**Golf's 50th Anniversary**

Fifty years ago the first St. Andrews golf club was formed in New York City and it has been in continuous operation since. This probably was not the very first golf course that was laid out in the U. S. but since it is the only one that has lasted through the years, the date of the founding of the St. Andrews course has been taken as the first date of the introduction of golf in the U. S. Therefore, golf is celebrating its 50th anniversary this season. In line with golf chatter, a story comes to light of one of the amusing incidents in golf.

Wallace of Miami was played by Arthur G. Lockwood for the old New York Herald cup at Van Cortlandt park in New York in 1904. The players used the gutty ball. They were all square going into the 36th and final hole. Lockwood hit his second to the left of the green and Wallace hit a fine looking shot, but the ball split and one part landed in a bunker and the other part on the edge of the green. The rule said that in such cases the player could put down a fresh ball at the spot where the largest piece came to rest.

Wallace claimed that the larger piece was on the green and Lockwood said it was in the bunker. The parts were lifted and carried to a nearby drug store to be weighed. The part on the green weighed just a few grams more than the one in the bunker. The large crowd that attended the "weighing in" ceremonies rushed back to the course to watch the finish of the match. Lockwood placed a chip close for a certain four and Wallace holed out for a three to win the cup. Wallace has been searching in vain all these years for a ball with a dual personality.

**Huskies to Drake.**  
This week end the Husker track team will journey to Des Moines for the annual Drake relays. Coach Schulte was very pleased with the performance of the team at Kansas last week and it is hoped that the tracksters will perform as well at Drake. There will be a triangular engagement with the Jayhawks and the K-State Wildcats.

data is being compiled. Prof. R. R. Thadman, in charge of the cattle test, announced that he completed his experiment last Saturday, appraised and the animals, and the data is now in readiness for announcement Friday. The five lots of experimental cattle will be on exhibition throughout the day.  
Bleachers will be constructed in the feedlots for spectators to occupy while inspecting the experimental cattle. The inspection will take place in the morning.  
Reports coming to the animal husbandry department at the agricultural college repeatedly indicate that a representative "cross section" of Nebraskans will be on hand for the gathering. Special public address systems are to be installed in both the student activities buildings for the sessions so all will be able to hear the speakers.

**Knightmen Face Kansas Wildcats In Diamond Duel**

Huskies Hope for Easy Win Over 'Hard-Luck Squad' Friday, Saturday.

Baseball Standings.

Oklahoma	W	L	Pct.
Missouri	1	0	1.000
Iowa State	2	0	1.000
Kansas	1	3	.250
Kansas State	1	3	.250
Nebraska	0	3	.000

Nebraska's baseball team goes after its first home victories Friday and Saturday when they meet Wes Fry's Kansas State crew, who have split a two game series with Kansas and dropped two to Oklahoma in their four Big Six appearances.

Laverne Bechtold, sophomore first baseman, leads Wildcat regulars with 8 hits in 19 trips to the plate for a .421 average in the six games the Cats have played. Ditsman, centerfielder, has 10 for 27 to give him a .370 average. The only other regular over 300 is Al Burns of basketball fame with .333—6 hits in 18 times at bat.

**Klimek Pitching for Wildcats.**

Probable K-State pitcher for the Friday contest is Ed Klimek, all-around athlete who last year struck out 17 Huskers and allowed but 3 hits in the Aggie's victory over the Huskers. Jim Brock, place-kicking expert of the football team, is the other leading pitcher on the team.  
Ivan Borman will probably open on the mound for the Huskers Friday, with either Lloyd Schmaedecke or Reuben Denning scheduled to start Saturday's game.  
Both tilts are scheduled for Mundy Field, Friday's game for 4 o'clock, and Saturday's for 2. No admission will be charged, as usual.

**K-State Loses to Oklahoma.**

From the Coliseum.  
MANHATTAN, Kas., April 27—Kansas State's hard luck baseball line goes to Lincoln Friday for a two-game series with Nebraska. Sunday the team will move on to Columbia, Mo., for a couple of games with the Tigers, Monday and Tuesday.

Losing each game by one run margin, the Wildcats returned from Norman last Sunday after a two-game series with Oklahoma. Despite Klimek's being nipped for ten hits and five K-State errors, the Sooners won the first game only 2 to 1. Oklahoma's crew of sophomores pounded the ball all over the lot, but it took two veteran outfielders, Jack Baer and Jack Britain, to bring across the winning run in the ninth inning.

urday morning in the Lincoln hotel. The first meeting, over which Dean Lerossignol will preside, will start at 10:30 with Dr. Wilfred Payne, of the Municipal University of Omaha speaking on "Contemporary Experimental Novels," and George Grimes, literary editor of the World-Herald, giving a review of "Slogum House" by the Nebraska author, Mari Sandoz.  
A 12 o'clock luncheon at which Francis S. Chase, jr., will speak on "The Cities That Died of Fear" will be followed by an address on writing scripts for the radio by Prof. Diers. At 3 o'clock Mrs. Gilbert S. Brown will lead the drama section and the announcements of the results of the one act play contest will be made. A reading of the winning play, chosen from a group of 31 entries of Nebraskans with a typical Nebraska subject will be presented by the University Players.  
At a banquet in the evening, Prof. Paul Grumann, president of the guild and director of the Josslyn Memorial at Omaha, will preside. Mrs. Pearl L. Weber of the Municipal University of Omaha will speak on the topic "What Plato Said About Music."

