

# SPORT NOTES

By Norman Harris

After Kansas' stunning victory over Manhattan's Wildcats Saturday, no one knows how to figure Nebraska's game this week-end. The Huskers tied Indiana, Kansas State beat the Hoosiers, and Kansas walloped the Cats. Yet, Kansas State beat Missouri and the Tigers beat the Huskers. There's no telling what will happen at Lawrence Saturday.

All Big Six selections will be coming up pretty soon and it looks as if we'll have to put two backfield men at every position. Quarterbacks Kischer and Christman both played brilliantly against Nebraska. Halves Hermie Rohrig, Jim Starmer, and Ralph Miller on offense, Jack Dodd on defense; Fullbacks McCullough and Hackney on offense, Callihan on defense and blocking, Wilder and Hackney all deserve mention. Best idea so far seems to select a balanced one with some blockers, one that would work on a football team instead of a quartet of runners and passers.

Ping-pongers held the spotlight Sunday afternoon in the Union recreation room, with Bob Smith downing Bud Goldstein for the championship of Class One in four games. Jules Bingham provided the color in losing his Class Two finals to young Frank Becker. Jules was robbed of one point in the fifth game when a net ball missed the table and the point was given to Becker. Nevertheless, Becker showed plenty of class and fought hard to overcome the two game lead that Bingham took.

Leona Bailey easily defeated Vanita Rottman in the girl's match to win her class championship.

Smith's ability to return Goldstein's powerhouse slams won his match for him. Time after time, he reached far back to slice those drives back onto the table. Goldstein's orthodox grip worried on-lookers. His game was a bit erratic, while Smith was more careful and concentrated on getting Bud's shots back across the net, leaving offensive tactics to wait until a sure thing happened along.

When Biggie Boldberg, Stebins, Cassiano, Chickeneo, Daddio, and the rest of Jock Sutherland's powerful crew breeze into town for their clash with the Jones Boys on November 12, they will be on the long ends of betting odds now ranging all the way from 10 to 25 to one. Some betters are taking Nebraska only after wheeling 20 to 26 points out of their prospective suckers. Pitt's strong, we all know it, but the Huskers have been known to rise to great heights against the Panthers. Remember the 0-0 ties

## Uncle "N&B" Says

Warren Atson, the "Wisner Whizzer," sure looked good in the Nebraska backfield. After two years experience at guard, "Alley" supplied the blocking power that was so badly needed in the backfield. And after only one week's previous experience in the backfield before the Missouri game too!

We all know the great part that experience plays in every field, so send your clothes to the EVAN'S, established over 50 years!

## Victoryless Huskers Start Drill for K.U.

Herrmann Replaces Iverson While Dobson, Bus Knight Move Up

GAMES THIS WEEK.

Nebraska vs. Kansas at Lawrence.  
 Kansas State vs. Oklahoma at Norman.  
 Drake vs. Iowa State at Ames.  
 Michigan State vs. Missouri at Columbia.

RESULTS LAST WEEK.

Kansas 27, Kansas State 7.  
 Missouri 13, Nebraska 10.  
 Iowa State 7, Marquette 0.  
 Oklahoma 28, Tulsa 6.

Sober faced, Biff Jones' victoryless Cornhuskers filed out of the dressing room to prepare for what everyone hopes to be the first victory of the year against Kansas university at Lawrence.

The starting lineup, with the exception of Bill Iverson, who will be out for the remainder of the season with a broken leg, remained the same, although Saturday's showing Bus Knight and Ad Dobson are due to see more action and perhaps start.

For the first time since the Minnesota game all members were in suit. George Porter, Ed Wibbels, and Bill Pfeiff seemed in shape to go next Saturday.

Bill Herrmann has taken over Iverson's place on the first team. Royal Kahler, who played such a bang-up game Saturday, took Goeftowski's place on the seconds and Max Lomax moved up to the third string.

Of the tentative starting lineup of Prochaska and Seaman at ends, Behm and Mills at tackles, Herrmann and Muskin at guards, Brock at center, and Dodd, Callihan, Hopp and Rohrig in the backfield, seven will be on hand next year, and replacements for Brock, Callihan, Dodd and Mills will be seasoned.

When the Huskers travel to Kansas last week they will be upholding a tradition of victory since 1916, when the Jayhawkers took the Nebraska squad. There have been three ties during these 21 years.

a few years back? Remember last year's close call? Maybe the Huskers will repeat, not by licking the Panthers, but by showing these smart boys that they shouldn't have given so many points.

## Alpha Chi's Win Soccer Tourney

Nebraska Ball Meet Opens Next Week

Alpha Chi Omega emerged champion of the Intramural Soccer Baseball tournament, defeating Wilson Hall 16 to 13, last Friday. The winning team won in the semi-finals from the Independents team through default, and Wilson Hall won from Phi Mu, 13 to 4.

Nebraska Ball tournament will begin after this week of practice sessions, which are being held every day at 5 o'clock in Grant Memorial. All intramural representatives are to arrange for practices at once.

