Sneak night fever became an epidemic Monday nite. . . . most spectacular stunts pulled by Alpha Chi's—what with hostages—and after-effects by actives. . . . Phi Delt's smartest—to take food from the very mouths of actives—and journey to Omaha. . . . Phi Psi's creating furor in Council Bluffs and Omaha—with Seltzer now a V-8 enthusiast. . . . Acacia's joining the trek to Omaha. . . . Pi Phi's attempt to light out, throttled by actives. . . . Theta's serenading 'stead of sneaking. . . . A O Pi's foxing actives—leading them on wild goose chase—to return to find the pledges studying. . . . Kappa Delt's losing one of their ears, but carrying on—nonetheless. . . . all Farm Houses—doing some late evening singing. . . . Chi I Pi's sneak predicted. . . . Sigma Chi's paying and paying and etc. for their fund. . . . Jim-brother of Tom-Dorsey swings out this Friday at King's page the Date bureau. . . . Sig Alpha's super fire-fighters, as shown in the Tri Delta fire last Sat when they crashed doors. . . . Chi O's pulling fake sneak—with plenty to pay for tantalizing. . . . two Alpha Phi's and a DDD, in Omaha singing for Horace Heidt and being a big hit. . . . by Golly, music at the Turnpike, Friday and Football nite—to be exact. . . . Fiji pin of Lloyd Hill on Roberta Peterson—Omaha. . . . Kappa Sig's doing big tubbing to Bob Ray. . . . paddle champs beating it out at Sub basement. . . . while SAM beats it out to a super jam session Tuesday noon. . . .

More Minny news. Our prominent innocents, Howard Kaplan and illustrious Bob Gannon had the same room at the Hotel Radisson. Bob had full intentions of making the 8:10 train Sunday morning, and left a note to be called at 7. When the call came in, Bob slept on, and Kaplan answered—"Good morning, Hotel

Raddison; 72 degrees; 7 o'clock," Kaplan thanked her and hung up. About an hour later, Bob woke up, and called for the correct time. It was 8:10, so he decided that he'd better go back to sleep.

Sally Sellers, Alpha Xi, is now wearing one of the walnut shell bracelets that were being displayed not long ago by one of the fraternity jewelers. It bears a Sigma Nu crest, from one of the boys at Fort Collins, Colo. Likewise, an Alpha Phi is displaying one of the maltise cross necklaces with an A. T. O. crest on it.

Bill "Mercury" Kline, S. A. E., is in court now as a victim of circumstances—the circumstance being that a copper was around when Bill was driving a putt-putt on the wrong side of the street, going through a stop sign, cutting corners, and what not.

The picture of Jack Dodd and Rita Alger which appeared in last Sunday's picture has been framed by Joseph Stephens at the D. U. house. It is believed that Joe is quite a football enthusiast and will probably go out for it next year.

A most unhappy circumstance has been caused by yesterday's item in the paper about the Tri Deltas, Phi Deltas, Vincent Lopez, goons, 34 pledges, etc. In the course of the day, phones rang, people were bawled out, apologies rang out, etc. And so to close the whole deal, we all apologize to everyone concerned.

Alpha Phi alumnae will meet today at 6:30 for a buffet supper with Mrs. Dick Westover. The program will consist of a convention report by Madeline Girard, who will also show movies taken of the convention at Los Angeles.

Caroline "Suzi" Harrison, Theta of last year, is coming up Friday for a visit. She has been going to school in Missouri this year. Needless to say, Dick Smiley is all smiles.

Campus Cop to Crack Down on Jay-Walkers
Student co-operation in observing the traffic signals at 14th and R, and 12th and R has been very commendable, according to Sergeant R. C. Regler, the campus cop. Sergeant Regler urges that all students stay within the pedestrian lines painted at these corners.
Walking across the street directly from the north door of the Temple to the south door of Social Science building is to be stopped, says Sergeant Regler, for it involves a serious traffic problem.
Leniency in traffic observance during the first few weeks of school is to be discontinued, and strict enforcement replace it. A full stop at all stop signs is de-

STUDENTS MUST GET PHOTO BY SATURDAY

Only about 300 University of Nebraska students called for their identification card pictures Monday, the registrar's office reported early Tuesday. With but three more days scheduled for securing these pictures before the Iowa State game this Saturday, when they will be required of all students, some 2,000 students will have to get their pictures each day, if all of them are to be delivered within the scheduled time.
The four day schedule:
Monday—Numbers 1-1,800.
Tuesday—Numbers, 1,801-3,300.
Wednesday—Numbers 3,301-100.
Thursday—Numbers, 28,401-300.

Students are urged to tell their parents that all football traffic is being directed from the Omaha highway to 16th st., where free parking space will be provided in the Russian flats.

Fireworks Add To Rally Spirit

Corn Cobs Promise Stirring Parade Friday

Second football rally of the year will begin on the steps of the Student Union building at 7 o'clock Friday evening, where the band, Corn Cobs and Tassels will form at the head of a parade and march to the east stadium to listen to speeches and voice their enthusiasm over the Iowa State game Saturday.

According to the rally committee, students turning out for this rally should have as good a time, do as much yelling, and will probably whip up as much enthusiasm as was raised last week.

"Iowa State promises to be tough, and spirit is what we're after," stated Ralph Reed, Corn Cob member of the rally committee, while Art Hill, the other pep club man on the committee admitted that "this rally promises to be a noisy affair. But that's what we want. Fireworks in the stadium will be used as last week. They were pretty popular and really put 'fire' into the yelling."

The rally will begin on the steps of the Union, will progress eastward to 16th, then north to 7th, and then turn down to the east stadium. The main rallying will be done in the stadium, from where the rally will be broken up. A police escort will lead the procession, followed by the band, behind whom will march Corn Cobs, Tassels, and students. No cars will be allowed in the parade.

Visits Sudeten.
During his tours, Professor Pfeiler visited the Czech-German Sudeten areas. Although actual disturbances had not yet occurred in this area, Pfeiler commented upon the general Sudeten-German belief that they were being mistreated. A Sudeten audience attending the filming of a German celebration at Eger, Czechoslovakia, was also markedly enthusiastic.

"From my observations, I am convinced that the Sudeten Germans are to some extent justified in their claims," Dr. Pfeiler states. "In an area which is approximately 100 percent German, the Czechs hold practically all the offices."

Dr. Pfeiler's home town, Brunswick, has increased 35 percent in population during the last five years. National socialists have built settlements around the town to accommodate this sudden growth, without resorting to increased taxation. National socialist doctrine claims creative labor as Germany's current base, not gold and silver.

When in Berlin Dr. Pfeiler visited Dr. F. Schoenemann, of the University of Berlin faculty. Schoenemann was a University of Nebraska guest instructor one year ago. Pfeiler also saw H. L. Mencken in Berlin. Mencken is a leader of American literary circles.

schedule of the program two weeks in advance this year," Don Moss president of the organization said. "Because of this advance in schedule, organizations putting on shows will have more time and, therefore, will not be rushed during last minute practices."

Judging from ideas and schemes which have already been suggested in connection with Fall Revue skits, Kosmet Klub members are predicting one of the best fall shows ever to appear on the campus. An entire new scheme for presentation of the "Sweetheart of Nebraska" has already been sug-