**Fijis, A.T.O.'s Trail in Initial Interfrat Intramural Competition.**

In the intramural ping pong tournament, the first of its kind held here at the university, Sigma Phi Epsilon trounced Zeta Beta Tau in the finals by copping all five matches to win the tourney Tuesday evening, 5-0.

The Sig Eps, Sig Ep, showed first in the form of the evening with his tricky serve and withering return, yet had some difficulty with Paul Krasne, number one man of Z. B. T.'s in the final match of the competition. Zeta Beta Tau, the runner up, had little trouble in disposing of the Fijis in the semi-finals with a 4-1 walkaway, and the Sig Eps squeezed out a 3-2 victory over the tough A. T. Os, who had a good man in Bill Davis, altho he was unable to cope with Bishop's serve. In the consolation match, Alpha Tau Omega trimmed Phi Gamma Delta 4-1.

Members of the winning Sig Ep team are Bishop, Zuspann, McCormick, Durrke, and Durfee.

**'Floating University' Shows 'Gopher-Husker' Clash Friday Night.**

By June Bierbror.  
Nebraska and Minnesota tangle once more in football, but this time the game will be all wet. Two girls' teams will meet Friday night in that battle of the century in the coliseum pool as one of the features of the floating university aboard the S S Nebraska, presented by Tanksterettes, women's swimming club.

A double bill is on tap for all sports lovers, as two men's teams from the Husker swimming squad meet in a water polo game, the other part of Act 3, which presents the athletic side of the seagoing school.

Miss Allene Good of the women's physical education department is in charge of the pageant, and has been directing the Tanksterettes in rehearsal.

**Fish Beta Kappa.**

The show recounts four years of college, with every phase of university life from registration to graduation, with classes, military drill, the military ball, and presentation of the Fish Beta Kappa key.

Diving class members will be Nebraska's varsity divers, while both Tanksterettes and Huskers will be in dramatics and history classes.

Topic of history discussion is the history of bathing suits, which should be ducky to say the least. The military ball will have its honorary colonel presentation, and the bestowing of the much sought after Fish Beta Kappa award will be one of the highlights of graduation.

the situation that make for the differences men claim."  
"The only difference between one girl and another is in her ability to fool a man," declared Lois Owens.

Suggested by the overbearing Ivy Smithers, the wife in the Kosmet show, was the question: Do women manage men if they get a chance, and would they honestly prefer to be dominated?

**What Wise Girl Does.**  
Does a woman dominate when she is able? "Certainly," Jane Barbour thinks, "but if she's clever, she'll never let him know it."  
"This depends on her personality," states Jane Walcott.  
"If she's the bossy type she will. Wise girls don't insist on their own way, tho."

"A woman likes to be dominated," Virginia Geister says. "She may try to dominate him, but she'll be disappointed if she's successful."  
And if anyone can draw a generalization from that, there's a job waiting for them as official poll-gatherer on the Daily Nebraskan.

The recognition of the Independent Students' association marks the end of a period of political disorganization for unaffiliates. Since their break with the Liberal faction, a Greek party, some time ago, the barbs have had no definite political affiliation.

**Trackmen Leave For Drake Meet This Afternoon**

**WIBBELS PAGES RED TRACKSTERS TO TRI HUE WIN**

Weight Men Shine as Soft Track Cuts Entries, Slows Dashes.  
Edsel Wibbels garnered 17 points to carry off high scoring honors and lead his Red teammates to their second successive tri-color victory yesterday. Wibbels points came from first in the discus, his specialty, and the javelin, and a second in the shot.

Wibbels won the discus with a heave of 145 feet 10 inches, which is better than any of the varsity men have done this year but still almost ten feet short of his best for the year.

Wibbels got a 170 foot, 8 inch throw to top the javelin honors. Vike Francis continued his winning ways in the shot, winning that event with a toss of 44 feet 6 inches. Wibbels did a little over 42 feet in the shot.

Moore, with victories in the mile and two mile, and Gauger, who won the high hurdles, were tied at twelve points apiece for second place in the scoring column. John Williams led the third place Green team with a victory in the 220 yard dash and a three way tie for second in the high jump for a total of ten points. William's time of .234 for the 220 was the best performance of the day.

