

Bob Elliott joins cast of Alias Aladdin

Joe Stephens steps out of romantic juvenile role in Kosmet musical

The withdrawal of Joe Stephens from the roster of "Alias Aladdin" has placed Bob Elliott, Cornhusker basketball star, in the cast as Bob Horton, American sales manager and Romeo to his boss's daughter.

With the first night performance only 17 days away, the sales drive is gaining momentum. Advance sale tickets, now being distributed by the Klub workers, will be put on reserve in the Temple box offices the first day following spring vacation, says Bob Gannon, business manager. Those desiring choice seats should make purchases with Klub salesmen sometime this week.

Song writers wishing to compete in the ten dollar best song contest must submit contributions before April 3. Though lyrics will be appreciated, contestants will be judged solely on the quality of the ballad submitted. "Tunes should be of the type that might easily be adapted to the Ritz brothers or the Yacht Club boys," Bob Edelstein, song director, explained, adding that additional information might be obtained from him or from anyone in the Kosmet Klub office.

Sigma Xi

tical box in which the air is uniformly saturated with oil droplets, is actuated by the incoming rays. At the same time a highly sensitive camera takes pictures of the path of the minute oil particles.

With this apparatus Dr. Anderson disproved the theory that all electrons moved in the same curved electron path. His experiment proved conclusively that some particles, with a life span of not more than one billionth of a second moved in the opposite direction, which led to the discovery of the "positron."

Not generally accepted.

The theory of the positron at that time was not generally accepted until Anderson constructed equipment which measured charged particles energy up to a thousand million electron volts. After exhaustive study and research with this supersensitive apparatus he proved beyond a doubt the existence of the oppositely charged electron or positron.

Presiding at the meeting which will be held at 8:15 o'clock in the basement of Morrill will be Dr. Emma Anderson, of the botany department. In charge of arrangements for this meeting is Dr. M. A. Basoco, secretary. The meeting is open to all students and there is no charge.

Roundup

will discuss what he terms "A Better Break for Engineers." H. D. Sanborn of Chicago, who is connected with the General Electric commercial service department, will discuss "Trends in Engineering—Electrical" before a group of electrical engineers.

Tilley opens meeting.

Following the registration on Saturday morning, W. H. Mengel, the board's planning engineer and A. C. Tilley, chairman of the state planning board will deliver the opening address when they speak on "State Planning."

After the morning session each of the three groups, civil, mechanical and electrical engineers will hold separate luncheons.

Engineering students who attend the all day roundup will not be charged the regular registration fee.

Choir

most beautiful cathedrals. The group will sing three numbers:

How Fair is Thy Face, by Grieg.

Misericordias Domini, by Durante, a song for a double choir.

Now Sinks the Golden Sun to Rest, by Parker.

The choir expects to leave June 6 for New York. Several engagements in and outside of New York which are still pending may change the date.

Grad job chances better at Cornell

Placement head says prospect best in 5 years

ITHICA, N. Y. (IP). With many employers already making inquiries, employment prospects for June graduates are brighter than they were last year, according to Herbert H. Williams, director of the placement bureau at Cornell university.

Commenting on the prospects for graduates, Director Williams stated that the number of jobs available in December, 1938, was the highest since January, 1937.

"Not only are inquiries for employes early this year," said Mr. Williams, "but the type of jobs available are of a wider variety than at any time during the past five years." He predicts better opportunities for graduates this June than were available a year ago.

Two present recital in Temple Sunday

Appearing in a student recital Sunday at 3:30 in the Temple theater will be Marylouise Baker, 'cellist, and Marian Percy, pianist.

Miss Baker, student of Bettie Zabriskie, will be accompanied by her sister, Margaret Baker, Miss Percy, a student with Herbert Schmidt, will be heard in a series of Chopin selections.

The program:
Locatelli, Sonata in D major; Allegro.
Adagio, Minuetto.
Chopin, Impromptu, Op. 29, No. 1.
Chopin, Nocturne, Op. 15, No. 2.
Chopin, Etude, Op. 25, No. 5.
Beethoven, Sonata in G minor; Adagio Sostenuto Allegro molto, Dondo; Allegro.

Copenhaver to show ag club recreation devices

Ralph Copenhaver of the Lincoln recreational board will display his recreational equipment and explain the use of each of the devices tonight at a meeting of the game and leadership club on ag campus. The equipment will be on display in room 303 of ag hall from 7 to 8 o'clock.

Omaha U society issues invitation

Chem honorary opens banquet to N. U. men

Gamma Pi Sigma, honorary chemical fraternity of Omaha Municipal university has extended an invitation to chemistry students to attend its annual banquet Wednesday, April 5, in the university auditorium at a joint meeting with Omaha section of the American Chemical society.

Dr. J. Mathews, professor of chemistry, Wisconsin university, is to present an illustrated lecture on scientific criminal identification. Slides and actual examples of criminal cases will be used. A short talent program will follow.

Reservations must be made by noon, Tuesday, April 4, for the banquet. Those who wish, may attend only the lecture at 8 o'clock.

Church league program time changed to 8

The time for the Grace-St. Paul Epworth league and University Sunday school party tonight has been changed from 6:15 to 8 o'clock due to the weather which has caused a change in the original plans for a picnic.

The party will be held at St. Paul's church. Ellis Dann, Delbert Christenson and Helen Eighmy from St. Paul, and Lucille Soderholm and Irene Kindig for Grace are making the arrangements. Refreshments will be served and the admission will be 15 cents.

NU grad heads women's chamber of commerce

Miss Alice Von Bergen, graduate of the university and member of Phi Beta Kappa, was named chairman of the woman's division of the chamber of commerce, President McCulla of the chamber announced yesterday.

"Gadabout" CLOTHES

—for your spring vacation and for campus dashing about!

Coats
