "It's only their moods and reactions to (Continued on Page 3.)

Student Council Approves Men's Point System Setup, Recognizes Barb Faction

'Dissatisfied' Unaffiliates Organize I.S.A.; Seek Campus Offices.

A new faction entered the arena of campus politics last night when the Student Council recognized the Independent Students' association. Presented for council approval by Robert Simmons, the I. S. A. was submitted as the re-filing of a barb organization.

"The word 'association' may not be very apt as a description of a political faction," Simmons explained, in introducing the petition of the group. "We chose the name because we are to be connected with the national I. S. A., not as a faction but as an organization."

Six Planks to Platform. Set forth in the association's platform were six aims: Encouragement of barb use of the Student Union, obtaining of better student housing conditions, establishment of co-operative rooming houses, improvement of student working conditions, an adequate intramural program, and increase in benefits of the student book store.

The I. S. A.'s petition for recognition expressed the idea that the petitioning students were dissatisfied with the position of barbs on the campus and proposed to place more unaffiliated students in offices.

Break With Liberals. "This organization is merely explain the duties and purpose of Coed Counselors. Members will (Continued on Page 3.)

WOMEN'S ADVISORY BOARD NAMES COED COUNSELORS GROUP

Installation Services Set For Sunday Afternoon In Ellen Smith.

One-hundred and fourteen women were elected yesterday by the Coed Counselor board to serve as Coed Counselors next year for freshmen women who will enroll in the university. The Counselor group was chosen without any sort of party alignments, out of the lists who applied for the positions several weeks ago.

Installation of the newly elected Counselors will be held Sunday afternoon at 2:30 in Ellen Smith hall. Marjorie Churchill, senior board member, is chairman in charge of the ceremony. Virginia Fleetwood, president of the Counselor board, will preside at the installation and (Continued on Page 3.)

OIL EXECUTIVE SPEAKS BEFORE BIZAD GROUPS

Classes Hear Dr. J. D. Clark In Addresses on Major Business Trends.

Dr. John D. Clark, nationally known oil executive, attorney and educator, is lecturing this week before several classes in the college of business administration. Friday afternoon he will be one of the principal speakers at the Nebraska Economics conference.

Students of Dean J. E. LeRossignol, Dr. E. A. Gilmore, Jr., and Prof. Clifford Spangler heard talks by Dr. Clark on Soviet Russia during the first of the week. "The Prospective Reversal of the Trust Policy" will be the subject of his talk to students of Prof. Theo Bullock.

Classes of Dr. C. E. McNeill and Prof. C. M. Hicks will hear Dr. Clark speak on the matter of public utility regulation. Last week Dr. Clark was at the University of Wyoming giving a series of similar addresses.

IVY DAY POETS SUBMIT ENTRIES BY FRIDAY AT 5

Annual Contest Carries Cash Award of Five Dollars for Best Poem.

Potential Ivy Day Poets have three more days in which to submit poems for consideration by the judges, Miss Louise Pound, Miss Margaret McPhee and Dr. L. C. Wimberly.

Entries must be handed in to Mrs. Westover's desk in Ellen Smith hall before 5 o'clock this Friday. The name of the entrant must be enclosed in a sealed envelope accompanying the unidentified poem.

Both men and women may enter the contest, and a cash award of \$5 will be presented to the winner who will have the privilege of reading his work in the Ivy Day ceremony.

Gov. Roy E. Cochran will speak on some phase of engineering to the various departments of the engineering college at their banquet on Friday evening, May 6, at 6:30 o'clock in the student union.

At this banquet, which winds up engineer's week Prof. J. P. Colbert, instructor in engineering mechanics, will introduce Governor Cochran. Governor Cochran was graduated from the University of Nebraska and later became chief state engineer.

Toastmaster for the occasion will be L. A. Bingham, assistant professor of electrical engineering. Oz Black, creator of the well known "Here in Lincoln" feature which appears in the Lincoln Journal, for the entertainment will present his chalk talk. Awards of a scholastic nature will also be given.

The "Sledge" engineer's joke magazine which appears once a year, will be distributed at the banquet.

Tickets are 75 cents a place and can be secured from John Kramer, Tom Anderson, Harold Augustin and Louis Henke.

GREEK DEBATERS TO OPEN FOURTH MATCH TONIGHT

Kappa Sig, A.T.O., S.A.M., Z.B.T., Win First Tilt in Eliminations.

The first elimination round of the interfraternity debate tournament was held Tuesday evening at the chapter house of the affirmative team at 7 o'clock. Kappa Sigma, Alpha Tau Omega, Zeta Beta Tau and Sigma Alpha Mu were the four winning teams of this round.

Each speaker had a six minute constructive speech and a four minute rebuttal. Their speeches were on "Resolved, that the United States should greatly enlarge her navy."

The teams participating in this round were the following, with the affirmative team named first: Delta Theta Phi vs. Kappa Sigma. Alpha Tau Omega vs. Phi Alpha Delta. Beta Theta Phi vs. Zeta Beta Tau. Sigma Alpha Epsilon vs. Sigma Alpha Mu.

Carlos Schaper, Eugene Curtis, Harold Gurske, intercollegiate debaters, were the judges.