**Slow Track.**  
All of the times were slowed up considerably by the track, which was still soft and slow from the recent rains. A light rain fell just before the start of the meet. The rains also cut down the turnout of entrants for this meet. There were no men in the broad jump.

The Red team piled up a total of 91 points to take first place. Nine tallies back was the Orange team with 82. The Green team, whose attendance was cut more than the other teams, could score only 55 points to take third. The Green team's score was further held down by the absence of Bob Betz who is out of action with an injured knee. Betz, has been a consistent winner in the 440 and 880.

100 yd. dash: Won by Wright (R); second, Paul (O); third, Ouley (O). Time .19.8.  
220 yd. dash: Won by Williams (G); second, Babendure (G); third, Pflug (G). Time .23.4.  
440 yd. run: Won by Pflug (G); second, Ouley (O); third, Warden (G). Time .54.8.  
880 yd. run: Won by Deitz (O); second, Hillman (R); third, Connor (G). Time 1:10.4.  
1 mile: Won by Moore (R); second, Pflug (O); third, Murray (G). Time 4:44.7.  
Two miles: Won by Moore (R); second, Hays (O). Time 11:34.7.  
60 yd. high hurdles: Won by Gauger (O); second, Proctor (R); third, Ouley (O). Time .38.2.  
110 yd. won by Warden (G); second, Proctor (R); third, Overstake (G). Time 1:12.3.  
High jump: Won by Gauger (O); second, Williams (G); Ouley (O); and Betz (R) tied for second. Height 5 feet 5 inches.  
Pole vault: Won by Scott (R); LEGAT (R); third, Hurwit (O). Height 11 feet 9 1/2 inches.  
Discus: Won by Wibbels (R); second, Probska (G); third, Hopp (R). Distance 143 feet 10 inches.  
Javelin: Won by Wibbels (R); second, Paul (O); third, Hopp (R). Distance 44 feet 6 inches.  
Shot: Won by Francis (O); second, Wibbels (R); third, Hopp (R). Distance 170 feet 10 inches.

**12 Cinder Artists Compete With Des Moines Squad Friday, Saturday.**

Twelve Husker cinder men will leave this afternoon for Des Moines where they will be entered in the Drake relays, being held tomorrow and Saturday, April 29 and 30. The men who are going took only light workouts last night, tapering off for the relays.

Bill Gish, conference low hurdle champion and second in the high, will not make the trip. He was left off the squad at his own request, as he feels that this trip would take too much time from his studies.

The squad going to Drake includes Harwin Dawson, Bob Simmons, Elwood Pankonin, Wilson Andrews, Al Kuper, John Brownlee, Ray Baxter, Bob Neumann, Eldon Frank, Bill Pfeiff, Charley Brock, and Bob Mills. Brock will be entered in the broad jump and may run on one of the relay teams. Dawson was second in the broad jump in the recent Kansas relays. Simmons, Pankonin, Andrews, Kuper, and Brownlee will be used in the relays exclusively as the events in which these men usually compete will not be run in this meet.

Ray Baxter, who tied for first in the high jump in the Texas relays and failed to place at Kansas when his event went over six feet seven inches, will enter the high jump at Drake. Neumann will participate in the pole vault and broad jump. Frank, Big Six high hurdle champ, will compete in the high hurdles and the javelin in which he took third at Kansas. Frank was also second in the lows in the indoor meet, but at Drake the low hurdles are over a distance of 400 meters, a distance which Frank has never run. Mills, Brock, and Pfeiff will be entered in the shot put and the discus. Mills took second in both the shot and discus in the Kansas relays.

John Brownlee, distance runner, severely bruised his right foot several nights ago, but it is in shape again so he will be able to run at Drake.

**As I See It**

Five years ago, one Hampton Pool, 220 pounds of fullback, entered California U. with Herwig, Chapman, et al. and was a very promising player. He quit Cal, though, when he secured an appointment to West Point. There he failed in a math course, and now he's enrolled at Stanford, California's arch enemy. He's up to 230 pounds, with which the Stanfordites are expecting him to go places.

Bob Mills' two second place marks at the Kansas relays, 48' 10" in the shot, and 142 feet in the discus, were the best of his career, as was Harwin Dawson's 23' 10 1/2" leap which gave him second in the broad jump.

Which facts remind us that the Huskers should be very, very strong in field events next year. Although Althey, pole vaulter, Baxter, Big Six indoor high jump champ, and Javelin-Tossers Frank, and Dohrmann will be graduated, every man is returning in the shot, discus, and broadjump events. Moreover, the frosh are stronger in the weights than they've been in many a year, with Vike Francis, Ed Wibbels, Ray Probska, Royce Kallion
