# Shaglands

Will rule the campus  
roosts this fall

Will your back-to-school budget stand just  
one suit this fall?  
OK—here's a tip. And you'll thank us for it:

Get Yourself a Shagland!

Armed with Shagland, you can invade the campus this fall and be sure you're RIGHT! Because Shagland is the one suit that is a "must" for college men from the University of Maine to the University of Miami (Florida). Here, truly, is the suit that will rule the campus roosts this year . . . that will be as important as a good semester thesis in Economics or a crib sheet in Chemistry. We're prepared for the rush on "roughs" that we know will come—with Shaglands that begin in price at

\$35
