

# SOCIETY

(Society Editor's note: This letter is a composite of the type of correspondence received by this department.)

Dear Sarah Society:

For several weeks I have been wondering about certain things about certain people on the campus. Perhaps you will be able to help me answer a few of my questions.

Can you tell me, first, who the girl was with Harry Ankeny at the DU formal? She had long dark hair and was wearing a strapless formal. Is she a sorority girl?

Why did Betty Meyer stop going steady with Dick Ryan, Sigma Nu on the night of the Beta formal? Do you think it will last long? (the separation, I mean).

I've heard that ever since the Mortar Board party a certain Chi

O pledge has been without her pledge pin. Do you have any idea who she is and where her pin is?

I heard some Phi Gams talking the other day, and they were wondering what in the world Dale Ruser does every Monday and Tuesday night, and she's a blonde they think. Where do you think he could be?

At the Wednesday matinee dance I noticed a fellow in a Scotch plaid shirt who was trying a little dark corner stuff with a lovely lady. I thought she was awfully cute, and could you tell me her name and phone number? I also wish you could tell me who Esther Eilers, Kappa, is dating now.

We were driving by the Farm House the other night and there seemed to be quite a little rumpus inside. What in the world was it?

And what was the noise that created such a commotion in the Reserve room of the library Tuesday night?

Thanks a lot for the dope, and answer as soon as possible.

Yours inquisitively,  
Grant Gadabout.

Dear Mr. Gadabout:

Glad to get your questions and hope I can help you a little. Such pressing questions demand immediate attention, so here we go.

Harry Ankeny took Ardis Lyman to the DU formal, and she is not in the University yet, but in high school. She is a sister of Joan Lyman.

Betty Meyer probably has her own reasons for calling it off with Dick Ryan, and one of them might be a Beta listed in the phone-books under B. The length of the separation??—well, you can't set a deadline to love.

The pin of that Chi O pledge is on a fellow who is not affiliated,

and it would be a little cruel to divulge the pledge's name publicly. . . you know how active are. See me in my office!

Dale Ruser keeps his loves pretty quiet, I guess, but since there is more than one, he probably has to. The first name of his Mon. Tues. night date is Irene, but by no hook or crook can the rest be known—yet.

That sporty boy in the plaid jacket is named Pierson, the girl is a Sophomore and a Lincolnite, and see me personally for her name. Esther Eilers has a date to the Fiji formal with Bob Butz.

The big celebration at the Farm House the other night was a birthday party given by the boys for Kenneth Holland.

All the noise in the library was caused by a fellow's falling over backwards in his chair. He was so embarrassed he sat on the floor for several minutes, while fellow students roared, with Virginia Wheeler, DG, laughing with the loudest.

Let me know of all your greatest problems. I love this Aunt Agatha stuff.

Yours knowingly,  
Sarah Society.

### First Faculty-Student Hour Draws Crowd

Inaugurating a new social custom for university students and members of the faculty, the A. W. S. board served coffee to 250 guests yesterday afternoon in the Union. The initial "coffee" honored especially members of the English department of the university.

Purpose of the functions is to promote acquaintance and friendship between faculty members and members of the student body.

The new series of "coffees" will be held weekly, with special invitations to one department of the faculty each week. Irene Sellers, member of the A. W. S. board, was in charge of the first affair.

The A. W. S. board got their idea for the weekly coffee hour from a number of other universities which reported a very favorable reception of the plan from both students and instructors.