Second Round. This evening at 7 o'clock the fourth round, or second elimination round will be held at the chapter house of the teams competing with the affirmative team named first: Beta Theta Phi vs. Phi Alpha Delta. Kappa Sigma vs. Delta Theta Phi. Alpha Tau Omega vs. Sigma Alpha Mu. Zeta Beta Tau vs. Sigma Alpha Mu. (Continued on Page 2.)

MIDWEST PSYCHOLOGY ASSOCIATION TO MEET ON CAMPUS IN 1939

Convention to Commemorate Fiftieth Anniversary Of Laboratory.

In celebration of the fiftieth anniversary of the psychological laboratory of the university, the fourteenth annual meeting of the Midwest Psychological association will be held on the campus May 5-6, 1939, according to Dr. J. P. Guilford, secretary-treasurer of the association and head of the psychology department on the campus. Approximately 300 people are expected to attend this meeting.

The association has about 500 members scattered thruout 15 states. Local committees have not as yet been chosen although Dr. W. E. Walton will be chairman of the program committee.

Twelve people including members of the faculty and graduate students from the university attended the last convention of this organization at Madison, Wis., April 21-22, 1938.

GOV. COCHRAN TALKS TO ENGINEERS MAY 6

Banquet in Union Building To Climax Week's Activities.

Gov. Roy E. Cochran will speak on some phase of engineering to the various departments of the engineering college at their banquet on Friday evening, May 6, at 6:30 o'clock in the student union.

At this banquet, which winds up engineer's week Prof. J. P. Colbert, instructor in engineering mechanics, will introduce Governor Cochran. Governor Cochran was graduated from the University of Nebraska and later became chief state engineer.

Toastmaster for the occasion will be L. A. Bingham, assistant professor of electrical engineering. Oz Black, creator of the well known "Here in Lincoln" feature which appears in the Lincoln Journal, for the entertainment will present his chalk talk. Awards of a scholastic nature will also be given.

The "Sledge" engineer's joke magazine which appears once a year, will be distributed at the banquet.

Tickets are 75 cents a place and can be secured from John Kramer, Tom Anderson, Harold Augustin and Louis Henke.

Governing Body Adds Minor Amendments to New Activities Plan.

The men's point system underwent three major changes before the Student Council yesterday unanimously passed the setup which has been hanging fire on the campus for years. Next fall, the pointing of men students will go into effect under the supervision of a point system board.

The office of president of the Innocents Society will be dropped from the pointing plan under the revised system, and the senior men's honorary head will not be barred from major offices in other organizations. R. O. T. C. officers were also stripped of points.

Reduce Scholastic Requirement. The scholastic average required of men carrying the maximum number of points was lowered from 82 to 80 percent, and the maximum points which may be carried was also decreased, from 11 to 9, while the maximum points to be carried by men with averages of 78 was lowered from 8 to 7.

New activities rating for staff members of the Daily Nebraskan gave the editor and business manager four points; managing editor, three; assistant business manager and news editors, two; and society editor, sports editor, and circulation manager, one.

Point System Flexible. "As far as flexibility of the point system goes, it is possible to (Continued on Page 2.)

NEBRASKA FARMERS GATHER FOR ANNUAL FEEDERS' SESSIONS

Prof. Gramlich to Address State Agriculturalist Convo Friday.

More than 2,000 farmers of the state are expected to attend the 26th annual Feeders' day at the agricultural college Friday. Prof. Howard Gramlich, known all over the state for his experimentation with grain sorghums and corn, will be the principal speaker.

Prof. Gramlich, who will speak on the subject, "Who's Knocking at the Door," will bring out in his address two topics that are his greatest concerns, trench silos, the system of putting corn underground, and pickling it like sauerkraut and his experiments with cattle by using grain sorghums and corn for feed.

An advisor to the federal government during the drought, Prof. Gramlich has often been consulted for agricultural policies in states other than Nebraska. Last fall he spoke in Florida, and in March he was a judge at a large livestock show in California.

State Cross Section. Plans for Feeders' day are nearing completion. Experimental cattle are being "weighed in" and (Continued on Page 3.)

BIZAD GROUP CHOOSES LIGGETT AS PRESIDENT

Alpha Kappa Psi Plans Tour Of Omaha Business Houses May 6.

Lee Liggett was elected president and convention delegate of Alpha Kappa Psi, bizad professional fraternity, for the coming year at a meeting held Tuesday afternoon.

Other new officers are: Vice president, Harold LeFord; secretary, Kenneth Ellis; treasurer, Richard Strasser; diary correspondent, Gerald Spahn; ritualist, Bernard Ingram and Bizad Executive Council representative, Robert Reed.

The district convention of the fraternity will be held at Dallas, Tex., on Oct. 21 and 22. May 6 was announced for the date of the annual all-day field trip to Omaha. This trip, which is the highlight of the year, will include visits to various business establishments in Omaha and is a part of the fraternity's research program.

Geography Students Plan Field Excursion For Friday, April 30

Students in Economic Geography 71 are looking forward to an all day field trip on Saturday, April 30.

On this trip Dr. Bengtson will take his students to Weeping Water and Louisville, where they will study land utilization in relation to soil as well as processes of cement manufacture and pottery making as carried on by the large factory at Louisville.

Three bus loads are scheduled to take the trip.
