

Winter chills force style changes

Coeds, beaux pass leisure time indoors

By Letha Pettit.
 "Sloppy Joes" and "fuzzies" in sweaters buttoning up as the weather gets colder. Ole man winter is calling for those knee-high wooly socks that make our ankles look big... But anything for style.
 And way up high in style was the Cornhusker brunch. Everything from fruit to doughnuts, chocolate at that. Phil Grant, Phi Gam prexie, and Betty Bachman best dressed girl, were thoroly enjoying their scrambled eggs. Don't tell anyone, but Roger Cunningham, Farm House president, had a terrific time with his ice cream. We can't figure out why Delt, Dick Boyer was with Tri Delt Mary Rokahr... Isn't she going steady with his fraternity brother, Harold Kirsch?... But they seemed to be having a good time... Also at the same table, KD president, Dot Swoboda with Kermit Hammar... Nan Talbot, DG with DU Clayton Ankeny.
 Sunday evening proved to be just as exciting as Sunday noon—especially at the ATO-Theta picnic... And so early in the season too... Let's call it a "steak fry" just for a change... Among those present... Betty Jane Dutch and Johnnie Mason... Bob Sandberg and Virginia Stoddart... Pris Chain and Bucky Prime again.
 Pines come and go, but so do hour dances. Houghton Furr, Beta, recently hung his pin on Marian Jones, Theta pledge.
 Candy and cigars... Carroll Gary and Edith Filley started things rolling at Farm House...

Ditto Herb Hillman at the Phi Gam house, and Ebie Isaacson, Tri Delt also Betty Roach Phi Phi and SAE, Bob Hemphill.
 Phi Mu Frannie Vaughn is trying her best to break off with a Phi Psi 'cause of a Phi Delt love in Scottsbluff... but she's still keeping company with Ernie May Sig Ep... Hope everything turns out all right.

Another expectation.
 The AOPi's expected candy from Helen Eversman and Johnnie Thornburg, Phi Gam, but she claims she lost his pin. That's a likely excuse for holding up the treats.

A cute red-headed girl was coking with Wayne Matchullat in the Corn Crib... thought Harriet Bowman had a monopoly on him. Yes?
 And talking of long dates... can you beat this one? Delta Gamma beauty queen, Pat Reitz and ATO Innocent, Roy Proffitt, breakfasted from 11 a. m. to 6 p. m.... Dow Wilson just can't see anyone but the Thetas can he? It is Betty Hillyer now, or is he seeing Flossie Moll too... Dark haired Ann Thomas is bidding her time between Sig Alph's Tom Uren and Warren Romans...

 lies "nobody wants to go to war. They all want Hitler licked but they want England and France to do the licking."
Advocates counter propaganda
 Lancaster believes the United States must produce its own propaganda—propaganda that would counteract that of European governments. "We've got to learn what this thing's all about," he adds.
 Will Germany and Russia continue working together? What's

Italy going to do? These questions are too big, even for guesswork, he protests. "I don't trust any of them," he says dryly. They all double-cross each other. Italy is trying hard to keep out."
 All this "inevitable" talk he believes is very dangerous. Referring to those who remark that our entry into the war is only a matter of time, he comments, "If we say we're going to get into it, we're going to get into it. There's no doubt of that."
