

## Mingling with Marg

Who said spring . . . or shall we ignore the chill and keep eyes only to the green grass, spring clothes, and picnics . . . and big flashes from Pi Phi-Sigma Nu headquarters tell us that Marj Barnett-Toward Marshall split is no longer a split, but a reconciliation . . . and on the other hand, the Jack Bingenheimer-Virginia Geister dating affair has reached a new low, since Friday night . . . Happiness reigns now over the affair of Kappa D. o. thy Glenn and Beta Jeff Broady—and she's wearing his pin . . . the break which has been impending between Chi Omega Lenore Daly and Kappa Sig Roger Van Buskirk is now at the stage of "dating occasionally", while in the meantime she bides her spare time with a lad from Omaha, and he dates around, being seen the other night with Kappa Suzy Bradford . . . and Delta Gamma Marion Gibson waits her time by the telephone since Dick Leask has gone to Omaha, returning only for week ends . . . minds are still on picnic fever, and Saturday a mighty fine picnic was held, at which Alpha Xi Deltas Marj Manchester and Rilla Mae Nevin went with "Tommy" Dorsey and Wayne Farber, Acacia, and Fay Lambert, Chi O, was with Buddy Wanek—and steaks and lemonade were the big refreshments . . . and Sunday was another big deal at Penn's Woods, which turned out to be pretty muddy . . . in that group were Theta Jean Reed and Kappa Sig Don Moore, Kappa Sig Merrill Englund and Alpha Xi Delta Lois Owens, and Theta Edie Knight and Kappa Sig Bob Kerl . . . Sunday night was a big buffet supper at PiKA, and the boys and their dates journeyed to the Turnpike afterwards . . . saw Will Simmons with Pi Phi Mary K. Wiles; Bill Hayworth and Gene-

vieve Smith, Alpha Xi D; Carl Rapp and Jane Pratt, AOPi; and Harold Paulson and Peggy West, Gamma Phi . . . and Saturday night at the Turnpike was the rather unusual combination of Kappa Elizabeth Hedge and Beta Bob Pillsbury . . . back visiting the campus is Alpha Chi Terry York . . . the kids at the Chi O house are now kidding Betty Flory and Mary Jane MacMullin for being clock-watchers, and leaving a movie about an hour early to keep in the bounds of rules.

A thoro study of the contract which those students who accept positions with the Association must sign, features the following points: The 'dealers' or solicitor is to receive 30 percent on all sales; he must work 576 hours or 72 eight hour days during the summer; he is guaranteed \$180 for his summers work. He must send reports of each days work into the office as a weekly report before the Monday of the following week; he must take a training course sponsored by the Association before he can sell the book; and he must make a \$5.75 deposit on his sales equipment.

**Key Clause.**  
And at the bottom of the contract is the key cause which reads: "If any dealer does not comply with any or all of the above terms the first party (the association) is freed from any obligations to make any payment whatsoever to the dealer other than profits on sales actually made."

In other words, the infraction of any of the above stipulated duties and many smaller points presented in the contract gives the association the power to declare the entire contract void. Any person working as a solicitor must be entirely thoro and accurate in his duties, or the association can legally refuse to carry out their part of the contract on grounds that the solicitor violated agreements.

**Most students are minors.**

Therefore, any student who becomes dissatisfied with his work can break the contract but he will lose the money spent for his training in Iowa City and the \$5.75 deposit on sales equipment.
