

Mingling With Marg

An all too short year draws to its final days...and the scene shows a strange lack of candy-passings and cigar treats, as Chi Omega Edie Houston and Kappa Sig Gordon Haney were the only ones who gave sweets last night, and a Sunday candy-passing was held at the Theta Senior breakfast when Jean Cook and Delt Bob Eby (who is out of school) passed the candy...a new pin-hanging comes to light as we find that Sigma Nu Bill Ainley has given his white star to Phyllis Ivers...a check list of summer vacation plans finds a trip to Europe in store for Phi's Phil Grant and John Kerl, and DG Joan Beltzer, and her Kappa Sig brother, Jim...

New officers of Sigma Eta Chi, national Congregational sorority, include Florence Miller, president;

Lorraine Sharrick, vice president; Margaret Adams, recording secretary; Lorraine Schwedhelm, corresponding secretary; Frances Ramey, treasurer.

Last night at Carrie Bell Raymond hall a party was given for Miss Clementine Newman, social director, in honor of her approaching marriage. Madge Garnett and Evelyn Elias chipped in with household hint books and such. Two vocal solos were sung by Jean Fisher. Miss Newman was presented with a sterling silver steak set and a set of copper candlesticks.

As we write this last column of the year, we'd like to get briefly sentimental about the whole thing. If you've been the victims of this vicious publicity, just remember that it has not been intentionally

harmful, and the purpose of the column has been to keep you posted on campus news thru our eyes from day to day, and not strictly as a scandal column. Every day this adage has come to me,

"Little girl, be careful of your words,

For words are made of syllables, And syllables, child, are made of air.

The wind is frisky: You be careful."

It's probably an impractical poem for an old gossip, but if the wind has got frisky with my words, then excuse them, and thanks for bearing thru it.

The Arkansas legislature has passed a law requiring all of the state's higher educational institutions to teach nature study and conservation.

That Graduation Gift

The Graduation Gift is somewhat of a problem. But let us help. A gift from this store carries with it the assurance of something worth while.

The Chesterfield glove, created by New York's
smart designer Merry Hull...

Original and different too is Chesterfield's
way of combining the world's best tobaccos to bring
out the finer qualities of each. It's the Chesterfield way
and that's why Chesterfields are milder than other
cigarettes. They also have a better taste and more
pleasing aroma. Chesterfields really satisfy.