The first round of the Intramural Deck Tennis Tournament must be played off by noon of Saturday, November 5. Failure to contact opponents and play the matches will result in a defaulted game for both teams, according to Dorothy Swoboda, W. A. A. sports head.

## Modern Cabbage Lacks Appeal

Corned-Beef Variety Remains U. S. Favorite

ITHACA, N. Y. (A. C. P.). Modern Americans still like their corned beef and cabbage with the odor left in.

At least that is the conclusion of Cornell University's Prof. C. H. Myers, who has developed a new type cabbage that does not give off objectionable odors when cooked. He came to his conclusion after surveying the sales reports on his new cabbage, which are surprisingly low.

The reason for the lack of popularity, he believes, is the fact that the new cabbage is not well known in the U. S.

## Riding Club Plans Fall Horse Show

To make plans for inaugurating a feature that will be the first of its kind in campus history—a Fall Horse Show—members of the Horseback Riding club and all others interested will meet tonight at 5 o'clock in Grant Memorial 101.

## Huskers Face Jayhawk Loss

N.U. Stock Hits Bottom As K.U. Trips K.-State

After reading of Ad Lindsey's Kansas Jayhawk's 27 to 7 victory over Kansas State Saturday, Husker fans are wearily talking of another loss next Saturday to the men of Mount Oread.

Scoring four times over the ground, minus the services of Ralph Miller, sophomore bright light in the K. U. backfield, the Kansans, figured earlier in the year to be one team the Cornhusker would beat with comparative ease, now stand out as tough and rough as the rest of the Big Six teams.

Not since 1896 have the Huskers lost at Mount Oread. Not since 1916 has a Kansas team beaten the Huskers here in Lincoln. Last year's game was a 13 to 13 tie, in a game which the Husker's almost dropped.

Improvement of the K. U. running attack, coupled with the passing of Bus Knight against Missouri Saturday shows promise that the tilt Saturday will be a real thriller.

The Kansas trip will be the annual migration trip for Cornhusker students, with Corn Cobs, Tassels, and hundreds of others preparing for the trip.

## U.C.L.A. Starts Bonus Movement

California Satirize New Pension Plan

Collegians have always been quick to grasp new social and political movements (in a left handed way) ever since the days of soldiers' bonus, and now come the collegiate Californians with a new youth bonus movement.

To point the finger of ridicule at the "\$30 Every Thursday" plan being promoted as a bonus for those over 50, University of California at Los Angeles students have organized a new club to give \$50 every Friday to folks under 50. Here are the more than logical campaign arguments for the new movement.

1. Younger people (0 to 50) have occasion to spend more money than older people.
2. The pension would give those waiting to become 50 something to do.
3. To give pensions to everybody is more democratic.

## BRIDGE CLASS ENROLMENT RISES

More than 100 students have registered for a course of lessons of the elements of bridge. The class will hold its initial session Thursday evening from seven o'clock to eight in parlors X and Y of the Student Union.

Under the direction of Mrs. C. A. Burnstead, the first classes will probably consist mainly of lectures, while in the following meetings participants will be allowed to do supervised playing.

Any beginning bridge player who is a student is eligible. The course being a union activity, no fee will be charged.

## No Drunks Arrested At Missouri Game

For the first time since his assignment to university duty ten years ago, Sergeant Regler, the campus cop, was able to report Saturday that no one had been arrested for drunkenness during the game. It has been reported, however, that eight pockets were picked at the Stadium Saturday afternoon.

Evangelical Students.  
 Nebraska chapter of the League of Evangelical students will meet in the Union tonight in room 201 at 7 o'clock.

## Smith Gets Top Ping-Pong Rank

Jones, Becker Win Second, Third Flights

Robert Smith swatted his way to a close 3-2 victory over Leonard Goldstein in the finals of the Student Union ping pong tournament, Sunday afternoon, to win the championship flight. Second and third flight winners were Morgan Jones and Frank Becker. Jones defeated Gordon McIntire 5-3 while Becker downed Jules Bingham, 3-0.

Three straight games over Vanita Rottman gave the women's championship to Leona Beighley. Miss Beighley and Smith will receive a subscription to this year's Cornhusker as their awards. Becker won a ticket to the Military ball while Jones receives a subscription to the Daily Nebraskan.

## M'Intyre Writes For C. U. Journal

University Scientist Decries False Fronts

Dr. A. R. McIntyre, chairman of the department of physiology and pharmacology at the medical college of the university, has written one of the leading articles in the current number of the Alumni Journal of Chicago university.

In his article, the university scientist decries the fact that our present day civilization too often expresses itself in tall buildings and shining exteriors. "Our national culture is apt to run to large buildings, highways and dams. These become symbols of progress and notch curious semantic patterns in the minds of politicians, plumbers and professors."

"Politicians," said Dr. McIntyre, "often point with pride to edifices alleged to house a university, too often fail to view with alarm the disgusting fact that the buildings sometimes hold little else than air."
