Engineers open displays tonight

Over 700 students in college's seven schools cooperate in preparing gigantic demonstration

More than 700 engineering students are now working at fever pitch putting the finishing touches on their 27th annual open house spectacle to be staged tonight from 7:30 to 10:30.

All but the last few details have been attended to, and the show promises to be the most interesting and largest from the standpoint of exhibits that the college has ever put on.

With seven departments co-operating in preparing the show the visitor will be able to visualize the type of work done by students and graduates from all branches of the engineering college.

Visitors to test strength.

Focus point of the show will probably center around the display to be put on by the electrical engineering students. Here visitors will be allowed to test their strength on a strengthometer and their personality on a personality meter. These two instruments were developed by the students for the show. An exhibit featuring inverted speech and another display

Law is a fine thing—if it's not again' you, decided nine unhappy would-be lawyers as they fumed out an unpleasant Tuesday night in a 6 by 9 cell at police headquarters. And all because they took undue interest in the engineers exhibit at 12th and R!

Perhaps the beauty of the spring night, or perhaps the advent of the annual engineer-lawyer campus feud stirring the bat-

Opening the ceremonies at 9 o'clock with the interfraternity sing, Greeks will vie for the vocal honors which have been held for the past two years by the Betas. Singing will be judged by Mr. Martin Bush of Omaha U., Mrs. Kathleen Miller of Council Bluffs, and Mr. Rupert Goodbrod of Midland college. NU Union celebrates first birthday

Violinist Rubinoff plays tonight for building's anniversary program

The Student Union building is one year old today.

Long the dream of campus leaders and university officials, it was just a year ago that it was officially opened thru the efforts of everyone connected with the school from the chancellor to the individual student.

This evening, in celebration of the first birthday of its building, the union is sponsoring the appearance of Rubinoff, master violinist.

According to Kenneth Van Sant, director, the building has had a very satisfactory year. "It has been less of a financial burden than most unions" he said, but continued, "From the human side of the Union, however, we are far from accomplishing the real purpose of the endeavor. That purpose is to give each and every student

Ball reveals coeds picked by Carroll

Annual presents eight instead of usual six; KFOR airs ceremony

The campus got its first view of the 1939 Cornhusker Beauty Queens last night at 10:15 as the lights in the Union ballroom suddenly blacked out and the eight Carroll-picked beauties walked to the stage one by one, escorted by a glaring spotlight.

Earl Carroll, famed connoisseur of pulchritude, was unable to limit his selections to the customary six because of the array of beauty. From his Theater-Restaurant in Hollywood, he named the following eight coeds who will have full husker as Nebraska Beauty Queens:
